### LARGE VOTE CAST AT PRIMARY

**Smith, Richardson, Andrews, Winslow, Lowell and Proctor are nominated for City Delegates**

To the great surprise of persons supposed to be familiar with political conditions in this city, there was an exceedingly large vote cast at the primary election on Tuesday for delegates to the constitutional convention. The vote of 3142 either indicates a deeper public interest in the convention, or proves the fact that with many candidates in the field, a wider interest is taken on personal grounds alone.

The greatest interest centered of course in the local candidates, where six were to be nominated from a field of ten. Hon. George S. Smith of Newton Centre led the ticket with 1577, Mr. J. P. Richardson was second with 1197, Mr. Charles A. Andrews third with 1086, Dr. Winslow next with 931, Mr. James A. Lowell pressing close behind with 925, and Mr. Thomas W. Proctor the last with 862. Those who fell behind were Mr. C. S. Ensign with 680, Mr. C. W. Bond 506, Prof. J. M. Barker 417, and Mr. W. G. Thompson 285.

In the Congressional district, ex-Congressman Samuel L. Powers easily led with a total of 2189, Prof. Anderson of Newton Centre was also favorably endorsed by his fellow citizens with a vote of 1650, while Mr. Charles S. Bird, Jr., who was evidently taken for his distinguished father, was third with 1312, and Hon. Robert Luce was fourth with 1280. Mr. Henry S. Denison was fifth with 1109.

For delegates at large, the highest vote was polled by Chas. F. Adams, the head of the ticket, with Hon. John L. Bates, Samuel J. Elder, President A. Lawrence Lowell, Hon. Edwin U. Curtis, Louis A. Coolidge, Chas. F. Choate, Jr., Hon. Nathan Matthews, John W. Cummings, Hon. Chas. H. Apsey, Wm. H. Brooks, Hon. Geo. H. Doty, Hon. Chas. J. Barton, Hon. Geo. W. Anderson, Hon. Josiah Quincy, Moorfield Storey, Wm. R. Evans, Jr., and Frank E. Dunbar following in order and being all who polled over 1000 votes.

Figures from all the Congressional districts with the exception of the town

of Millis give the following results. Bird 6649, Powers 6528, Luce 5664, Anderson 5204, Dennison 5134, Frisch 4022, Daley 3711, Green 3303, Francis 2695, Crocker 2635, Brook 2424, Hartshorne 964.

The following vote was cast for the 52 candidates for delegates at large and for delegates from the 13th Congressional district

### EXCELLENT SPEECHES AT PATRIOTIC MEETING

**Largest Audience ever gathered in Newton Hears Senator Weeks, Mayor Childs, Hon. J. A. Keliher and Rev. E. T. Sullivan**

At the greatest meeting ever held in this city last week Thursday evening at the State Armory in West Newton the utmost enthusiasm was manifested at the patriotic speeches made by Senator John W. Weeks, Mayor Childs, Ex-Congressman John A. Keliher, Rev. Edward T. Sullivan, and others. We gave a brief account of that meeting last week but were compelled to leave the remarks of the principal speakers until this week.

Mayor Childs said, I am very glad to see so many of our citizens here to night and I want to thank the public spirited men of this city who made this meeting possible, nor would I forget at this time the scores of men and women, yes even boys and girls who at some personal sacrifice are making their contributions to protect the life and property of City, State and Nation. We have come together from all sections of our city, from all the different walks of life and we come as fellow citizens with one purpose, determined to stand together in peace we hope, but in war if we must. We renew tonight our allegiance to the President of the United States, to our country and to our flag, that flag which is the emblem of freedom and symbol of union. It is more than a bit of red and white and blue, it is the visible emblem of a thousand things we revere and love and ten thousand things for which we hope. It means that men may come from any country to these shores and by fulfilling certain conditions can claim its protection, not as Republicans, Democrats or Protestants, Catholics or Jews, not as rich men or poor men, as wise men or ignorant but as Americans and brothers, sharing the same responsibilities in the greatest government on earth. My friends these are not the days for patriotic utterances, this is the time for sober thinking, particularly on the part of young men. The call has been sounded for definite service, the call for protection and that call comes to each one of us tonight. I am not an alarmist—a true American loves peace, he hates war but he is ready to fight if he is called upon. He does not love conquest, he does not fight for greed of gold or to attain glory. The true American fights to preserve peace and that his children may have peace and liberty. We all aspire to the quotation, "The law of love will reign supreme." Yet you cannot govern the onrush of a mighty river by love, you use a dam. You cannot tunnel great mountains by chanting the beatitudes, those who fight to preserve this union do not do it by waving handkerchiefs in the market place, although many would like to do it. I am the last man in this audience to return evil for evil. I stand all kinds of personal abuse and keep my temper smooth. If I knew a thug was going to break into my house and harm a little fellow that lies sleeping down there I would not stand at the head of my front stairs and recite the thirty-third psalm. I would get a gun and ask God Almighty to give me strength.

This my friends is a time for defense and I believe the young men of this city and the old men as well, can be relied upon to pay their full debt as citizens in war or in peace. During one of the darkest periods of the Civil War a meeting was held at Newton Centre. At that meeting was a young man just about to enter college, his name was Charles Ward. He rose and addressed that meeting and told the audience that if his country needed his service he was willing to make the sacrifice. That's the right attitude. Charles Ward fell at Gettysburg, his body lies mouldering in the ground but his soul is marching on. That's the spirit of young America and the spirit of the young men of this city today, I believe, and the spirit which is going to give us a home guard and is going to lead each one of us to render any service we may be called upon to render. I welcome you all to this meeting tonight, we are glad to welcome the distinguished speakers, men who have rendered services to the State. I want to thank the boy scouts for their contribution. Last of all I want to thank the members of the Grand Army for the inspiration of their presence. I never pass the old

boys of '61 without saying, men you have come down to us from a former generation, you have inspired us from boyhood and we thank you. We have watched the wrinkles come and we call you the old soldiers and yet fifty or sixty years ago you were only boys. Out of 2,278,000 in the Civil War 225,000 were twenty-one and under and 1,150,000 were eighteen and under. The Revolutionary war was fought by old men but the Civil war was fought by boys. You were boys when you marched with Sheridan to the sea, you were boys when you kept the stars in the flag, as young men you solved problems national and international and similar problems we come to must be solved, will be solved but how? By young men and old men standing shoulder to shoulder as men did fifty years ago."

Hon. John A. Keliher said, this meeting was called to arouse patriotism. I am frankly convinced it is one of the most inspiring gatherings I have faced in all my career and every man, woman and child who lives within this city should take additional pride in being a resident of this city.

There is a nation of people who have the idea that the people of the United States are not ready to support the President of the United States. They think that we are a divided people. If representatives of the Kaiser could look down on this Army tonight and see the people in this Army I question if the Kaiser or his people would make the wrong step they have already made. They believe we are people associated with one idea—we are wealth worshippers, we accumulate wealth and our minds are not patriotic. They are mistaken, we have forces, but they think we cannot command them. They thought the same of France. We want action and we want it quickly this is not the time to sit by the fire-side. The die is cast the show down is here and he who is not with our President is against him, and he who is against our president is against our nation. This is not the time for shirkers, these are peculiar days and

### SPLENDID GIFT TO CITY

**West Newton Residents Donate \$60,000 of Land and Buildings for City Hall Purposes.**

West Newton residents showed evidence of the broadest kind of public spirit at the meeting of the aldermen on Monday evening, when their offer to donate free and clear to the city, a gift of land and buildings assessed for substantially \$60,000. The offer was contained in a document signed by Hon. Charles E. Hatfield, and Messrs. George J. Barker and John S. Alley, and includes the church property formerly occupied by the Second Church on Washington street, the tenement houses and land immediately behind the City Hall on Cherry street and a strip of land in the rear of the church and police station, and approximately 27,600 feet of land. This gift added to the City Hall and Police headquarters will give the city about 400 feet frontage on Washington street and 220 feet deep. It is needless to say that this most generous offer was immediately accepted and the board expressed its appreciation of the action of West Newton citizens. The only condition imposed is to the effect that if the city abandons this property for use as a City Hall within 30 years, the land shall revert to the trustees.

President Early was in the chair and Alderman Goodwin was the sole absentee. No one appeared at a gasoline hearing of E. E. Wiley of Newton Centre and Mr. Bonelli was the only speaker in favor of laying out of Bonad, Colbert and Howland roads under the betterment act.

Considerable opposition developed to the petition of Edw. B. McKimney for a public garage, corner of Washington and Thornton streets, led by former Councilman Herbert F. Bent, and at which James Aucoin, George Mitchell, Richard Leonard and Mrs. Ellen M. Kelly were represented. Mr. McKimney was represented by Mr. R. Driscoll.

Mayor Childs sent in requests for \$1,000 additional for special police work and to settle claim of Thomas Leary for \$700, both of which were granted.

Street Commissioner Stuart submitted a list of streets for sprinkling the present year and the appropriate order was passed.

Mayor Childs approved the request of the Board of Health that \$2,666.67 be added to the budget for garbage contract, and the Finance committee will pass on this important matter.

James W. French, T. W. Travis and Phillips Byfield were granted auctioneer licenses and numerous permits issued to occupy private garages.

Petitions of Street Commissioner Stuart to store city dynamite at the Auburndale avenue yard, of T. D. Sullivan & Son, Walter I. Mulgoin, Hurley Bros. and T. Stuart Sons Co. were granted under direction of the Chief of Fire Department and to be stored in the city magazine. Petition of the Telephone Company for attachments on Beacon street was also granted.

A hearing was granted on May 7 on a petition of the Newtonville & Watertown Street Railway Company for a turnout and relocation of track on Watertown street at Crafts street.

Other petitions were received for a Telephone conduit in Russell court, for sewer in Ricker terrace, for laying out of Carver road, for sewer in Boylston street, for sewer in South street, and for renewal of hundreds of applications for licenses expiring on April 30th. Mr. C. A. Chadwick also asked for petition to the Interstate Commerce Commission relative

to proposed increase in freight rates on coal.

On recommendation of committees, leave to withdraw was granted on petitions of Peter Jones for a junk license and Larcom Avery for a private garage on Chester street, licenses were granted to A. J. Doyle, Linwood avenue for private garage, to J. E. Gibson, rear Bridge street for multiple garage, to J. T. Haffey for an auto truck, and to M. S. Perlmutter as an auctioneer. The Telephone Company was authorized to enlarge its conduit in Elmwood street, and hearings on April 16 were ordered on laying out of Cross road and Brewster road under the betterment act and taking land for sewer in Old Colony road. The board also decided it was inexpedient to use voting machines at the Constitutional primary and election. \$1,000 was authorized for partial settlement of workmen's compensation claim of the estate of Pasquale Antoinelli, and \$714 was granted Mrs. William E. Young, under recent legislative authority.

Dr. C. Arthur Boutelle was unanimously confirmed as Inspector of Animals.

When the matter of accepting recent legislative acts authorizing retirement of members of the police and fire departments was taken up, Alderman Hollis, who imposed a charter objection at the last meeting, stated that his attitude had been misunderstood. He was not opposed to accepting the acts but questioned if the present was the proper time. He thought it beneath the dignity of the city to arbitrarily retire a few men, now, when the chances were that the board would within a few weeks increase the salaries of men in these departments. He believed that the men who would be thus retired ought to have the benefit of this proposed increase, which would date from January 1. He stated that Lieut. Harrison had served the city for 39 years, Lieut. Soule, for 29 years, Sergt. Clay for 31 years, Officer Fuller for 32 years, and Officer Moulton for 35 years, and he thought they deserved a little gratitude. Alderman Cobb stated that he thoroughly agreed with Alderman Hollis. Alderman Winslow said that if men accept the office and render the service that it is a fair assumption that they are adequately paid. He saw no ingratitude in refusing to jack up salaries just before retiring from office. It was bad practice except under the most unusual conditions and he believed that all pensions should be based on the salary actually paid and not on what would be the salary in the future.

## EDITORIAL

West Newton residents, under the  
efficient leadership of the Mens Club  
of that village, have shown a splendid  
public spirit in the gift of land and  
buildings to the city valued at over  
\$50,000. This gift will put an effectual  
stop to all talk regarding a new  
City Hall on any other site than its  
present location, and is, perhaps the  
best solution of what promised to be  
a most troublesome question.

The generosity of West Newton is  
particularly appreciated, when there  
are so many pressing demands for  
money for all kinds of worthy ob-  
jects and gives some indication of  
the interest taken by our citizens in  
our municipal affairs.

A request for nearly \$3000 additional  
to the budget item of \$13,000 for  
the collection of garbage in this city,  
seems to contradict the opinion of  
the aldermanic committee that \$8000  
ought to be sufficient to do the work.

Every man with good red blood in  
his veins cannot help praising Sena-  
tor Henry Cabot Lodge for his prompt  
business like way of defending his  
honor. More power to his good right  
arm.

President Wilson has set the United  
States right before the eyes of the  
world in his splendid address of Tues-  
day. We are all Americans, now and  
always.

Congratulations to Mrs. Sweatt,  
the winner of the Newton Graphic  
automobile contest. It was a close  
fight from start to finish.

Display your flag.

Good Friday.

## WEST NEWTON MUSIC CLUB

The members of the West Newton

panist; and trio selections by Miss  
Florence Hale, Miss Marie Kaula  
Stone, Miss M. Edith Blake, with ac-  
companiments by Miss Margaret S.  
Wilder and Mrs. John Glover.

There was a large and appreciative  
audience.

The program was given under the  
direction of Mrs. John Glover and  
Miss Margaret Wilder.

unanimously elected captain of the  
Newton High School hockey team for  
1918 at a meeting Friday afternoon  
of the letter athletes. He has been a  
member of the seven for two years.

Letters were awarded to the follow-  
ing: Capt. Alphonse LaCroix, Manager  
G. N. Forbush, Henry Garrity, Roger  
Buntin, Austin C. Eaton, Leo Hughes,  
Davidson, Stonemetz and George  
Owen. Edward C. Hine of Auburndale  
was chosen manager of the 1918  
seven.

The athletic committee has granted  
track letters to the following: Capt.  
Henry Garrity, G. Mooney, Charles  
Hayes, Bowen, Merrill Nutting,  
George Brickhouse, Duval and Gerald  
Henderson. Clarence Hyatt was  
elected manager for the 1918 track  
team.

## PUBLIC SAFETY WORK

The principal ambition of the New-  
ton Committee on Public Safety, that of  
bringing Company C up to its full war  
strength has been realized. With the  
nation now practically in a state of  
war many recruits offered their  
services with the result that should  
Newton's local company be called  
for service, Capt. Henry D. Cornwells  
will have 150 men and many more to  
fill any possible vacancies.

In the matter of reaching its full  
war strength, Newton can justly be  
proud, as it is one of the three com-  
panies in the entire state which has  
reached this goal. The Public Safety  
Committee is now at work seeing that  
the men will be all properly equipped  
for the call for service be sounded.

At the usual Monday evening drill,  
Sergeant Walter G. Barrows was elected  
first lieutenant in place of Lieut. John  
P. Tierney, who received an honorable  
discharge several weeks ago, and Ed-  
ward Edmunds, Jr., was elected sec-  
ond lieutenant in place of Lieut. Kirk  
B. Everson, who has joined the regu-  
lar army, stationed at Fort Levens-  
worth.

Leo Taffe was appointed first ser-  
geant, Franklin L. Randall was made  
mess sergeant and John A. MacClellan  
was appointed duty sergeant. Each  
member of the company was sub-  
jected to a thorough examination of  
his drill following the election, the  
work being done by Newton dentists  
who offered their services and work  
free of charge. Each man was given  
an appointment for any possible work,  
and this will be done at once so that  
if the company are ordered out the  
men will be in proper shape.

The following Newton men were ad-  
mitted to the company the past week:  
Morrill H. Mixer, Upper Falls;  
James F. Buckley, Newton; Albert H.  
Randall, Newtonville; Charles A.

If the enthusiasm displayed at the  
organization of the Newton Home  
Guard can be taken as a criterion, this  
city will be amply protected against  
any uprising or disorder. At the  
meeting Tuesday evening in the State  
Armory at West Newton more than  
500 men interested in this branch of  
the service were present and already  
various groups have entered into the  
spirit of the work with a great deal  
of enthusiasm.

Capt. John C. DeMille of Newton  
Centre is in charge of organizing the  
various bodies. Each section of New-  
ton had a good representation at the  
meeting and it was the general opin-  
ion that for the time being each sec-  
tion would be represented by a squad.  
Newton Centre had, by far, the largest  
number of recruits and more than 100  
of them began drilling bright and  
early Wednesday morning in Bray  
Hall.

Waban likewise made a good show-  
ing and will drill its company which  
now numbers nearly 75 in Bessey Hall  
for the present. Leaders in other sec-  
tions of the city are now busy making  
plans for their first drill and getting  
every possible man interested. The  
Public Safety Committee will furnish  
drill masters where needed, although  
in a few of the sections the companies  
themselves have chosen their director.

Within a few days the committee  
will secure 50 men from the various  
companies and organize and equip a  
company, which, if the Newton com-  
pany is called into service, will act in  
exactly the same capacity. The com-  
mittee now owns complete equipment  
to cover all emergencies.

The Newton Committee on Public  
Safety has issued an appeal to every  
resident of the city to display Old  
Flag every day from their homes and  
places of business.

The various companies of the Home  
Guard will drill in the following  
places for the present: Newton Upper  
Falls, Arthur D. Colby, director, and  
Newton Highlands, J. Weston Allen,  
director, will drill in Lincoln Hall on  
Saturday evening; Newton group will  
hold its session in the Newton Y. M.  
C. A. on Friday evening, under the di-  
rection of F. Bridges; Auburndale  
squad will drill in the Centenary  
Methodist Church Parish House on  
Saturday evening; Newton Centre  
company drills daily in Bray Hall.  
Capt. DeMille, director; West Newton  
Company will drill Tuesday and Sat-  
urday nights in the Armory; D. B.  
Burnett, director; Newtonville com-  
pany will gather in the Armory on  
Wednesday evenings under the di-  
rection of William N. Dudley, and Waban  
squad will gather for its first drill at  
6:30 o'clock on Monday morning, H.  
B. Lane, director.

## RED CROSS BRANCH

Newton members of the American  
Red Cross met at the Classical High  
School hall, on Monday evening for  
the purpose of forming a local  
branch. The following officers were  
elected: Charles E. Kelsey, Newton  
Centre, president; Mrs. Harry D.  
Priest, Auburndale, secretary; Geo.  
R. Pulsifer, Newtonville, treasurer;  
Mrs. Samuel L. Powers, Newton;  
James L. Richards, Newtonville; Mrs.  
William Lloyd Garrison, West New-  
ton; H. B. Day, West Newton; Mrs.  
Arthur C. Farley, Auburndale; Mrs.  
George M. Angier, Waban; Miss Ethel  
Sablin, Upper Falls; Mrs. L. H. Mar-  
shall, Newton Highlands; Mrs. Ber-  
nard Early, Lower Falls; Mrs. Wal-  
dron H. Rand, Jr., Newton Centre,  
executive committee.

Following the business of the meet-  
ing the gathering was addressed by  
Mrs. C. C. Ely, director of the Metro-  
politan Chapter.

## MRS. SWEATT WINS

Newton Graphic Automobile in a very  
Close Finish

The NEWTON GRAPHIC automo-  
bile contest came to a close at nine  
o'clock Tuesday night, April 3rd.  
Shortly after that hour the judges be-  
gan to go over the vote and verify the  
figures submitted. After carefully  
canvassing the vote totals submitted  
and finding the totals extremely close  
final decision was deferred until Wed-  
nesday evening to allow a re-checking  
of all business brought in during the  
contest.

The finding of the judges is given  
today and shows just how close the  
race was and how much care was nec-  
essary by those in charge to arrive at  
the correct conclusion.

As was forecasted the last vote was  
large but the totals coming in big  
figures made the additions easier.

The judges of the contest, Mr. Hor-  
ace W. Orr, president of the Newton  
Board of Trade, Alderman Charles N.  
Fitts of Newton, and Mr. Chas. H.  
Clark, treasurer of the Newton Sav-  
ings Bank, have given the numerous  
details of the contest the most care-  
ful consideration and have awarded  
the various prizes as follows:

First Prize, Ford Touring Car, to  
Mrs. May Sweatt with a total of 1-  
374,900 votes.

Second Prize, \$100 Canoe, to Mr.  
Harry A. Hunt, with 1,364,450 votes.

District Prize of \$50, to Mr. George  
S. Haynes with 779,050 votes.

The two leading candidates made a  
battle royal and the one with the most  
votes wins the Ford Touring Car.  
The winner is to be congratulated.  
To win by so large a vote shows some  
effort and proves that many friends  
were keenly interested in the result.

The winner of the second award de-  
serves special mention for the large  
total acquired and which lost the first  
prize by a very scant margin. The  
GRAPHIC regrets that two machines  
could not be given.

The winner of the third prize made  
a very creditable showing.

The NEWTON GRAPHIC congrat-  
ulates the winners and thanks all who  
in any way contributed to the success  
of the venture.

## THE TOTAL VOTE

Mrs. May Sweatt ..... 1,374,900

## CARD OF THANKS

To the many friends who have so  
generously contributed to my success  
in winning the Newton Graphic Auto-  
mobile, I wish to express my sincere  
gratitude and appreciation.

MRS. MAY SWEATT.

## POSTAL CARD CANVASS

Postal cards were recently sent to  
every voter in this city requesting  
an opinion favorable or opposed to  
war and relative to compulsory mili-  
tary training and service. The re-  
turns are most interesting.

8,204 cards were sent out and 2,193  
returns received up to this morning.  
2153 answered question 1, with 892  
opposed and 1,261 favorable to war, a  
percentage in favor of 58.5. There  
were 2,147 replies to question 2, with  
485 against and 1,662 in favor, a per-  
centage in favor of 77.4.

The same card was sent to one in  
fifty voters in this Congressional  
district, as an aid to Congressman  
Carter, with 215 replies to question  
1, of which 100 were opposed and 115  
in favor of war, a percentage in favor  
of 53.5. There were 212 replies on  
question 2, of which 98 were opposed  
and 114 in favor, a percentage in  
favor of 53.8. It is interesting to note  
that a similar canvass in Congress-  
man Fuller's district where 212 re-  
plies were received showed 153 op-  
posed to war to 59 in favor, and 133  
opposed to military service to 68 in  
favor.

Some 12,000 cards were also sent  
out throughout the entire state, of which  
2,250 were returned, 1,411 were op-  
posed to war and 839 in favor, a per-  
centage opposed of 62.4, while of mili-  
tary training, etc., where 2,157 were  
returned, 1,293 were opposed and 864  
in favor, a percentage of 59.9 opposed.

## "I'M SORRY; I WAS WRONG"

There may be virtue in the man  
Who's always sure he's right,  
Who'll never hear another's plan  
And seek no further light;  
But I like more the chap who sings  
A somewhat different song;  
Who says, when he has messed up  
things,  
"I'm sorry; I was wrong."

It's hard for any one to say  
That failure's due to him—  
That he has lost the fight or way  
Because his lights burned dim.  
It takes a man aside to throw  
The vanity that's strong.  
Confessing, "Twas my fault, I know;  
"I'm sorry; I was wrong."

And so, I figure, those who use  
This honest, manly phrase  
Hate it too much their way to lose  
On many future days.  
They'll keep the path and make the  
fight,  
Because they do not long  
To have to say—when they're not  
right—  
"I'm sorry; I was wrong."

—Chicago Post.

## THEIR FATHERS' FRIENDS

By CATHERINE CRANMER.

"Anything startling in the evening  
paper, dad?" asked Betty Allen as she  
perched on the arm of her father's  
chair and bent her blond head to scan  
the headlines of the paper he was read-  
ing.

"Nothing exactly startling, but here's  
something that ought to interest us,"  
he pointed to a paragraph, and Betty  
began to read:

"Theron M. Clay, candidate for con-  
gressional representative from the Sev-  
enth district, will be one of the speak-  
ers at the political mass meeting at  
Stanhope hall tomorrow evening. Mr.  
Clay has a brilliant record as an attor-  
ney and is said to be a gifted orator."

"Who! That don't sound so in-  
teresting to me," said Betty. "Besides,  
I'm going to Mrs. Andrews' dinner  
dance with Jerry Davis tomorrow eve-  
ning."

"That's very awkward, daughter, for  
I was talking to Theron Clay today by  
telephone and I invited him to have  
dinner with us tomorrow evening."

"I'll tell you, daddy—I'll entertain  
my Henry Clay at dinner if you'll let  
me motor to Hill Creek lodge with  
Jerry tomorrow to the tennis tourna-  
ment."

"The tennis tournament ended at four  
o'clock the next afternoon and Betty  
found so many friends to greet and so  
many victors to congratulate that be-  
fore she knew it five o'clock had come.

"Mercy me, Jerry!" she exclaimed in  
dismay. "Here I am playing around  
when I ought to be home sobering up  
for the ordeal of being hostess to Hen-  
ry Clay. Let's go at once or I'll be late  
for my own dinner party."

Jerry's blue car shot smoothly out  
on the rock roads and Betty began to  
feel relieved. As they went silently  
coasting down a long hill at the base  
of which was a hairpin curve, Jerry  
neglected to obey the signboard warn-  
ing to blow his horn, and when he  
made the turn he was compelled to  
veer wildly to the roadside to avoid  
running into three men replacing a tire  
on a large touring car that stood at the  
left of the road. In the tall grass at  
the roadside, Jerry's front tire fairly  
plunged itself on the jagged neck of  
a large broken bottle, and a deafening,  
long-drawn-out hiss followed.

"I beg your pardon," said a deep  
voice at the side of the car, "but our  
machine is now ready to continue its  
journey, and we shall be happy to  
take the lady into town if she will  
honor us by allowing us to do so."

The speaker, who was a tall, digni-  
fied man in dark gray tweeds and a  
soft black hat, addressed himself to  
Jerry, but looked at Betty for a re-  
ply.

The next minute she was waving  
good-by to a somewhat disconsolate  
Jerry, and the big car moved away.  
The man who had invited her to ac-  
company them sat on the rear seat  
with Betty.

"I, too, run the risk of being late  
for dinner," said her seat mate, "and  
of inconveniencing others while em-  
barrassing myself."

"That's too bad," said Betty, sym-  
pathetically. The big man's big voice  
made her feel even smaller than she  
was. "If it wasn't for daddy, I wouldn't  
be here."

"That's 'tanny," said the man, "for  
I'm inconveniencing myself to please  
a friend of my father, too."

Betty felt a delightful sense of com-  
panionship sitting there beside this  
man with the sympathetic voice, and  
she spoke out half unconsciously:

"I hoped to get home in time to rest  
for the ordeal ahead of me, but now  
I'll do well if I get into my dinner gown  
and get my salad made before Henry  
Clay arrives."

Just then the chauffeur asked for  
instructions about reaching Betty's  
home, and as she bent to give them  
she missed the look of amused surprise  
on her companion's face, but she  
turned toward him just in time to see  
his eyes open wide in sudden under-  
standing as he heard her give the  
driver the same house number which  
John Allen had given him the day be-  
fore when inviting him to dine with  
them.

"Then you are Mr. Allen's daugh-  
ter?" asked the man eagerly.

"Yes," said Betty, looking very  
straight at him. Then her blue eyes  
slowly rounded with surprise. "You  
can't be Mr. Clay, can you?"

"I can't be anybody else," he said,  
handing her his card. "And I hope  
the daughter of my father's friend will  
forgive me for any rudeness implied in  
what I said about its being self-sacri-  
fice to accept his invitation."

"I think it is I who should ask to be  
forgiven for my flippant use of the  
name of your kinsman, Henry Clay,"  
said Betty, with a blush. When they  
reached the hall, Betty laid a hand  
gently on her father's arm.

"Daddy, dear," she said sweetly,  
looking from him to their guest, "you  
must wait until dinner is served to en-  
joy Mr. Clay, for he is very tired and  
we must let him go upstairs and rest  
for the ordeal ahead of him tonight at  
the mass meeting."

While Theron Clay rested he forgot  
the political campaign and its trying

—At the meeting of the directors of the Newton Trust Company yesterday afternoon the following resolutions upon the death of Edward H. Mason were adopted:

Resolved, That the Newton Trust Company, which was organized in 1894 as the Newton Trust Company, from its incorporation to the time of his death, he was the attorney of the company, and a member of its Board of Directors. Upon the merger of the Newton National Bank with our company in 1908, Mr. Mason became, and has ever since continued to be, a vice-president of the corporation.

It is with sincere grief that we realize that he will no longer be with us in the meetings of our Board, to guide us with his legal ability and sound judgment. We had all learned to enjoy his genial and helpful comradeship, and to respect his opinion in all matters.

Be it therefore, resolved, That in the death of Edward H. Mason, we have lost a valued member of our Board, whose loyal services to the Newton Trust Company have been in large measure responsible for its prosperity, and that we have individually sustained a personal loss in no longer being privileged to enjoy his friendship.

Resolved, That these resolutions be spread upon our records, and that a copy be sent to Mr. Mason's family.

A true copy, Attest

This advertisement is one of a series designed to effect closer co-operation between the company and its subscribers. There are three parties to a telephone call—the person calling, the person called, and the operator who connects them. The quality of service rendered is determined by the spirit in which all three work together rather than by the individual effort of any one or two of these three persons. We shall gladly send complete sets of the series to those desiring them.

## "Line Busy" Reports

A "Line Busy" report is an exasperation to the subscriber. To both the subscriber and the operator, as a rule, it means delay and duplicated effort.

Our operating methods require the operator to "test" the line in order to find out whether or not it is being used, before making a connection.

"Line Busy" reports are given when the operator has tested the line and

- (1) A person at the called station is already talking on the line, or
- (2) The person called is on a party line and a subscriber at one of the other stations is using the line, or
- (3) When all lines of a private branch exchange subscriber are in use, or
- (4) When a call is made for a telephone, at which there is no one to answer, at the moment when someone else is also calling that telephone, or
- (5) A subscriber on the called line has passed a toll call and the line is being held awaiting its completion, or
- (6) Through an error by the subscriber in giving, or the operator in repeating, a wrong number is tested and found in use.

"Line Busy" reports are not so frequent on calls to stations served by individual lines. "Line Busy" reports on calls to party lines can be reduced if the joint subscribers to such lines will refrain from unnecessarily long and inconsequential conversations.

team after an exceedingly close contest. The Somerville team was composed of James Morrison, Merritt Farren, and James Sawyer, while Newton was represented by Ralph Emery, Raymond Ford and Richard Cole. Merritt Farren proved Somerville's best speaker, while Richard Cole delivered Newton's best arguments.

The chairman of the debate was Professor H. K. Rowe, Ph. D. The judges were Mr. A. W. Spencer, Mr. G. F. Joyce, and Mr. H. H. Darling, all of Brookline. Bradford Story '18, of Newton, was timekeeper. Reginald Huntley, Earl Wood, Joel Leete, and Ralph Huntley served as ushers.

An enjoyable musical program was furnished by the Newton High School Orchestra, under the direction of Mr. H. M. Walton. Nash's Orchestra furnished the music for the dancing which followed the debate.

Mr. Henry Epstein has coached both the girls' and the boys' debating teams at Newton this year. Although the teams have again been unsuccessful, there has been a very noticeable improvement over the work of last winter.

The Somerville High School deserves great credit for the work shown in debating this winter by both the girls' and the boys' teams representing that school.

#### PIERCE-JAMES

Anticipating the mustering for active service of the 1st Regiment of the Coast Artillery, the wedding of Miss Helen C. James, daughter of Rev. D. M. James, associate pastor of the Shawmut Congregational Church, Boston, and Richard DeZ. Pierce of Newtonville, was performed Saturday evening at the home of the bride Park street. Plans for the wedding were made but two days hence, and the bride's father, who was in the West arrived home to perform the ceremony.

Assisting Rev. Mr. James was Rev. H. Grant Person, pastor of the Eliot Church. The bride's only attendant was her sister, Miss M. Marguerite James and the best man was Roger C. Taylor of New York City. About 125 guests witnessed the ceremony and the couple left immediately after for a short wedding trip.

The bride is a graduate of the National Park Seminary, class of 1916, and the bridegroom graduated last June from Yale. He is a member of Company 3, 1st Regiment, C. A. C., and is employed in a Boston brokerage firm.

#### MT. IDA COUNCIL R. A.

The Entertainment Committee of Mt. Ida Council, No. 1247 Royal Arcanum, are making arrangements for a whist and dance for Monday evening, April 23rd, at Dennison Hall, Newtonville.

It is said that the Committee have already arranged for dance music of very best artists, and there will be many surprises in store for the participants. Arrangements have also been made for excellent refreshments anticipating a large attendance.

#### SPLENDID GIFT

(Continued from Page 1)

Alderman Allen said the acceptance of the acts came in the regular course of business and ought not to be delayed. Alderman Winslow said that if acceptance was delayed it might affect action on the salary increases and in answer to Alderman Blake, stated that it might make a difference in pensions of about \$800 annually. Alderman Murphy said the matter had been under consideration since last summer and ought to be accepted. Both acts were then accepted by unanimous votes in each case. The board adjourned at 9.55.

#### DR. BAKER SURPRISED

Dr. David E. Baker was tendered a very pleasant surprise on Saturday evening when a party of the medical fraternity, members of the Newton Medical Club, assembled at his home at Walnut street, Newtonville, to wish him many happy returns of the day.

The occasion was an informal celebration of his sixtieth birthday, and the doctor was showered with congratulations and gifts. He was presented with a beautiful silver loving cup in behalf of the Club. A refreshment course was served and it was a very pleasant social affair, the medical profession of Newton being well represented among the guests.

Many people are already making plans for the summer. If it includes embossed stationery Ward's, Franklin St., will be found helpful.

#### NEWTON IMPROVEMENT ASSOCIATION

The annual meeting and banquet will be held at the Newton Y. M. C. A. on Wednesday evening, April 18 and the address will be given by Mr. William N. Craig, superintendent of the Faulkner Farm at Brookline on the growing of flowers and vegetables.

SHUBERT THEATRE—One of the very biggest productions which Boston will have seen in many years, comes to the Shubert Theatre, Boston, April 10th.

Shubert's production of Hall Caine's latest play, "The Woman Thou Gavest Me," it is, of course, a dramatization of his own famous and widely read story of the same title—a story which, according to the publishers, has already had a wider circulation than any of Hall Caine's previous popular novels, not even excepting "The Christian," "The Eternal City" and "The Prodigal Son."

"The Woman Thou Gavest Me" will recall to older theatregoers, in the way of its theatrical size, both from standpoint of company and scenic investiture, the great days of the Boston Theatre, with its productions like "The World," "Youth," "The Exiles," etc., etc. Messrs. Shubert have engaged a powerful cast which truly deserves the phrase "all-star." Edmund Breese, Mable Taliaferro, Derwent Hall Caine (son of the novelist), and Madame Yorska, a distinguished French actress and protegee of Sarah Bernhardt, will enact the four chief roles, while Whitford Kane, who made so great a success in "Hobson's Choice," Crawford Koss, Mabel Caruthers, and Maude Milton, last seen here as leading woman for Sir Herbert Tree, will be seen in roles of almost equal interest.

PLYMOUTH THEATRE—The sixth week of what has developed into the season's biggest dramatic success, Guy Bates Post in "The Masquerader," will begin at the Plymouth Theatre, Boston, next Monday evening, April 9th. This newest of Richard Walton Tully's productions scored an instantaneous hit, capacity houses being the unvarying rule. Dual roles have always possessed a deep fascination for theatregoers, and in this instance, the lure of the dual role is fortified by gripping melodrama, ingenious stage devices, splendid scenic back-grounds and fine acting. The action of the play starts with a short prologue showing a London fog and the meeting of the two men who are destined to exchange stations in life. In order not to miss this important scene patrons should be in their seats by 8.15. The company supporting Mr. Post is an unusually good one, including Louis Calvert, Thelma Lawton, Florence Malone, Clarence Handysides, Ian Forbes Robertson, Ruby Dordon, Olive Temple and Nina Lindsey.

WILBUR THEATRE—Those firmly established dancing favorites, the Dolly Sisters, Yansel and Roziska, for years famous in vaudeville headline position and featured in leading musical comedy productions, open a limited engagement at the Wilbur Theatre, Boston, as co-stars in the A. H. Woods presentation of a new three-act farce comedy called "His Bridal Night," commencing next Monday night, April 9th, after phenomenal seasons of success in New York and Chicago. It is a play of mistaken identity, written on original lines, from the pen of Lawrence Riving, with revision and elaboration by Margaret Mayo, the author of "Baby Mine," "Twin Beds" and other successful farces. In addition to the Dolly Sisters, who will introduce their famous dancing specialties, the cast includes Louise Closser Hale, Jessie Ralph, John Westley, James Rennie, Harry Lillford, J. Archer Curtis and others.

MAJESTIC THEATRE—The Messrs Shubert will present at the Majestic Theatre, Boston, next Monday, April 9th, a new operetta entitled "The Beautiful Unknown," the book and lyrics of which are by Leo Stein and Leopold Jacobson and the score by Oscar Straus, composer of "The Chocolate Soldier," and "The Waltz Dream." The American adaptation has been made by Edward Sullivan and special numbers by Sigmond Romberg have been added to the score. "The Beautiful Unknown" is in three acts and was originally produced in Budapest, where it ran for over a year before it was seen in Vienna. Since then it has run continuously in both capitals—despite the war. There will be a beauty chorus of 60, a special symphonic orchestra of forty and a gorgeous scenic and costume display.

#### GYMNASTIC EXHIBITION

Annual Indoor Demonstration at Newton Y. M. C. A.

The annual Gymnastic Demonstration of the Newton Y. M. C. A. took place last week, Thursday and Saturday evenings and attracted a large number of relatives and friends of the members of the various classes. The program was under the direction of the Physical directors, Messrs. S. A. Carling and F. E. Doubleday and clearly showed the proficiency of their methods.

The programs were substantially alike on both evenings, and included marching drilling by the various classes, relay races and games, dumb bell drill, Sallois hornpipe by Messrs. T. H. Morton, Wm. Cady, J. S. Irving and E. Grant, baton whirling by Mr. Doubleday, a Dutch dance by W. MacDonald and Carling, Greek statuary by Nelson and Nelson, a wrestling exhibition by Westworth and Burgers, a sword dance by Doubleday and Carling. On Saturday evening a clown added immensely to the pleasure of the audience by some clever and humorous stunts on the apparatus. Mayor Childs was also present on this evening and gave a handsome silver loving cup for the best all round work for the year to Robert Woodworth. Robert Woodworth is the third member of that family to win this cup, his two older brothers, Ernest and Everett having won it in recent years.

Certificates were presented to the following lads:—

Class A.—Donald Cunningham, Barrows Whittemore, Alfred Hemming, Walter McDonald, Arthur Haynes, Leander Harding, Bernard Moore, Warren Houghton, Grasse Cullin, Homer T. Brown, Wilson Palmer, Class B.—Thomas Noonan, George Cone, Gray Marshall, John O'Neill, William Gallagher and Arlo Eason.

The Y. M. C. A. Orchestra under the leadership of Mr. Carlton L. Ellison, rendered a popular program of music on each evening.

#### NEWTON TECHNICAL HIGH SCHOOL

Jessie Jameson, Florence McCarthy and Hazel Chivers of the senior class are doing secretarial work in the office of the Newton Committee on Public Safety at the State Armory.

A number of the teachers have joined the Home Guard of Newton.

Mr. Stanley, of the science department, is a member of the First Corps Cadets.

Graduates of the Technical High School are enrolled in Company C of Newton, Battery A, and other military organizations.

The Biology classes of the Newton Technical High School have just completed some of the most interesting work of the year. This is a study of the colorless plants, mold, yeast, and bacteria. Fine mold gardens grew luxuriantly on bread while the girls studied the work of yeast in the preparation of the same sort of bread. In case of the bacteria each pupil is provided with one petri dish which has already been filled with a sort of beef broth, solidified by the addition of agar agar and thoroughly sterilized. These dishes are then exposed to all sorts of conditions as the pupils suggest. They are opened to air, indoor and outdoor, to dust, etc. Some are touched with the fingers, with money, hair, the door knob, and flies are allowed to walk on them. The year no one could see the dish touched by paper money and doubt that "filthy lucre" is a suitable name. The study of bacteria ends with a few lessons on their relation to disease.

During the early fall the Biology work includes a study of the then plenty insects with their relation to flowers and to health. After this comes a study of the green plants, the structure and work of roots, stems, and leaves. Then follows the relation of green plants to man.

In the spring the study of birds is an absorbing feature of the work, and at last there comes a brief survey of animal kingdom beginning with Protozoa and studying a type of each group up through Fishes. Their economic value is particularly emphasized.

All the work in Biology leads up to a culminating course in practical Hygiene that is taken in connection with Gymnasium work the Junior year. Here students can see the necessity for good food, pure air, suitable exercise, and sufficient sleep, this work is worth while. Growing youths should come to feel, as they have never felt before, that they have in their keeping a wonderful piece of living machinery which can be easily put out of order or even wrecked forever. On the other hand, they should see that a well cared for body can accomplish fine work, and help to increase the sum total of human efficiency and happiness.

COLONIAL THEATRE—If the photo-play of "Joan the Woman," now filling the Colonial Theatre, Boston, every afternoon and evening, could be shown in France, the patriotic folks of that gallant republic would go wild about it. People in this country, so far removed from the scenes of battle and carnage which have been staged on French soil in the past three years, have only slightest conception of the adoration in which the memory and the spirit of the indomitable Joan of Arc are held by the French. We, over here, sit before a beautiful picture, revealing the most striking episodes in the thrilling career of Joan of Arc and applaud Geraldine Farrar, the gifted American girl who created the film characterization. In France they worship the Joan of Arc in marble and bronze.

## MRS. D. C. HEATH

The funeral of Mrs. D. C. Heath took place Sunday afternoon at "Heathcote," the family residence on Highland avenue, Newtonville.

Rev. Richard T. Loring, rector of St. John's Church conducted a very impressive service at three o'clock. The selections, "Jesus Lives," "Abide With Me," and "Hallelujah," were sung by members of the Boys' Choir of Grace Church, under the direction of Mr. Charles Norman Sladen the choir master.

There were many beautiful floral offerings testifying to the love and esteem in which the deceased was held. Mrs. Heath's sad death was a great shock to her many friends and neighbors, and it makes a break in a circle which has been held together by neighborly sympathies for years. She was a kind charitable friend and neighbor, and a woman of rare attainments, endowed with remarkable executive abilities, and a leader in every good work that enlisted her energies.

In her home life she loved to extend hospitality and a genuine welcome to her friends, who will deeply mourn her loss, and the sympathy which they feel for her family is greater than can find expression in words.

The services were largely attended and the burial was in the family lot in the Newton Cemetery.

## EDWIN MARKHAM

AUTHOR OF "THE MAN WITH THE HOE"

This lecture has been drawing crowds in many cities, and we feel fortunate in being able to offer the people of Newton an opportunity to hear it. It will be followed by questions and discussion, and there will be an opportunity of meeting Mr. Markham. We offer a free and cordial invitation to the public.

## NORUMBEGA PARK

John T. Benson, who has been identified with amusement parks in and near Boston for many years, will manage Norumbega Park, during the season of 1917.

It is also announced that the park has been extended to include fifteen acres of additional forest land, for the use of picnicers, and that eleven new ranges of animals are being added to the great zoo at the park, and that new attractions to gladden the hearts of young and old are planned.

The open-air theatre is being remodelled to meet the needs of a stock company. Stage talent of the highest order has been engaged to put on the plays that the people like. And what is more, it is our intention to make the prices popular. Patrons this summer will be able to secure a good seat for ten cents, and the highest price seat in the theatre will cost but thirty cents.

We have engaged the famous Woman's Orchestra, conducted by Miss Edna F. Simmons, which figured so conspicuously at the recent Copley Plaza Art Show in Boston. Musical treat will therefore be in store every afternoon and evening at the Band Court.

## TIDINGS FROM THE FRONT

The following letter received by Mr. Frederick A. Payne of Bronxville, New York from his son who is working with the American Ambulance corps at Verdun gives an intimate picture of the sad happenings there. Mr. Payne formerly resided in Newtonville and his son Frederick Jr., was a pupil in the Clafin School and has many friends here who will be pleased to hear from him.

January 24th, 1917

My dear Father:  
Just a few lines to give you and friends an idea of the work I have done since going to the front. This will be mailed by Dr. P—or given to you by him. He is a dandy fellow and has spent nine months in the service, missing death a good many times. I have been his aid on the Mercedes since coming out and will be given full charge when he leaves, the 29th of this month.

I left Paris on the 19th of November reaching C— that night, where I met the section. We stayed in C— until the 27th, during which time we had a post 800 meters from the German line at a place called R— where a car was sent for four days. On the morning of the 27th, we started for E— reaching there the same day, where we did real evacuating work, taking the sick from small towns around, down to B— S— and C—, worked on cars and got ready for the big work that was to come. We received word to move on the 11th of December. We started for B—, a large farm about two miles outside of Verdun on the 12th, reached S— that night and B— on the 19th, where I am writing this letter. We are in sight of Verdun and every once in a while the Bosch (Germans) make us a present of a shell, but none of them have done any damage. We can go outside at any time, and watch the batteries firing, the landing of Bosch shells and the planes which is a wonderful sight. There is always on a clear day, from 10 to 20 flying around us and it is a great sight to see the shrapnel breaking around them. I saw Du Beauchamp, the great French aviator after he had been shot down. Two Germans got him, shooting him thru the eye and head.

I can't give a very good idea of our work around Verdun. It is too full of interesting things. There are from four to eight cars sent to Verdun with the same amount of French cars, for a stretch of twenty-four hours. All day into Verdun, which is under fire most of the time, and two cars go up to post, which is just a little south of F—, very near the first line of trenches. This town is just a rough field. Not even one stone standing, and not even the sign of what used to be a building. There is one tree left to mark the town. It is very dangerous at this post. Shells coming in all the time, about one third of which do not explode.

Just as soon as a car gets a load of "bleiss," it comes down from C—, which is, by the way, the name of our post outside of what was once F—; comes down to Verdun, sends another car up and continues on to D—, where the hospital is and then returns to Verdun, keeping this up for twenty-four hours. When the work is slow, we go sight-seeing around the ruins of Verdun, which is very interesting. The hard work comes at night when you have to drive from Verdun up to post and back, without any lights, dodging shell holes, ammunition trains, soup carts, etc., with the wounded trying to go slow, and every time you hit a hole, it hurts you as much as it does the wounded, to hear them moan and cry; but Dad, it sure is wonderful work and it can't help but make you look at life in a different way. It would take me a month to write and tell you all I have seen and as I had this chance, am just giving you a rough idea. I was on post the 15th of this month, when the French made their big advance and saw most of it. Saw about all the prisoners they captured (7000). We carried some terrible cases that day and night, shells landing about one hundred feet from us which is plenty near enough for me. You will excuse mistakes, etc., because I am writing this in a big hurry so Doc. can take it with him and only hope that it will reach you and give you an idea of the work we boys are doing, which is wonderful, if I do say so myself.

We left Verdun on January 15th for here to go on repose. This is a small village about four miles from B— where we do nothing at all except get our cars in shape, bathe, washing done, and loaf all day. It is very cold here, in fact the coldest I have ever experienced, and we have some time to get our cars started in the morning after being out in the cold all night. The tires are frozen to the ground, the gas and oil frozen and everything so cold you can hardly touch it.

We stayed at Verdun for about two weeks. The work began to get very dangerous after that as the "Bosch"

began to get range of the road. We had to drive up it under shell fire, but got in the habit of "kidding" about the shells. A good many of our cars had narrow escapes and I had two, one in the car, when a shell burst about one hundred feet away, and the other which was as close as you want, a piece from a bursting shell landed at the feet of Bill Atwood and myself. It weighed about thirty pounds. All the French who were around shook hands with us, but it happens all day and luckily no one of us were hit. Two of our cars were hit but no one hurt.

The Bosch shelled poor Verdun up to the last night we were there, and I suppose they are doing the same yet as you know we were in the thick of the big attack on December 15th, and it was a wonderful experience. When shells burst near, it was not we Americans who ran for cover first, you can bet that. It is new to us and we stayed for the big show every time.

I am glad in a way on account of seeing the things some of the shells did when they landed, and have seen one shell kill six and wound two in plain sight of where I was standing. It is nothing to stand in a place of safety and to see them burst every half minute for an hour. They don't let up much on the Verdun front and this newspaper stall about trenches all around Verdun is "bull." The trenches are shell holes in warm weather filled with mud up to the knees and now with snow and ice. It is too active to dig trenches, either side not getting the chance. Back of Verdun you will find trenches and barbed wire ready for emergency, but that is all. Most of the "bleiss" now have frozen feet and limbs. It is a common sight to see the fellows walking to the hospital with bare feet, all bleeding and swollen, walking on the ice, too many others badly wounded to let them ride. A terrible sight but what can you do. Stop, give them a cigarette if you have any, shake hands and go on.

They understand and know that maybe the next time you will be carrying them full of holes. It is great to see how some of these brave fellows stand the pain and suffering. It is wonderful what a man will do for his country.

Your loving son,  
Frederick.

## Y. M. C. A. NOTES

At the Board of Directors' meeting, it was voted to extend the full membership privileges of the Newton Y. M. C. A. to all members of Company C. In passing this vote the Directors wish to show their appreciation of Captain Cormier's, his fellow officers and the men of Company C. When mobilized, if they are stationed near by, it is hoped the privileges of the Association may minister to their comfort.

At the last meeting of the Women's Auxiliary they voted to give \$500 for the development of Camp Frank A. Day at East Brookfield. An unknown donor has also promised to provide for the water and lighting systems which are to be installed this summer.

One of the tennis courts is ready. Some of the early birds may get out on Saturday but general play will not begin until about the 19th of April.

The baseball field is being rolled and practice is called for next Saturday afternoon.

The Newton Improvement Association will have its annual meeting in the Y. M. C. A. building April 18th, and the Home Guard of this part of Newton will use the hall for some of their setting-up exercises.

The last Open House of the season will be held April 12th. All friends of the Association are cordially invited to be present at that evening's entertainment and to use the privileges of the Association.

When you see a Red Lily stamped upon any food product it may be purchased with a feeling of perfect security.

## WOMEN'S CLUBS

MISS GRACE M. BURT, Editor.

That women cannot bear arms in times of war, therefore, they are not entitled to vote is fast becoming an exploded theory. That women have always done their part in times of war is the record of history and is being more and more forcibly borne out day by day as the present war continues. Gradually it is being understood that woman's part is not the same, though just as an important one as man's. The recognition of this by the House of Parliament in England and the announcement that the new Russian government will likewise do so are indications of another adjustment awaiting the world at the close of the war. Now the American women are about to be tried and they, too, will not be found wanting.

Mrs. Herbert J. Gurney, president of the Massachusetts State Federation of Women's Clubs, issued this week a clarion call to the club women of this State. After outlining some of the practical ways in which women may help, the closing sentences ring true and should be pondered upon by all thoughtful club women who are anxious to be of service at this time: "Eliminate waste in every possible way and practice carefully the fine virtues of thrift and economy. Conserve strength by common sense in dressing. Remember that the woman who is valuable in an emergency is the one who is simply and comfortably gowned and whose feet are so sensibly shod that she can walk and stand with ease."

"Ask freely for advice from the State President and Corresponding Secretary. They may be able to put you in communication with those who are already doing the kind of work that you desire to begin."

"Above all, let us not become hysterical. Be ready for the emergency that may arise, but remember that our greatest work is to continue to do well the things we are now doing, to be good, wise wives, mothers, friends, neighbors, citizens."

"Work and pray with faith and steadiness of purpose."

The GRAPHIC has not started a class in Home Economics or Canteen Cookery, but the printers did manage to make "pi" of the Club Editor's column last week, which accounts for certain omissions of club reports in that edition. They have, however, been re-hashed and will taste just as good if they had been served at the proper time. Do not blame your correspondents for their late appearance.

## State Federation

Monday, April 9, 10.15 A. M. Round Table Conference of Presidents and Art chairmen at the Museum of Fine Arts, Boston. Also a similar Round Table conference of the Literature and Library Extension department in the Lecture Hall of the Boston Public Library.

At 2 P. M. promptly a joint conference of these departments together with Music department in the Lecture Hall of the Boston Public Library. Subject, Community Music. Community Plays and Pageantry. Professor George Baker of Harvard will speak from two to twenty on "Community Pageants." Questions and discussion.

Tuesday, April 17, 10.30 A. M. All-day conference of the Art and City departments at the Seaside Woman's Club House, Scituate. Luncheon tickets at 50 cents each may be obtained from Mrs. Emma F. Cudworth, Marshfield Hills before Friday, April 13. Trains leave Boston at 8.52, 10.58 and 12.49.

## Consumers' League

April 9 to 14 is to be Consumers' League Week in the Boston district when all shops carrying labeled goods will have special displays of articles bearing the label which shows that they are made under good conditions. The great advance in favor of fair treatment of workers is evidenced in the great increase in variety of labeled goods since the first special week, when only a few things were shown. Miss Mary C. Wiegman, the executive secretary of the Massachusetts Consumers' League, is chairman of the label committee of the National League, and she finds that the demand from manufacturers for the use of the label is growing rapidly. She has just returned from a southern trip in the interests of the work.

## Local Announcements

The Monday Club of Newton Highlands will meet on April 9 with Mrs. Charles T. Bartlett, 141 Jackson street, Newton Centre. Subject, "Shakespeare's Heroines."

Miss Margaret E. Rich, secretary of the Newton Welfare Bureau, will speak before the Newton Highlands C. L. S. C. on Monday afternoon at the home of Mrs. Fred R. Hayward, Centre street.

Under the auspices of the Home department of the Brightelmstone Club a descriptive talk will be given on Monday, April 9, at 2.30, on canned vegetables and fruits and their economic values to the housekeeper.

The Newton Parliamentary Law Club meets on April 10 in the Newton Library Hall at 10.15.

The next meeting of the Auburndale Woman's Club will be held on Tuesday, April 10th, in the Methodist Church. Dr. Samuel McChord Crothers, minister of the First Parish Church of Cambridge, Massachusetts, will speak on "Every Man's Natural Desire to be Somebody Else." Dr. Crothers is widely known as humorist and philosopher. Mrs. F. P. McCormick will sing.

April 9th will be children's day for the Waban Woman's Club at three o'clock in the Union Church vestry. Entertainer, Miss Annie Verner Baker. Children and teachers of the Roger Wolcott school are invited, but members are not expected to attend.

The annual meeting of the Newton Centre Woman's Club will be held at the Newton Club on Thursday, April 12.

At the meeting of the Woman's Club of Newton Highlands on Tuesday, April 10, at 2.30, in Lincoln Hall, Woong Young Chun will speak on "New Faces in Old China."

On Wednesday morning Miss Bradley of Miss Farmer's School of Cookery will address the Social Science Club on "Food Values." Guests may be invited.

On Friday afternoon the program for the meeting of the West Newton Women's Educational Club will be in charge of the Travel Class.

Mrs. Harry N. Milliken will entertain the Newton Highlands Shakespeare Club at her home on Saturday afternoon, April 14.

## Local Happenings

On Saturday afternoon Mrs. W. J. Bicknell opened her home on Erie avenue, Newton Highlands, for the Guest Day of the Newton Highlands Shakespeare Club. Mrs. W. E. Moore, the president, who had been absent for several weeks in Florida, was in the chair and told of her visit in Washington and of seeing there a picture containing the portraits of Shakespeare and fourteen of his contemporaries to which was attached facsimiles of their autographs. A reproduction of those signatures had been obtained for her and this sheet she presented to the secretary to be filed with the archives of the club.

The program opened and closed with delightful piano selections by Miss Josephine E. Smith. Miss Mary S. Newhall, a member of the club, sang several old English and Shakespearean songs. Miss Dorothy Edwards Hayes of the Leonard Fox School gave a dramatic reading of "Twelfth Night," which was much appreciated by all who heard her. She has a very pleasing personality and her impersonation of the various characters, particularly the change from the youthful maidens to that of the drunken sot Sir Toby Belch, was remarkably good. Refreshments were served during the social hour. The club had as its guests delegates from nearly all the different clubs of the Newtons.

Miss Marion Dorr was hostess for the meeting of the Newton Highlands C. L. S. C. on Monday afternoon, when Mrs. W. T. Logan was in charge of the program. Under the topic "Prison Reform," Mrs. Logan told of the workings of the work by Elizabeth Frye at Newgate Prison; among her methods are found many of the same being advocated today. Much of the time was spent in a discussion of the work of Thomas Mott Osborne at Auburn and Sing Sing.

This week the Newton Mothers' Club enjoyed most enthusiastically the talk on "Gardening" by Mr. William Craig of Faulkner Farm at its meeting on Monday afternoon at the home of Mrs. Leon Rogers, on Lenox street, West Newton. In this talk Mr. Craig emphasized more particularly the raising of vegetables, his other talks having dwelt upon flowers. Many guests shared the pleasure with the members. The customary social hour followed.

The Auburndale Review Club met on Tuesday, April 3, at the home of Miss Margaret Haskell, 3 Vista avenue. Mrs. William Fuller was in charge of the morning and "The Wolf of Gubbio" by Josephine Preston Peabody was skillfully presented by the following members of the committee: Mrs. William Fuller, Mrs. Martin, Mrs. W. D. Gilpatrick and Mrs. C. E. Valentine, assisted by Mrs. Dennett, Mrs. Farley, Mrs. Frost, Mrs. Draper, Mrs. Spaulding, Mrs. Almy, Mrs. Freeman, and Mrs. Bird. The two little children who took part, Mary Elizabeth Frost and Rachel Palmater made a decided hit and the whole performance was a credit to the cast.

Mrs. Willard S. Higgins, president of the Newtonville Woman's Guild, brought a few words of greeting to her South Bay club, Mrs. W. B. Smythe occupied the chair during the business meeting. Dr. Willard Scott of Brookline gave an address on "Mental Movies," in which he likened the mind to the screen of the movie theater. Among other things he stated that the high school age of young people is the formative one of their characters and whatever principles become firmly fixed then cannot be ruptured in later life.

The club is having a course of Home Economics lectures yesterday, today and tomorrow, some mention of which will be made next week.

At the meeting of the Social Science Club on Wednesday morning the death of one of the founders of the club, Mrs. Henry W. Wellington, was mentioned and some memorial to her will be given at the annual meeting. After considerable discussion it was decided to change plans for that meeting and hold it in the afternoon in the regular place serving tea to give opportunity for new members a chance to become better acquainted. "Pan-Americanism" was chosen as the topic of study for next year. Miss Margaret E. Rich of the Welfare Bureau spoke for a short time upon "Housing," in which she told of conditions in this city, far from what the citizens would wish them to be. There is, she said, a scarcity of houses at a moderate rent, such as will attract the sober, honest and industrious people, whom we need to have in Newton, their services as clerks, gardeners and the like, being so necessary to the comfort of everyone. She asked the consideration and criticism of a plan for better housing which the Bureau may present at some future time.

The club voted to contribute \$50 to assist the French children with the hope of doing something further for those of other nations before the close of the year.

The Class in Conservation conducted by Mr. Albert McDonald will meet next Tuesday morning instead of Monday at the home of Mrs. F. H. Tucker, 206 Church street, Newton. Subject "How Trees Grow."

'Lil' '68 quartet

At the meeting of the Social Science Club on Wednesday morning the concluding paper in the course on Colonization was given by Mrs. Vernon B.

Swett, her subject being "England in Africa." Mrs. Swett showed by means of two maps how rapidly colonization of that continent has increased since 1870, when there were but a few small colonies scattered along the coast, until today there remain only Liberia and Abyssinia, which are controlled by the blacks. The reason why the continent of Africa was late in being taken up by the other nations is due chiefly to its physical characteristics. Except for South Africa the climate is most unhealthy for Europeans, there are almost no harbors, there is the same monotony to its surface as there is to its coast line, the rainfall is insufficient, and there are many other conditions which do not tend to attract the white population. It was not until about 1880 that there was any considerable emigration in that direction. The inventions and development of steam and electricity whereby manufactures were greatly increased so that the products of Europe exceeded their use were responsible for those countries seeking further markets for their goods. The various colonies were taken up in turn beginning with those of West Africa, then South and lastly the protectorate of Egypt. The situation in the colonies on the part of the government at home has given rise to the saying that cablegrams from home have caused more trouble in the colonies than native uprisings. Due credit was given Lord Cromer, Kitchener and Milner for their remarkable service to the problem of colonial government. One of the unexpected results of the present war has been the loyalty of Egypt. The conditions which led up to the Boer War were explained in detail, as also what England has done in the development and successful rule in Sudan. The paper was full of interest, clear, concise and presented the subject in a most entertaining manner.

The Travel Class of the Club met on Monday with Mrs. Howard Gibbs. Mrs. Olin Dickerman in a most interesting way traced the development of landscape gardening in America and Mrs. Gibbs showed the development of a national consciousness in painting. The next regular meeting will occur on April 23 with Mrs. E. F. Robinson of Auburndale.

The Home Economics class of the West Newton Women's Educational Club was in charge of the program of the last regular meeting of the season. Short talks were given by the members as follows: "Proper Food for the Family" by Mrs. A. L. Jordan; "The Cold Pack Method of Canning" by Mrs. F. E. Nowers; "Salads," Mrs. J. A. McDonald; "The Essentials of Life," an excellent talk by Mrs. John R. McLean. The chef's table proved a great success with all its attractive new cakes, confections, salads, meats and breads.

The Newton Woman's Club will hold its next meeting at the Brae Burn Club, April 12. As this is an open meeting, guests may be invited. Charles Anthony will give a piano recital. A great treat is in store for all, who are so fortunate as to hear this great artist.

### MR. HALLIDAY APPOINTED

William T. Halliday has been appointed treasurer of the Hadley Falls Trust Company in Holyoke, a company with deposits of over \$4,000,000, the president of which is Joseph A. Skinner of Holyoke. Mr. Halliday has been associated with the Newton Trust Company as assistant treasurer for a number of years, having been in the bank business since April 1, 1903, when he entered the Newton Centre Trust Company at the age of 17, he being at the present time 27 years of age. His progressive spirit and ability has been shown in the opening of the new office of the Newton Trust Company in Auburndale, and his spirit of organization and interest in efficient principles and systems has made him a booster of some ability. At present time he is a member of about a dozen organizations and stands high in Masonic circles, being an active member of Aleppo Temple Mystic Shrine. He is also interested as treasurer of the Newton Club at Newtonville, and is a member of the Boston Chapter of the American Institute of Bankers. His play time finds him busy in athletics, having played semi-professional baseball for a number of years, coaching the Needham High School last year when they had the best year in the history of the school; he was captain and anchor of the Newton Club in the bowling league, and with his wife, who was Minerva Loyde MacLean, was active in Newtonville social life.

The changes brought about by the merger of the Hadley Falls National Bank and the Holyoke National Bank of Holyoke into one trust company has caused a number of changes, one of which has brought about the calling of Mr. Halliday to Holyoke. He will be very much missed in Newtonville, where his presence in important matters has been quite prominent. The size of the new Holyoke Trust Company deposits is about the same as that of the Newton Trust Company, the latter having a capital stock of about half the size of the former.

### UNDER THE GILDED DOME

March 30, 1917.

Metropolitan Affairs committee this week reported favorably on two bills of interest to this city. One was a bill for \$50,000 for dredging the Charles river and the other \$40,000 for continuing the present unfinished boulevard on the south side of the Charles river, as far as Maple and Jefferson streets. These bills will have to pass the scrutiny of the Ways and Means committee, but Representative Weston has done a good job in getting a favorable report from his own committee.

Friends of Hon. A. R. Weed, of this city chairman of the Gas and Electric Light commission are watching with some interest the bill of Representative Allen of this city to combine that commission with the Dental Service Commission. There would be no question as to continuing Mr. Weed on his present work or on any consolidation which might be made, for he is one of the most efficient commissioners in the service of the state and every one connected with state affairs recognizes that fact.

All three of our representatives voted with the majority in defeating the bill to allow amateur baseball on Sunday afternoon.

Senator McPherson of this district has been exceedingly busy the past two weeks, as his chairmanship of the committee on Military Affairs has caused him to be in consultation with the army authorities in Washington. He has introduced a resolution directing Congress to take action on the bill for compulsory military service—a matter which is being strongly favored by the War Department officials. Senator McPherson has also drafted a bill on the lines of a state constabulary, which will probably be acceptable to everyone interested. It will relieve the state militia from its duty and provide a mobile police force which can be used effectively in any part of the state.

### "TEDDY" OR THE RUNAWAYS

A very successful dramatic performance was given on Tuesday evening by members of the Newtonville Young Peoples' Christian Union in the parlors of the Universalist Church. A three act comedy, "Teddy or the Runaways" was presented before a large and appreciative audience which greeted the actors with liberal applause.

Miss Ruth L. Cunningham made a great hit as "Texanna", the girl of the Golden West and Miss Ethel I. Cunningham as Mrs. Juniper, a Young widow was equally good.

Howard P. Young as "Max Juniper", the perplexed husband had one of the leading parts and he made good. Aldyth L. Barrett was excellent in the role of "Jean MacLean", little Miss Fitt, and Mr. Clark Hayden, as "Alonso Willing", the fortune hunter, scored a great success.

Priscilla D. Mayo as "Victoria", the girl in the "Taxi" was one of the best in the cast, and William R. Crump Jr. as "Ted, Reegan" the man on the box played the part in a very pleasing manner.

James S. Wilson as "Sheriff Jim Larrabee" Officer 666 was certainly cut out for the part, but it was up to Edwin F. Brown and Willard B. Newell, to bring merriment into the play and as "Mike" and "Tompkins", two Deputy Sheriffs, they were stars of the first magnitude.

In the minor parts there was exhibited considerable talent and the young people are to be congratulated on the success they achieved.

### PAPER CAMPAIGN

The League will provide bags for contents of waste paper baskets. Tie up your newspapers and magazines. Trucks will collect on the first and middle of the months of April, May and June. Phone Mrs. P. W. Carter, Newton West 970, or Miss Dorothy Taylor, Newton South 1250.

### SPECIAL AID SOCIETIES

For American Preparedness Organized in Various parts of the City

#### Newtonville

The Newtonville Branch of the Special Aid Society for American Preparedness is beginning work in real earnest. The present enrollment is now 140 and new applications are being received daily by the Secretary.

On Wednesday morning, March 28th, the chairman of the various committees held their first conference and outlined plans for definite work. These conferences are to be held fortnightly.

District chairmen have been appointed, each one of whom is in charge of approximately 25 members, who will meet regularly to do the work needed by the organization. The various churches of the town and the High School authorities have been most generous in opening their halls for the use of the various groups in carrying on their work.

The officers of the Society are: Chairman, Mrs. Wallace C. Boyden; secretary, Mrs. James L. Richards; treasurer, Mrs. Wm. Herman Allen.

The following committees have been Ways and Means, Mrs. James Richards, chairman; Classes, Mrs. H. V. Jones, chairman; Girl Scouts, Mrs. J. C. Irwin, chairman; "Shut-ins," Mrs. R. T. Loring, chairman; Membership Registration, Mrs. Hartley W. Thayer, chairman; Purchasing Supplies, Mrs. Wm. H. Lucas, chairman; Knitting, Mrs. G. F. Malcolm, chairman; Cutting, Mrs. John F. Casey, chairman; Information, Miss Ruby MacDonald, chairman; Publicity, Miss Sarah B. Hackett, chairman.

Those who wish to register in the Society may do so by applying to Mrs. H. W. Thayer, Walnut street, Newtonville, on Monday or Saturday mornings, or Thursday afternoons, when someone will be present to receive such applications.

The chairman of this unit are: Mrs. Marcus Morton, Mrs. French Sherman, Mrs. E. C. Wilcox, Mrs. Calvert Crary, Mrs. John W. Byers, Mrs. Henry F. Ross, Miss Helen Wadham, Mrs. Louis Ross, Mrs. John Leonard, Mrs. Daniel P. Jewett, Mrs. George W. Auryansen, Mrs. Harrison H. Fairfield, Mrs. Joseph C. Hagar, Mrs. Harold Sherman, Mrs. Edward C. Cox, Mrs. Maynard Maxim, Mrs. M. W. Murray, Mrs. Harold Shedd, Mrs. John F. Brant and Mrs. A. D. Rice.

Enrollment cards were distributed at the close of the meeting and any one could register for membership by a payment of from 10 cents to a dollar. One fourth of the money goes to the main office in Boston and the remainder to the Newtonville Committee for the purchase of supplies, etc.

The first meeting which was held Monday afternoon in the Church of the New Jerusalem was a gratifying success for the ladies of Newton turned out in large numbers, every seat in the Church being taken.

The meeting was in charge of Mrs. Wallace C. Boyden, chairman of the committees who explained that its purpose was to help all women who were ready and willing to take an active part in this good work, but did not know what they could do to place themselves in a military unit so that they would be prepared for prompt and efficient service in an emergency.

#### Newton

The Newton Branch of the Special Aid Society for American Preparedness was organized at a meeting in Channing Church parlors last Thursday afternoon, with the following officers elected:

Chairman, Mrs. H. H. Powers. Secretary, Mrs. George Owen. Treasurer, Miss Maude Henry. Advisory Board:—Mrs. Frank A. Day, Mrs. Franklin E. Smith, Mrs. Vernon B. Sweet, Mrs. Sterling Elliott, President Social Service Club; Mrs. Cornelius H. Patton, Chairman Newton Fire Relief; Miss Mabel F. Dressing, Mrs. Samuel L. Powers, Chairman Newton Red Cross.

Committees:—Membership, Mrs. Samuel W. Bridges; Classes, Mrs. Henry A. Nealley; Sewing and Knitting, Mrs. Edward M. Moon; Social Service, Miss Martha Lathe; Publicity, Mrs. Elizabeth S. Horfall. Preceding the organization and election of officers, the meeting was called to order by Mrs. Sterling Elliott.

She set forth the object of the gathering and introduced Mrs. J. Randolph Coolidge, Jr., who explained the value of the Special Aid Organization, and the part of the community. She spoke of its co-operation with the American Red Cross, and of the growing need for women to familiarize themselves with occupations hitherto open to men only, so that should necessity arise, women will be ready.

Mr. Wm. F. Garcelon gave an interesting account of the work being done by the Committee on Public Safety, telling why it was organized and what it hoped to accomplish in the future. He told of the census being taken of the autos, trucks, and horses that will be available in case of war. He spoke of the need for guards about the reservoirs, and waterways, the bridges, the Armory, hospital and other public buildings, all of which could be supplied by the Committee on Public Safety.

Families also must be cared for when husbands and fathers have gone to the war. He said the women, organized and trained, could be of great assistance along many lines, especially in the making of garments, knitting, the oversight of children while their mothers were at work, and in many other ways.

A most valuable point made by Mr. Garcelon was that all preparation would be as valuable to the community in peace as in war, and Newton would be more efficiently cared for, could these plans be carried out. Mr. Garcelon's talk met with a hearty response.

Miss Margaret Rich of the Newton Welfare Bureau was the next speaker. She emphasized what had already been said in regard to the value of a Special Aid Organization, and told of the urgent need for women to instruct mothers in garment cutting, knitting,

sewing, the use of paper patterns, and plain cooking.

Women who could give an hour or two a week to teach English to some foreign born mother whose children are learning it in school, would do a great service.

At the close of the meeting many remained to enroll. It is earnestly requested that all service cards be returned as soon as possible to Miss Maude Henry, 457 Centre street.

Those wishing to join classes in simple cooking, please register with Mrs. Henry A. Nealley, 10 Garden road, Newton.

The History and Significance of the American Flag

"There are many flags in many lands. There are flags of every hue, But there's no flag, however grand, Like our own 'Red, White and Blue.' In these times when the flag of the United States has a deeper significance than ever before in the world's history, when it is the hope of civilization," it is fitting that we know clearly for what it stands and how it has developed. On June 14, 1777, the American Congress adopted the following resolution:—"That the flag of the thirteen united states be thirteen stripes, alternate red and white, that the union be thirteen stars, white in a blue field, representing a new constellation." In 1817 it was found not to be practicable to add a new stripe for each new state, and an act was passed to establish the adding of one star on the admission of each new state. "A star for every state, and a state for every star." The flag now bears forty-eight white stars in a blue field, arranged in six rows of eight stars each.

"To shield the weak, and guide the strong To make an end of human wrong, And draw a countless human host to follow after thee!"

The Newton Free Library has the following books concerning the history of the flag and its significance, with suggestive Flag Day exercises: Our flag, or the evolution of the Stars and Stripes, by R. A. Campbell.

TAX ASSESSMENT ITS PRIVILEGE AND APPLICATION

The writer assumes that the City of Newton is not accused of misappropriating funds obtained through Taxation.

Further, that the Credit and Honor of the City is to be maintained by proper assessment, and every Dollar in Valuation pays its honest share of equal, personal responsibility.

If the assumption be true, it is not a direct question of "Rate and Valuation" about which we hear so much, and upon which falls such weight of vituperation, yearly.

It is a privilege given (and required) to pay a pro-rata share of an amount needed to cover the City Expenditure, and no city in the land receives a higher Premium.

You have as a city your choice whether valuation shall be high, and Rate relatively low, or Rate high and Valuation low, these are matters of city business.

If your City has a Million to pay out—a Million must be paid in—and fixes the amount of Tax Levy, or your City encumbered.

Valuation, true valuation has very much to do with pro-rata responsibility and justice, and to under-value for tax reduction purpose, is not only fraudulent, but asking alms of fellow citizens who must make up the deficiency.

Such an act should outlaw a man's self-respect, as it does the regard and admiration of those who know; as an honest man pays an honest tax—under an honest statement of valuation, as decreed by the City of Newton.

**WOMEN'S CLUBS**

MISS GRACE M. BURT, Editor.

That women cannot bear arms in times of war, therefore, they are not entitled to vote is fast becoming an exploded theory. That women have always done their part in times of war is the record of history and is being more and more forcibly borne out day by day as the present war continues. Gradually it is being understood that woman's part is not the same, though just as an important one as man's. The recognition of this by the House of Parliament in England and the announcement that the new Russian government will likewise do so are indications of another adjustment awaiting the world at the close of the war. Now the American women are about to be tried and they, too, will not be found wanting.

Mrs. Herbert J. Garney, president of the Massachusetts State Federation of Women's Clubs, issued this week a clarion call to the club women of this State. After outlining some of the practical ways in which women may help, the closing sentences ring true and should be pondered upon by all thoughtful club women who are anxious to be of service at this time:

"Eliminate waste in every possible way and practice carefully the fine virtues of thrift and economy. Conserve strength by common sense in dressing. Remember that the woman who is valuable in an emergency is the one who is simply and comfortably gowned and whose feet are so sensibly shod that she can walk as fast and with ease."

"Ask freely for advice from the State President and Corresponding Secretary. They may be able to put you in communication with those who are already doing the kind of work that you desire to begin."

"Above all, let us not become hysterical. Be ready for the emergency that may arise, but remember that our greatest work is to continue to do well the things we are now doing, to be good, wise wives, mothers, friends, neighbors, citizens."

"Work and pray with faith and steadiness of purpose."

The GRAPHIC has not started a class in Home Economics or Canteen Cookery, but the printers did manage to make "of" of some of the Club Editor's column last week, which accounts for certain omissions of club reports in that edition. They have, however, been re-hashed and will taste just as good if they had been served at the proper time. Do not blame your correspondents for their late appearance.

Subject, Community Music, Community Plays and Paeantary. Professor George Baker of Harvard will speak from two to twenty-two on "Community Paeantary." Questions and discussion.

**Tuesday, April 17, 10.30 A. M.** All-day conference of the Art and Civic departments at the Seaford House, Club House, Seaford. Luncheon tickets at 50 cents each may be obtained from Mrs. Emma F. Cudworth, Marshfield Hills before Friday, April 13. Trains leave Boston at 8.52, 10.58 and 12.49.

**Consumers' League**

April 9 to 14 is to be Consumers' League Week in the Boston district when all shops carrying labeled goods will have special displays of articles bearing the label which shows that they are made under good conditions. The great advance in favor of fair treatment of workers is evidenced in the great increase in variety of labeled goods since the first special week, when only a few things were shown. Miss Mary C. Wiegman, the executive secretary of the Massachusetts Consumers' League, is chairman of the label committee of the National League, and she finds that the demands for manufacturers for the use of the label is growing rapidly. She has just returned from a southern trip in the interests of the work.

**Local Announcements**

The Monday Club of Newton Highlands will meet on April 9 with Mrs. Charles T. Bartlett, 141 Jackson street, Newton Centre. Subject, "Shakespeare's Heroines."

Miss Margaret E. Rich, secretary of the Newton Welfare Bureau, will speak before the Newton Highlands C. L. S. C. on Monday afternoon at the home of Mrs. Fred R. Hayward, Centre street.

Under the auspices of the Home department of the Brightelmstone Club a descriptive talk will be given on Monday, April 9, at 2.30, on canned vegetables and fruits and their economic values to the housekeeper.

The Newton Parliamentary Law Club meets on April 10 in the Newton Library Hall at 10.15.

The next meeting of the Auburndale Woman's Club will be held on Tuesday, April 10th, in the Methodist Church. Dr. Samuel McChord Crothers, minister of the First Parish Church of Cambridge, Massachusetts, will speak on "Every Man's Natural Desire to be Somebody Else." Dr. Crothers is widely known as humorist and philosopher. Mrs. F. P. McCormick will sing.

April 9th will be children's day for the Waban Woman's Club at three o'clock in the Union Church vestry. Entertainer, Miss Annie Verner Baker. Children and teachers of the Roger Wolcott school are invited, but members are not expected to attend.

The annual meeting of the Newton Centre Woman's Club will be held at the Newton Club on Thursday, April 12.

At the meeting of the Woman's Club of Newton Highlands on Tuesday, April 10, at 2.30, in Lincoln Hall, Wong Young Chun will speak on "New Faces in Old China."

On Wednesday morning Miss Bradley of Miss Farmer's School of Cookery will address the Social Science Club on "Food Values." Guests may be invited.

On Friday afternoon the program for the meeting of the West Newton Women's Educational Club will be in charge of the Travel Class.

Mrs. Harry N. Milliken will entertain the Newton Highlands Shakespeare Club at her home on Saturday afternoon, April 14.

**Local Happenings**

On Saturday afternoon Mrs. W. J. Bicknell opened her home on Erie avenue, Newton Highlands, for the Guest Day of the Newton Highlands Shakespeare Club. Mrs. W. E. Moore, the president, who had been absent for several weeks in Florida, was in the chair and told of her visit in Washington and of seeing there a picture containing the portraits of Shakespeare and fourteen of his contemporaries to which was attached facsimiles of their autographs. A reproduction of those signatures had been obtained for her and this sheet she presented to the secretary to be filed with the archives of the club.

The program opened and closed with delightful piano selections by Miss Josephine E. Smith. Miss Mary S. Newhall, a member of the club, sang several old English and Shakespearean songs. Miss Dorothy Edwards Hayes of the Leland Powers School gave a dramatic reading of "Twelfth Night," which was much appreciated by all who heard her. She has a very pleasing personality and her impersonation of the various characters, particularly that of the drunken lord Sir Toby Belch, was remarkably good. Refreshments were served during the social hour. The club had as its guests delegates from nearly all the different clubs of the Newtons.

Miss Marion Dorr was hostess for the meeting of the Newton Highlands C. L. S. C. on Monday afternoon, when Mrs. W. T. Logan was in charge of the program. Under the topic "Prison Reform," Mrs. Logan told of the beginning of the work by Elizabeth Fry at Newgate Prison; among her methods are found many of the same being advocated today. Much of the time was spent in a discussion of the work of Thomas Mott Osborne at Auburn and Sing Sing.

This week the Newton Mothers' Club enjoyed most enthusiastically the talk on "Gardening" by Mr. William Craig of Faulkner Farm at its meeting on Monday afternoon at the home of Mrs. Leon Rogers, on Lenox street, West Newton. In this talk Mr. Craig emphasized more particularly the raising of vegetables, his other talks having dwelt upon flowers. Many guests shared the pleasure with the members. The customary social hour followed.

The Auburndale Review Club met on Tuesday, April 3, at the home of Miss Margaret Haskell, 3 Vista avenue. Mrs. William Fuller was in charge of the morning and "The Wolf of Gubbio" by Josephine Preston Peabody was skillfully presented by the following members of the committee: Mrs. William Fuller, Mrs. Martin, Mrs. W. D. Gillette and Mrs. C. E. Valentine, assisted by Mrs. Dennett, Mrs. Farley, Mrs. Frost, Mrs. Draper, Mrs. Spaulding, Mrs. Almy, Mrs. Freeman, and Mrs. Blood. The two little children who took part, Elizabeth Frost and Rachel Palmer, made a decided hit and the whole performance was a credit to the cast.

Mrs. Willard S. Higgins, president of the Newtonville Woman's Guild, brought a few words of greeting to her club members after a long absence in the South, but Mrs. W. S. Higgins occupied the chair during the business session. Dr. Willard Scott of Brookline gave an address on "Mental Movies," in which he likened the mind to the screen of the movie theater. Among other things he stated that the high school age of their characters and whatever principles become firmly fixed then cannot be ruptured in later life.

The club is having a course of Home Economic lectures yesterday, today and tomorrow, some mention of which will be made next week.

At the meeting of the Social Science Club on Wednesday morning the death of one of the founders of the club, Mrs. Henry W. Wellington, was mentioned and some memorial to her will be given at the annual meeting. After considerable discussion it was decided to change plans for that meeting and hold it in the afternoon in the regular place serving tea to give opportunity for new members to become acquainted with the club. "Pan-Americanism" was chosen as the topic of study for next year. Miss Margaret E. Rich of the Welfare Bureau spoke for a short time upon "Housing," in which she told of conditions in this city, far from what the citizens would wish them to be. There is, she said, a scarcity of houses at a moderate rent, such as will attract the sober, honest and industrious people, whom we need to have in Newton, their services as clerks, gardeners and the like, being so necessary to the comfort of everyone. She asked the consideration and criticism of a plan for better housing which the Bureau may present at some future time.

The club voted to contribute \$50 to assist the French children with the hope of doing something further for those of other nations before the close of the year.

The Class in Conservation conducted by Mr. Albert McDonald will meet next Tuesday morning instead of Monday at the home of Mrs. F. H. Tucker, 206 Church street, Newton. Subject "How Trees Grow."

At the meeting of the Social Science Club on Wednesday morning the concluding paper in the course on Colonization was given by Mrs. Vernon B.

Swett, her subject being "England in Africa." Mrs. Swett showed by means of two maps how rapidly colonization of that continent has increased since 1870, when there were but a few small colonies scattered along the coast, until today there remain only Liberia and Abyssinia, which are controlled by the blacks. The reason why the continent of Africa was late in being taken up by the other nations is due chiefly to its physical characteristics. Except for South Africa the climate is most unhealthy for Europeans, there are almost no harbors, there is the same monotony to its surface as there is to its coast line, the rainfall is insufficient, and there are many other conditions which do not tend to attract the white population. It was not until about 1880 that there was any considerable emigration in that direction. The inventions and development of steam and electricity whereby manufactures were greatly increased so that the products of Europe exceeded their use were responsible for those countries seeking further markets for their goods. The various colonies were taken up in turn beginning with those of West Africa, then South and lastly the protectorate of Egypt. The situation in the colonies on the part of the government at home has given rise to the saying that cablegrams from home have caused more trouble in the colonies than native uprisings. Due credit was given Lord Cromer, Kitchener and Milner for their remarkable service to the problem of colonial government. One of the unexpected results of the present war has been the loyalty of Egypt. The conditions which led up to the Boer War were explained in detail, as also what England has done in the development and successful rule in Sudan. The paper was full of interest, clear, concise and presented the subject in a most entertaining manner.

The Travel Class of the Club met on Monday with Mrs. Howard Gibbs. Mrs. Olin Dickerman in a most interesting way traced the development of landscape gardening in America and Mrs. Gibbs showed the development of a national consciousness in painting. The next regular meeting will occur on April 23 with Mrs. E. F. Robinson of Auburndale.

The Home Economics class of the West Newton Women's Educational Club was in charge of the program of the last regular meeting of the season. Short talks were given by the members as follows: "Proper Food for the Family" by Mrs. A. L. Jordan; "The Cold Pack Method of Canning" by Mrs. F. E. Nowers; "Salads," Mrs. J. A. McDonald; "The Essentials of Life," an excellent talk by Mrs. John R. McLean. The chef's table proved a great success with all its attractive new cakes, confections, salads, meats and breads.

The Newton Woman's Club will hold its next meeting at the Brae Burn Club, April 12. As this is an open meeting, guests may be invited. Charles Anthony will give a piano recital.

A great treat is in store for all, who are so fortunate as to hear this great artist.

**EDWIN MARKHAM TO LECTURE**

A literary and religious opportunity of unusual interest will be offered to the people of Newton next Friday evening, when Edwin Markham is to lecture at the Church of the New Jerusalem, Newtonville, on "What Swedenborg Brings to the Heart of Man." Mr. Markham is the author of "The Man with the Hoe," one of the most-talked-of poems of the present generation, and has been affectionately termed the "Poet Laureate of America." William Dean Howells calls him "the greatest of the Americans except Riley," and others have spoken of him as the natural successor of Walt Whitman, whom he somewhat resembles in appearance. His

source of spiritual inspiration has been the writings of Emanuel Swedenborg, and he is willing to tell us all why this has been so. His lecture on Swedenborg has attracted crowded houses in other communities, and there is reason to believe that Newtonville will be no exception. An especially attractive feature is that Mr. Markham will be glad to answer questions from his audience, and to meet personally all who care to make his acquaintance. The lecture is free to the public, and a cordial invitation is extended to all. It will begin at eight o'clock.

The service this evening will be the last union meeting of the churches held with Mr. Beal, as one of the co-operating pastors. He has not been in Auburndale long, but during his residence here he has made many friends, who sincerely regret his departure, and hearty good wishes are extended to Mr. and Mrs. Beal as they enter upon their new duties.

—There is a story being circulated that a German spy has invaded the peaceful realm of "Saints Rest." A German cook, who has been for two years in the employ of a Weston family, left suddenly and unaccountably, and her only explanation to the family was, that she "must" go. After she had gone the family received a telegram from Washington informing them that they had in their employ a German spy and requesting them to hold her at any cost. But it was too late; the "bird" had flown, whether they knew not. A few days later officers from a private detective agency appeared on the scene, and went thru a house in "Saints Rest," which was under suspicion of harboring German spies. Just where the house is located, and who the mysterious owner is, who would be guilty of such unpatriotic conduct, we have not yet been able to determine, but when we do, we will turn him over to Company C, M. V. M., and he will be dealt with as all German spies deserve to be dealt with.

—A delightful musical event of the past week was the second in a series of musicals which was given Sunday afternoon at the home of Mrs. Charles D. Pickard on Hancock street, Auburndale.

—There was a very large attendance and an excellent program was presented by Mr. Albert Stoessel, violinist and Miss Edna Stoessel, pianist. Original compositions by Mr. Stoessel were beautifully rendered and endorsed by the audience.

—Mrs. G. W. Jones of Hartford street has returned from a visit to her parents at Amesbury, Mass.

—Miss Florence Nees of the Sea Pine School for Girls spent the holidays at her home on Lincoln street.

—Mr. and Mrs. W. E. Moore of Hillside road, who have been spending a few weeks in Florida, have returned home.

—Officer Rufus H. Moulton, who has been a police officer in this village for about thirty-five years, has been placed on the pensioned list by the city.

—The Ladies Aid Society of the Cline Memorial Church met last Tuesday with Mrs. W. Armstrong on Floral street.

—The Shakespeare Club observed Guest Day at the home of Mrs. W. J. Bicknell on Erie avenue last Saturday afternoon.

—The Choir of the Cline Memorial Methodist Church met Thursday evening at the house of Mr. H. Newcomb on Dedham street.

—Rev. G. W. Jones of Hartford street leaves Tuesday for a week's stay at Springfield, where he will attend the New England Annual Methodist Conference.

—The Church Aid and Missionary Society held a meeting last Wednesday morning at the Congregational Church. Luncheon was served and an address given by Miss Alice M. Hawes of the Schaeffer Training School of Cleveland, Ohio.

—On Tuesday afternoon a large number of women met in the Hyde School hall, Newton Highlands, and organized for relief work.

Supplies will be made for the Red Cross, the Navy League and, most appealing of all to many, for our own boys of Co. C.

Sewing and knitting are important branches of the work, but other lines of service are needed, and it is hoped that all women of the community will put at the service of this organization whatever ability and time they have.

The next public meeting will be at the new Hyde School, Tuesday morning from 9:30 to 11:30. Tonus regis Recessional—"The day of resurrection."—Martin

**EQUAL SUFFRAGE NOTES**

A committee of three with Mrs. Carrie Chapman Catt, President of the National American Woman Suffrage Association, at the head has been appointed to act as an intermediary between the government and the association's 2,000,000 members in the event the services should be needed in a war crisis. The remaining members are Mrs. J. Borden Harman and Mrs. Helen Gardener.

Indiana the fifteenth suffrage state adds 15 electoral votes. This makes the total number in which women have a voice in choosing 135.

Where women do vote women won't band together at all without the men; there isn't any sex antagonism; there isn't any sex feeling; there is no talk at all of "theirs," all the talk is of "ours"; and for the life of you, you can't get either men or women to see one another with any sense of interests detached along sex lines. They stand or they fall together, where women vote.

That was one of the revelations of the last election for the western man. By right of it, he understands better to-day than he did last year that there is something incongruous to the western woman in being asked to lineup on the ground of sex solidarity to ask for the removal of an invidious political distinction that has always been made on that very self-made ground.

The western woman says men have taken that invidious distinction from her scheme of life, and that she is not going to be the one to put it back. It may be disconcerting, politically, but humanly speaking it scores for equal suffrage, and should forever stili anti-suffrage wallings and warnings about the ballot being the breeder of sex antagonism. The evidence is all in. Equal suffrage works exactly the other way.

Voting for woman suffrage is not voting for a group, but it is voting for mankind, a large part of which woman is. It is bound to come, and those who fight it now will have something to regret, especially if the women get after them in future political conflicts, as they will undoubtedly.

The little spurts of opposition to the supremacy of righteousness law that we see nowadays will not look well when the logic of events is unrolled for future inspection. And that day is coming. The world is turning around fast these days, and the whims and notions that used to be regarded as opinions will soon like bubbles disappear from the current of affairs. The divinity that shapes our ends is very busy these days arranging for the truth of life and for honoring those who are faithful to it.

Twenty-eight bills introduced in the last Massachusetts Legislature, bearing upon the interests of woman or children, failed to pass. This fact is making many converts to equal suffrage among Massachusetts women.

"Ontario confers on women the full provincial franchise," announces a telegram to The Woman's Journal from Dr. Augusta Stowe Gullen of Toronto.

The leaders of both parties joined to put the measure through. Press despatches of February 27 said: "The women of Ontario were virtually assured the right to vote when the Government, through Premier Hearst, tonight indorsed the bill of J. W. Johnson, providing for equal suffrage."

The Premier said the Government would try to devise some plan under which women might vote at the next general election.

"The Opposition already has announced itself as favorable to equal suffrage."

"Having taken our women into partnership with us in our tremendous task," said Premier Hearst, in announcing the Government's decision, "I ask can we justly deny them a share in the government of the country, the right to have a say about the making of the laws they have been so heroically trying to defend?"

"My answer is, I think not."

If we are right in thinking that the emphasis of political thought today tends toward protecting the family and upholding the standards of comfort and decency for the upbringing of the next generation, may we not believe that woman, long primarily concerned by habit and experience with the welfare of the household, may safely be called upon to vote on questions which she can be made to see affect the welfare of any household, and to vote with the wisdom and generosity which poets and preachers ascribe to her.

Under the leadership of Mr. Sears or Mr. Carling a camp for boys will be conducted, beginning about the first of July and running for six or eight weeks.

John Elliot Lodge, A. O. U. W. held an enjoyable smoke talk on Monday evening with an entertainment of wrestling, boxing, singing, and a dramatic sketch. There was a good attendance.

### MR. HALLIDAY APPOINTED

William T. Halliday has been appointed treasurer of the Hadley Falls Trust Company in Holyoke, a company with deposits of over \$4,000,000, the president of which is Joseph A. Skinner of Holyoke. Mr. Halliday has been associated with the Newton Trust Company as assistant treasurer for a number of years, having been in the bank business since April 1, 1903, when he entered the Newton Trust Company at the age of 17, he being at the present time 27 years of age. His progressive spirit and ability has been shown in the opening of the new office of the Newton Trust Company in Auburndale, and his spirit of organization and interest in efficient principles and systems has made him a booster of some ability. At present time he is a member of about a dozen organizations and stands high in Masonic circles, being an active member of Aleppo Temple Mystic Shrine. He is also interested as treasurer of the Newton Club at Newtonville, and is a member of the Boston Chapter of the American Institute of Bankers.

His play time finds him busy in athletics, having played semi-professional baseball for a number of years, coaching the Needham High School last year when they had the best year in the history of the school; he was captain and anchor of the Newton Club in the bowling league, and with his wife, who was Minerva Loyde MacLean, was active in Newtonville social life.

### UNDER THE GILDED DOME

March 30, 1917.

Metropolitan Affairs committee this week reported favorably on two bills of interest to this city. One was a bill for \$50,000 for dredging the Charles river and the other \$40,000 for continuing the present unfinished boulevard on the south side of the Charles river, as far as Maple and Jefferson streets. These bills will have to pass the scrutiny of the Ways and Means committee, but Representative Weston has done a good job in getting a favorable report from his own committee.

Friends of Hon. A. R. Weed, of this city, chairman of the Gas and Electric Light commission are watching with some interest the bill of Representative Allen of this city to combine that commission with the Public Service Commission. There would be no question as to continuing Mr. Weed on his present work or on any consolidation which might be made, for he is one of the most efficient commissioners in the service of the state and every one connected with state affairs recognizes that fact.

All three of our representatives voted with the majority in defeating the bill to allow amateur base ball on Sunday afternoon.

Senator McPherson of this district has been exceedingly busy the past two weeks, as his chairmanship of the committee on Military Affairs has caused him to be in consultation with the army authorities at Washington. He has introduced a resolve this week urging Congress to take action on the bill for compulsory military service—a matter which is being strongly favored by the War Department officials. Senator McPherson has also drafted a bill on the lines of a state constabulary, which will probably be acceptable to everyone directly interested. It will relieve the state militia from strike duty and provide a mobile police force which can be used effectively in any part of the state.

### "TEDDY" OR THE RUNAWAYS

A very successful dramatic performance was given on Tuesday evening by members of the Newtonville Young Peoples' Christian Union in the parlors of the Universalist Church.

A three act comedy, "Teddy or The Runaways" was presented before a large and appreciative audience which greeted the actors with liberal applause.

Miss Ruth L. Cunningham made a great hit as "Texanna", the girl of the Golden West and Miss Ethel L. Cunningham as Mrs. Juniper, a Young wife was equally good.

Howard P. Young as "Max Juniper", the perplexed husband had one of the leading parts and he made good. Aldyth L. Barrett was excellent in the role of "Jean MacLean", little Miss Fitt, and Mr. Clark Hayden, as "Alonso Willing", the fortune hunter, scored a great success.

Priscilla D. Mayo as "Victoria", the girl in the "Sheriff Jim Larrabee" Outfit 666 was certainly cut for the part, but it was up to Edwin F. Brown and Willard B. Newell, to bring merriment into the play and as "Mike" and "Tompkins", two Deputy Sheriffs, they were stars of the first magnitude.

In the minor parts there was exhibited considerable talent and the young people are to be congratulated on the success they achieved.

### PAPER CAMPAIGN

Everyone can help the Junior League for Newton Hospital Social Service. This campaign takes the place this year of our Annual May Breakfast.

The League will provide bags for contents of waste paper baskets. Tie up your newspapers and magazines.

Trucks will collect on the first and middle of the months of April, May and June. Phone Mrs. P. W. Carter, Newton West 970, or Miss Dorothy Taylor, Newton South 1250.

## SPECIAL AID SOCIETIES

For American Preparedness Organized in Various parts of the City

### Newtonville

The Newtonville Branch of the Special Aid Society for American Preparedness is beginning work in earnest. The present enrollment is now 140 and new applications are being received daily by the Secretary.

On Wednesday morning, March 28th, the chairman of the various committees held their first conference and outlined plans for definite work. These conferences are to be held fortnightly.

District chairmen have been appointed, each one of whom is in charge of approximately 25 members, who will meet regularly to do the work needed by the organization. The various churches of the town and the High School authorities have been most generous in opening their halls for the use of the various groups in carrying on their work.

The officers of the Society are: Chairman, Mrs. Arlene Boyden; Secretary, Mrs. James L. Richards; Treasurer, Mrs. Wm. Herman Allen.

The following committees have been Ways and Means, Mrs. James Richard Carter, chairman; Classes, Mrs. H. V. Jones, chairman; Girl Scouts, Mrs. J. C. Irwin, chairman; "Shut-ins," Mrs. R. T. Loring, chairman; Membership Registration, Mrs. Harriet W. Thayer, chairman; Purchasing Supplies, Mrs. Wm. H. Lucas, chairman; Knitting, Mrs. G. F. Malcolm, chairman; Cutting, Mrs. John F. Casey, chairman; Information, Miss Ruby MacDonald, chairman; Publicity, Miss Sarah B. Hackett, chairman.

Those who wish to register in the Society may do so by applying to Mrs. H. W. Thayer, Walnut street, Newtonville, on Monday or Saturday morning, on Tuesday afternoons, when someone will be present to receive such applications.

The chairman of this unit are: Mrs. Marcus Morton, Mrs. French Sherman, Mrs. E. C. Wilcox, Mrs. Calvert Cray, Mrs. John W. Byers, Mrs. Henry F. Ross, Miss Helen Wadham, Mrs. Louis Ross, Mrs. John Leonard, Mrs. Daniel P. Jewett, Mrs. George W. Ayranssen, Mrs. Harrison H. Fairfield, Mrs. Joseph C. Hagar, Mrs. Harold Sherman, Mrs. Edward J. Cox, Mrs. Maynard Maxin, Mrs. M. W. Murray, Mrs. Harold Sheed, Mrs. John F. Brant and Mrs. A. D. Rice.

Enrollment cards were distributed at the meeting and any one who could register for membership by a payment of from 10 cents to a dollar. One fourth of the money goes to the main office in Boston and the remainder to the Newtonville Committee for the purchase of supplies, etc.

The first meeting which was held Monday afternoon in the Church of the Apostles was a gratifying success for the ladies of Newton turned out in large numbers, every seat in the Church being taken.

The meeting was in charge of Mrs. Wallace C. Boyden, chairman of the committees who explained that its purpose was to help all women who were ready and willing to take an active part in this good work, but did not know what they could do to place themselves in a military unit so that they would be prepared for prompt and efficient service in an emergency.

### Newton

The Newton Branch of the Special Aid Society for American Preparedness was organized at a meeting in the Vernon B. Church parlors last Thursday afternoon, with the following officers elected:

Chairman, Mrs. H. H. Powers. Secretary, Mrs. George Owen. Treasurer, Miss Maude Henry.

Advisory Board—Mrs. Frank A. Day, Mrs. Franklin A. Smoot, Mrs. Verna B. Sweet, Mrs. Sterling Elliott, President Social Service Club; Mrs. Cornelius H. Patton, Chairman Newton French Relief; Miss Mabel L. Riley, Chairman Newton Surgical Dressing; Mrs. Samuel L. Powers, Chairman Newton Red Cross.

Committees—Membership, Mrs. Samuel W. Brice, Classes, Mrs. Henry A. Nealley; Sewing and Knitting, Mrs. Edward M. Moon; Social Service, Miss Martha Lathe; Publicity, Mrs. Louis D. Gibbs; Junior Work, Miss Elizabeth S. Horsfall.

Preceding the organization and election of officers, the meeting was called to order by Mrs. Sterling Elliott.

She set forth the object of the gathering and introduced Mrs. J. Randolph Colledge, Jr., who explained the value of the Special Aid Organization, and its place in the community. She spoke of its co-operation with the American Red Cross, and of the growing need for women to familiarize themselves with occupational matters open to men only, so that should necessity arise, women will be ready.

Mr. Wm. F. Garcelon gave an interesting account of the work being done by the Committee on Public Safety, telling why it was organized and what it hoped to accomplish in the future.

He told of the census being taken of the automobiles, trucks, and horses that may be available in case of war. He spoke of the need for guards about the reservoirs, and waterways, the bridges, the Armory, hospital, and other public buildings, all of which could be supplied by the Committee on Public Safety.

Families also must be cared for when husbands and fathers have gone to the war.

He said the women, organized and trained, could be of great assistance along many lines, especially in the making of garments, knitting, the oversight of children while their mothers were at work, and in many other ways.

A most valuable point made by Mr. Garcelon was that all preparation would be as valuable to the community in peace as in war, and Newton would be more efficiently cared for, could these plans be carried out. Mr. Garcelon's talk met with a hearty response.

Miss Margaret Rich of the Newton Welfare Bureau was the next speaker. She emphasized what had already been said in regard to the value of a Special Aid Organization, and told of the urgent need for women to instruct mothers in garment cutting, knitting,

sewing, the use of paper patterns, and plain cooking.

Women who could give an hour or two a week to teach English to some foreign born mother whose children are learning it in school, would do a great service.

At the close of the meeting many remained to enroll. It is earnestly requested that all service cards be returned as soon as possible to Miss Maude Henry, 457 Centre street.

Those wishing to join classes in simple cooking, please register with Mrs. Henry A. Nealley, 10 Garden road, Newton.

The History and Significance of the American Flag

"There are many flags in many lands. There are flags of every hue. But there's no flag, however grand, like our own 'Red, White and Blue.'"

In these times "when the flag of the United States has a deeper significance than ever before in the world's history, when it is the hope of civilization," it is fitting that we know clearly for what it stands and how it has developed.

On June 14, 1776, the American Congress adopted the following resolution—"That the flag of the thirteen united states be thirteen stripes, alternate red and white, that the union be thirteen stars, white in a blue field, representing a new constellation." In 1817 it was found not to be practicable to add a new stripe for each new state, and an act was passed to establish the adding of one star on the admission of each new state. "A star for every state and a state for every star." The flag now bears forty-eight white stars in a blue field, arranged in six rows of eight stars each.

"To shield the weak, and guide the strong. To make an end of human wrong. And draw a countless human host to follow after thee!"

The Newton Free Library has the following books concerning the history of the flag and its significance, with suggestive Flag Day exercises: Our flag, or the evolution of the Stars and Stripes, by R. A. Campbell.

"I pledge allegiance to my flag, and to the Republic for which it stands; one nation, indivisible, with liberty and justice for all."

TAX ASSESSMENT ITS PRIVILEGE AND APPLICATION

The writer assumes that the City of Newton is not accused of misappropriating funds obtained through Taxation.

Further, that the Credit and Honor of the City is to be maintained by pro-rata assessment, and every Dollar in Valuation pays its honest share of equal, personal responsibility.

If this assumption be true, it is not a direct question of "Rate and Valuation" about which we hear so much, and upon which falls such weight of vituperation, yearly.

It is a privilege given (and required) to pay a pro-rata share of an amount needed to cover the City Expenditure, and no city in the land receives a higher Premium.

You have as a city your choice whether valuation shall be high, and Rate relatively low, or Rate high and Valuation low, these are matters of city business.

If your City has a Million to pay out—a Million must be paid in—and fixes the amount of Tax Levy, or your City encumbered.

Valuation, true valuation has very much to do with pro-rata responsibility and justice, and to under-value for tax reduction purpose, is not only fraudulent, but asking aims of fellow citizens who must make up the deficiency.

Such an act should outlaw a man's self-respect, as it does the regard and admiration of those who know; as an honest man pays an honest tax—under an honest statement of valuation, as decreed by the City of Newton.

### HOME GARDENS

I read an article not long ago in one of the Boston papers in which the writer said that the people of his town could not have gardens on account of the neighbors' boys, or boys coming from some other vicinity who insist upon trespassing. Now it is a crying shame if we people of the United States can't get the protection for which we pay and which is our right, especially this year when everyone ought, for his own sake and for the sake of a less fortunate neighbor, to have a little or a large garden. But at no time should strangers of any age or sex be allowed to trespass upon private property. Never would such a thing be tolerated in any city or country in Europe—never would any boy there think of taking such a liberty. They are brought up by parents who feel that they owe their boys and the public a duty.

There are many such boys here, but alas! there are too many of the other kind—utterly lawless boys. Now as soon as public sentiment is strong enough against this outrage on our rights it will be stopped. In this city (Newton) we have unusually efficient police, who are eager to co-operate with us. All they ask is the names of the offenders. They will do the rest.

Our very splendid public school teachers and principals are working over time giving the moral instruction that the boy ought to have at home—and that many of them do have. We don't like to say that the boys of any particular nationality are the worst, but we do say that a well-behaved boy will help to uphold the honor and reputation of his district, his nationality, and his own parents. Any boy who in these trying times—at any time—instead of helping to protect his neighbors, as every right-minded man is supposed to do, goes skulking around like a thief in defiance of the rights of others, deserves the contempt which he is sure to get, and should be dealt with like any law-breaker.

Everybody should insist upon these measures being carried out. It would be a work in which the boy scouts can help immeasurably.

H. M. RICHARDSON.

### MARY BAKER EDDY MEMORIAL

The memorial to Mary Baker Eddy, the Discoverer and Founder of Christian Science, erected in Mt. Auburn Cemetery at Cambridge, Mass., was on March 24 turned over to The Christian Science Board of Directors by Elbert S. Barlow of New York, who had charge of its construction. Over a year and half has been required to complete it. Christian Scientists throughout the world have contributed, as expressions of sentiment, the entire cost of over \$150,000.

The memorial is of Bethel white granite and consists of an open circular colonnade of eight columns fifteen feet in height surmounted by a cornice and cresting. The space inside the colonnade is to be filled with growing flowers. The columns rest on a stylobate of three steps, which also rest, at one side, on a broad platform of Pompton pink granite and, at the other, which is about five feet lower, on a double flight of circular steps. These are flanked on each side by a large pylon. The pylons were exhibited a short time ago at the American Institute of Architecture in New York and were pronounced by several experts to be the finest pieces of carved granite ever executed. The detail is elaborated to an extent never before attempted in granite; some of the stems and leaves are practically free-standing, so great is the relief.

Interviewed regarding the memorial, the architect, Mr. Egerton Swartwout of New York, said: "The site is singularly pleasing; in fact, I question whether a finer site could anywhere be found. It can be seen from all sides equally well, close at hand from the cemetery road, and from a quarter of a mile away across the lake. Indeed, it is this body of water which forms the chief beauty of the site. There is a drop of approximately 10 feet from the level of the road to the level of the lake, there being a natural terrace on the axis of the plot which lends itself admirably to the architectural development of the memorial. The lake is unusually still, and has a mirror-like quality which reflects admirably the white granite of which the memorial is made.

"As to the memorial I think it can be said without contradiction that, leaving aside entirely any artistic excellence, such perfection and delicacy have never been attained before in this unyielding and enduring material. There is certainly nothing in modern times that can approach it nor, as far as I know, in any of the monuments of antiquity."

Mr. Swartwout designed the new Missouri State Capitol and the new Federal Building in Denver, and recently won the competition for the new George Washington memorial.

All that now remains to be done to complete the memorial to Mrs. Eddy is the planting for the landscape, which is to consist chiefly of some evergreen plants that will preserve their form and leaves throughout the year, and some cedars and rhododendrons.

### WOMEN'S CLUBS

MISS GRACE M. BURT, Editor.

March 30, 1917.

The business meeting of the Aurburndale Woman's Club on Tuesday was one of unusual interest. Reports of several committees were heard, including that of the Nominating committee, Mrs. G. W. McNear, chairman. Mrs. Harron reported the work of the committee on American Preparedness, which is undertaking to catalog the activities of the women, girls, and young boys of Aurburndale, to find out what would be our resources as a community.

Mrs. N. W. Dennett, chairman of the Civics committee, then took charge of the meeting. Three partitions were effectively rendered by the chorus, which has been training for some time under the able direction of Mrs. W. J. Spaulding. Mrs. W. E. Birdsall, the speaker of the afternoon, was then introduced by Mrs. Dennett. Her subject having been announced as "Immigration and its Import," she spoke mainly of its import.

In this time of campaign for military preparedness she issued a call to arms for civic preparedness, since a nation cannot be virile and efficient to do its part in peace or war unless all parts of it are well fed, strong, and reasonably contented. Coming within recent years to a young democracy of 24,000,000 immigrants, mostly from old monarchies, has brought about grave changes, social, economic, and political. It has been a peaceful invasion, but the problems are here, even in Newton, and must be met. In Boston there is hunger, and terrible housing conditions are found. There is ignorance of sanitation and bewilderment as to our laws and customs. Club women should be informed as to existing conditions and on legislation. They can list the immigrants in their own town and befriend them. The personal touch is the most far-reaching.

Mrs. Gardiner Hall then made a stirring appeal on behalf of the Navy League. While the army marches through the streets, the navy is forgotten because it is out of sight on the water. The Navy League was started in 1906 with headquarters in Washington, for the purpose of arousing public opinion to the need of providing for an adequate Navy, which in time of war must be our first line of defence. When the break with Germany came Mr. Wilson accepted in half an hour the Navy League's offer of service. The Massachusetts branch is working under Captain Rush of Charlestown. The women of the Commonwealth are now asked to do a few things. Knitted articles are needed at once for men who will be sent out in 500 patrol boats along our coast. There may be at any time a call for surgical dressings. Materials may be obtained from Mrs. Charles A. Brown, 405 Wolcott street. The meeting closed with the singing of national airs by the chorus, the audience joining in on the "Star Spangled Banner."

A large audience consisting of mem-

bers and friends of the Woman's Club of Newton Highlands greeted Baroness Colquhoun on Tuesday evening in spite of the severe storm at the meeting of the club which was held in Bray Hall, Newton Centre. Baroness Howard told of her personal experiences in the early part of the war when the German army took possession of her own chateau, ruining much of the beautiful furnishings and wantonly destroying things generally. Also how after the retreat of the Germans she converted it into a convalescent hospital. At present she is carrying on a surgical hospital "somewhere in France," not in her own chateau and is in this country soliciting funds for the purpose. A substantial collection was received. The lecture was illustrated by stereopticon. Copies of her new book, "On the Field of Honor" were on sale and will be at the next meeting of the club, the proceeds to be used for the Newton South Allies Association.

Mrs. Cutler entertained the Pierian Club on Wednesday afternoon at the home of Mrs. H. E. Child. The subject of the paper given by Mrs. Willard was "Good Government" in which she treated of what women can do to improve conditions, raise public standards and better the laws. Mrs. H. E. Locke, who has been away a good part of the winter gave an account of the Conference on Constructive Patriotism held recently in Washington to which Mrs. Locke was a delegate.

The club will discontinue its programs for the season, the meetings on April 4 and 18 will be held at the New Red Cross headquarters, the members devoting themselves to that work. The annual meeting will occur on April 25th.

The Civics committee of the Newton Highlands Woman's Club held a meeting in the Hyde School hall on Thursday morning, when Mrs. W. E. Birdsall spoke upon matters in which women should take a part. Miss Emma Porter of Newton Centre spoke briefly upon Red Cross work telling of what is now being done in Boston. Considerable enthusiasm was aroused among the members.

At the Newton Centre Woman's Club yesterday Mr. MacGregor Judkins, editor of the Atlantic Monthly, spoke before the Woman's Club on "The Making of a Magazine." Mr. Jenkins exploded several time-worn theories concerning the nature of editors and proved conclusively that they are quite human after all. Afternoon tea was served. Miss Dorothy Taylor and Miss Esther Pratt being hostesses.

## NEWTON COMMITTEE ON PUBLIC SAFETY

### Interesting Reports of Its Various Activities as Made to Its Executive Committee

Attention is invited to the following report of the Newton Committee of Public Safety—

#### Committee on Recruiting and Home Guards

James G. White, Chairman

Company C. has been recruited to its full war strength, namely 150, the recruits having passed an examination and awaiting the call of the Government before being sworn in.

General Sullivan, chairman of the Home Guard Committee of the State Committee on Public Safety, has requested that Newton furnish a company of fifty for the State Home Guard. That company is under way and will undoubtedly be recruited to full strength within a few days.

A City Home Guard has been organized and companies are drilling in different sections of the city, about 750 men participating.

The above work was accomplished through public meetings and by sending squads of soldiers with buglers and speakers to different sections of the city to rally young men to Company C and entice the older men to enlist in the Home Guard. The company of 50 will await orders, arms and equipment from the State authorities. The Newton Committee is prepared to arm and equip such men as it desires for active service in the city guard, securing of course proper authority.

#### Committee on Co-ordination of Aid Societies

Mrs. S. Hardy Mitchell, Chairman

Representatives of most of the aid societies and women's clubs have met and determined upon a course of action. The usual activities of those organizations in behalf of Belgians and the Allies, in the making of surgical dressings and bandages in Red Cross work, and Navy League work, will not be interrupted. When Company C of Newton or any men living in Newton belonging in other parts of the service require assistance that fact will be reported to Mrs. Mitchell who will apportion the work among the various organizations.

This work is already begun and this week there will be ready for Company C, 150 sleeveless sweaters, 150 extra pairs of socks, 150 comfort bags, these being the articles suggested by the Captain of the Company as being desirable.

Relief. There has been procured from the Captain of the Company a complete list of members of the Company who may possibly leave dependents at home. Such dependents will be visited within a day or two after the Company leaves for service and such relief as is desirable will be rendered, pending the unwinding of red tape under the plan to

give governmental aid to such dependents.

#### Committee on Finance

James Richard Carter, Chairman

This committee is covering the city well and plans to raise enough money for such equipment as the city guard may need, for the relief of dependents, for the proper assistance of Company C, and for the broad work of food production and conservation.

#### Committee on Publicity

Henry Chambers, Chairman

Mr. Chambers is furnishing to newspapers such copy as it is desired to have printed.

#### Committee on City Protection

Mayor Edwin O. Childs, Chairman

Mayor Childs has been most diligent in following up the various lines of protection for public property. City property has been protected by special policemen. Everything seems to have been done that prudence dictates.

#### Committee on Transportation

William J. Doherty, Chairman

This work has been divided into three classes.

1. The chairman of the Committee has a complete list of the auto trucks and statements from the owners of these as to whether or not they may be used in times of emergency.

2. Horses: Dr. C. A. Boutelle has taken a census of the horses in Newton and secured information as to their particular value.

3. Automobiles: Augustus T. Beatey has had charge of the automobiles. He has a list of all the machines in town, has a captain in each section, has a certain number of automobiles pledged for each day of the week, and has a smooth running, well-organized department.

#### Committee on Motor Cycles

Arthur W. Blakemore, Chairman

There are about 200 motor cycles in Newton. 50 of the men riding these have met and the question whether a motor cycle company will be organized is pending.

#### Committee on Food Production and Conservation

William M. Flanders, Chairman

This committee is vigorously at work planning for the utilization of all the vacant land belonging to the City and in urging not only the cultivation of crops on vacant land belonging to individuals but also economy in living.

This committee has great possibilities, is exceedingly enthusiastic, and good and lasting results are expected from their work.

It is also hoped that the Committee on Co-ordination of Aid Societies will see that the whole City is covered by classes of first aid to the injured and classes for economic cooking.

The efforts of the Newton Committee on Public Safety, organized by the State and sanctioned by the Newton City Government, has made rapid progress the past week in its work of recruiting the State Home Guard. The enrollment in the Guard, the duties of which are identical with the work incumbent upon the National Guard, should the local company be called out for service, now number 44, and when the first drill is held next Friday evening, there is little doubt in the minds of the Home Guard Committee but that at least 500 will be present.

The number now on the roll underwent a physical examination last Tuesday night by a delegation of physicians from the Newton Medical Club, who offered their services. On the evening of the first drill, which will be under the direction of Capt. John C. Mille of Newton Centre, the company will select its officers and then begin active work in military training.

While the State Home Guard are being whipped into shape, the committee will continue its work with the City Guard. The companies in the various sections of Newton are going about the work with regularity and enthusiasm, and the first active work of those enrolled in this division will begin next week in patrol duty.

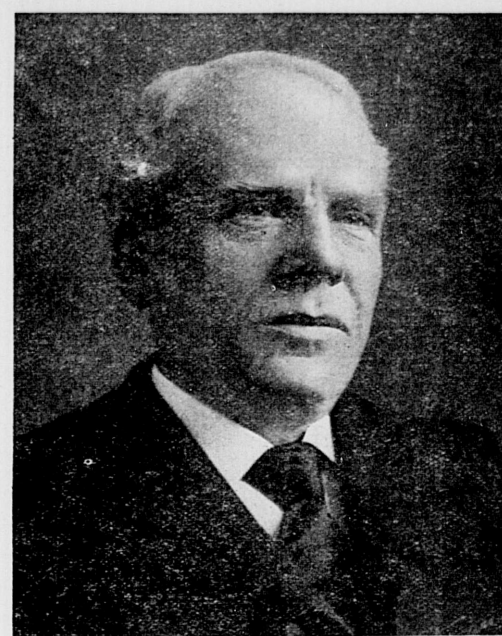

The enrollment in the City Guard now numbers 722 and all have been notified by the committee the time and place of the drills in their respective sections of the city. Members of the Recruiting Committee have been present at each drill seeing that a competent drill master has been on hand.

The enrollment in the State Home Guard is as follows: Arthur C. Colby, Upper Falls; Harold H. Fielder, Newton; Alexander Sweeney, Auburndale; Ellis Spear, Jr., Newton Centre; Bruce R. Ware, Newton; George W. Chase, Newtonville; Columbus G. Carey, West Newton; John McKee, Newton Highlands; James Patchett, West Newton; Orrin P. Ensor, Waban; Michael H. ## DEATH OF MR. CHARLES S ENSIGN

### Active for Many Years in Religious and Charitable Circles

THE LATE CHARLES S. ENSIGN.

Mr. Charles Sidney Ensign, a well known resident of this city, died Tuesday noon at his home on Billings park, from an attack of double pneumonia, with which he was stricken last Saturday.

Mr. Ensign was born in Hartford, Conn., July 26, 1842. He was educated in Farmington and Hartford, Conn., Harvard Law School (LL.B. 1863), the Graduate School of Harvard University 1864, and College of France 1865.

Mr. Ensign engaged in the practice of law in Hartford and New York from 1868 to 1885, when he came to Boston. He was a member of the Common Council of Hartford in 1865, and was active in public affairs in Brooklyn, which was his home while engaged in law business in New York.

For many years Mr. Ensign was a resident of Watertown, and held many important offices, serving on the school committee for 8 years, as trustee and chairman of the library trustees for three years, and as moderator at town meetings. He represented the town in the Massachusetts legislature in 1891, and was a candidate for the state senate in 1895, being defeated by a narrow margin. He made his residence in Newton in 1899, and has served the city as an alderman for 4 years. He was active in affairs of Eliot Church, where he was clerk for 16 years, and auditor since 1913. He was vice president of the Watertown Historical Society, a councillor of the N. E. Genealogical Society, member of the Connecticut Historical Society, a director in the Newton Historical Society, a director in the Florence Crittendon League, was president of the Newton Associated Charities for some years, and a director in the Newton Welfare Bureau.

He married Miss Angeline Faxon Barker, who survives him with one son, Mr. Charles Sidney Ensign, Jr., and one daughter, Miss Angie Gertrude Ensign, both of this city.

The funeral services were held yesterday afternoon at his late residence on Billings park, and there was a large attendance of neighbors and friends. Rev. H. Grant Person, pastor of Eliot church officiated, assisted by Rev. Dr. Wolcott Calkins, the pastor emeritus. A male quartet sang, "Abide With Me," "Jerusalem the Golden," and "Lead, Kindly Light." The interment was at Mt. Auburn Cemetery.

## EDITORIAL

The members of the local and state committees on Public Safety are emphasizing the extreme importance of the work of food production and conservation. Statistics show that the present condition of winter wheat marks a new low record of production and is indicative of a considerable reduction in flour stocks the coming winter. The recent shortage of potatoes is well known, and there is every reason to believe that there will be a great scarcity of food next winter, unless unusual efforts are made this summer to increase the normal production. In addition to our own consumption, we shall be called upon to provide food for the Allied countries in Europe, and to which we must certainly respond to the best of our ability.

The Public Safety committees are, therefore, strongly urging every owner of tillable land to either cultivate it himself, or allow some one else to use it for him. One gentleman, who owns a fine and large estate in Dedham has made plans to utilize his great lawn as a potato field, and others will undoubtedly take similar action. Every land owner and every farmer can do something along these lines, for every bit of produce grown by the consumer himself, relieves the market to that extent, and allows just so much more food to be used by those who are without means of producing it themselves.

The Newton Committee on Public Safety report a most satisfactory response to their appeals for work and money and indicate that the patriotic sentiment of this community has been aroused as never before. The great danger at the present time, is a growing lack of interest in the work as time goes on. It is usually easy enough in the first burst of enthusiasm, to enlist plenty of assistance, but it is quite another matter to keep interest at a white heat for any extended period of time. With every prospect of months of war conditions in the near future, our patriotic fervor ought not to be allowed to cool and should become our habit, rather than a passing impulse.

Many residents of this city are interested in the splendid action of the Boston Wool Trade Association in tendering to the National Government, an option on all the wool needed to supply the imperative demand for equipment for the army and navy. The committee in charge included Mr. William E. Jones of Newton, Mr. Albert W. Elliot of Newton Highlands and Mr. W. R. Cordingley of Chestnut Hill. For over a week, all wool business in Boston has been suspended while an inventory of all wool in stock was taken and arrangements made to submit it to Washington authorities.

Congratulations to Mr. Charles H. Johnson, an octogenarian resident of Auburndale, who is a regular attendant and participates in the routine drill of the Home Guard squad of that village. His example is worthy of emulation by every able bodied man in the city.

Newton Upper Falls is blazing the way for the other parts of the city in its splendid program for observance of a Red Cross Week in that village. Success to its efforts.

### WEST NEWTON MEN'S CLUB

The Men's Club of West Newton held a very interesting meeting Monday evening at the Second Congregational Church. Rev. D. Brewer Eddy of Newtonville, spoke on "Tommy Atkins in Twenty-Five Camps." Mr. Eddy, who has spent considerable time with the Allies in France, had obtained his knowledge at first hand, and his address was received with much enthusiasm. Mr. William F. Garcelon of Newton gave a very enlightening address on the work of the Newton Committee on Public Safety. There was an unusually large attendance.

### VOCATIONAL HIGH SCHOOL

Mr. William F. Garcelon will address the Vocational High School at its Monday morning Assembly, April 16, upon the subject of "Preparedness."

### PREPAREDNESS WORK BY WOMEN OF NEWTONVILLE

That the Newtonville Branch of the Special Aid Society is well organized was brought out by the reports of the various chairmen at a meeting held Wednesday morning, April 11th. The Treasurer reported that 215 members have enrolled to date. It was also reported that 2000 yards of cloth have been cut up into pajamas, convalescent robes, and hospital shirts and 316 garments have been distributed to be made. A quantity of wool had been given out to be made into socks, mufflers, and sweaters. Women who are interested in doing sewing or knitting may receive information by attending any of the group meetings or by telephoning Mrs. W. H. Lucas, chairman of the Supply Committee, between 8 and 9 A. M. at Newton West 680, or Mrs. Malcolm, Newton No. 1047-M, between 8 and 9 A. M.

The group meetings are held every week day except Saturday at central meeting places and are open to any who care to attend. These groups meet as follows—

Mon. A. M., New Church, Mrs. Maynard Maxin.  
Mon. P. M., Universalist Church, Mrs. E. J. Cox.  
Mon. P. M., Vocational High School, Mrs. J. C. Hagar.  
Mon. P. M., New Church, Mrs. Alfred Rice.  
Tues. A. M., Congregational Church, Mrs. Henry Ross.  
Tues. A. M., Universalist Church, Mrs. Louis Ross.  
Tues. P. M., Congregational Church, Mrs. Harrison Fairfield.  
Tues. P. M., Vocational High School, Miss Helen Wadham.  
Wed. P. M., Universalist Church, Mrs. E. C. Wilcox.  
Wed. P. M., Methodist Church, Mrs. Don Leonard.  
Wed. P. M., Page road, Mrs. Calvert Cray.

Thurs. A. M., Congregational Church, Mrs. George Ayranssen.  
Thurs. P. M., Congregational Church, Mrs. Dan Jewett.  
Thurs. P. M., Vocational High School, Mrs. Fred Sherman.  
Fri. A. M., Congregational Church, Mrs. Harold Sherman.  
Fri. P. M., Congregational Church, Mrs. John Byers.  
Fri. P. M., Universalist Church, Mrs. Harold Sherman.  
Fri. P. M., Highland avenue, Mrs. Marcus Morton.

Those who wish to join the Organization may apply to Mrs. H. W. Thayer, 424 Walnut street (Newton North 284) on Monday or Saturday mornings, or Thursday afternoon, where they will receive membership cards. Those who should be with the nominal fee of registration, to Mrs. W. H. Allen, treasurer, Kirkstall road. Service cards should also be filled out and sent to Mrs. J. L. Richards, Kirkstall road.

An interesting account of the progress of the Girls Scouts was presented Wednesday morning by Mrs. J. C. Irwin. Eighty girls are now enrolled under a captain and eight lieutenants, and these girls are to meet every Tuesday at 3 P. M. in the High School Gymnasium. An Advisory Council for Girl Scouts has been appointed under the chairmanship of Mrs. Irwin, consisting of Mrs. Albert Carter, Mrs. W. H. Lucas, and Mrs. Morgan H. Stafford. The co-operation received from the leaders of the Boy Scouts is most helpful and gratifying.

Great results are expected from Ways and Means Committee of 12 members, under Mr. James Richard Carter, who will canvass the town by districts so that everyone will have the opportunity to share in this vital preparedness work.

### NEWTON CENTRE BIRD CLUB

An exhibit of birds, bird nests, bird boxes, etc., will be held at the Newton Centre Bird Club, commencing Monday, Apr. 16, and continuing through the week.

The exhibit will be in charge of the Newton Centre Bird Club, and will be open every afternoon from two until six, also Saturday morning from 9 until 12.

There will be no charge for admission and all interested in birds are invited to attend.

Miss Lillian Coffin is secretary and will be pleased to answer any inquiries.

### THE PLAYERS

The third performances of the year will be given on April 23, 24, 25 and 27, when "Officer 666" will be the attraction.

### Why a "Bank."

A bank is so called because the bench or low table upon which money was changed long ago was everywhere known as a "bank." The German word of bench, The French spelled it "banca," the Italians softened it to "banca," the English left it unchanged. When a man who ran a "bank" or bench for changing money could not meet his business obligations, his bench or "bank" was broken or ruptured, and he became known as a "bankrupt."—Unidentified.

### Fish Story.

There was a fish dinner, and Henrietta, aged five, was doing considerable grumbling about a couple of bones that, despite her mother's caution, were in her portion. Edith, aged six, listened to Henrietta for some time without comment. Then, suddenly, she burst out, patience having apparently reached its limit: "For goodness' sake, Henrietta, don't fuss so! God put 'em there!"

### Scents in Ancient Egypt.

Egypt was a great market for all kinds of perfumes. Women made themselves beautiful through the use of essences, and guests were received in chambers strewn with flowers. Even the dead were not forgotten, for the embalmed mummy was saturated with perfumes and spices, and sweet scents were burned before their statues. Those who could not afford this painted scent bottles on their tombs.

**BRIDGE FOR WAR RELIEF**  
A very successful Bridge for War relief was held Thursday afternoon at the Hunnewell Club under the direction of Miss Lucy Cobb and Mrs. Frank Edwards of Newton.

Fifty tables of auction were arranged in Stanley Hall and the souvenirs were attractive little silk handkerchiefs each of various colors. After the game tea was served from 4:30 to 5:30 in the dining-hall. The rooms were decorated with southern smilax and the table was centered with pink tulips.

Practically everything was donated for the party so the expenses were very small. There were about two hundred society ladies of Newton, who are prominent in war relief work, present, and several from Chestnut Hill prominent in British War Relief.

There was a generous sum realized which was turned over to the Newton French Relief which meets Thursday mornings in Grace Church Parish House.

**GIVING UP HER BOY**  
By Minnie Briggs

Another hope is shattered,  
And another battle won;  
When thousands of mothers,  
Give up their only son.

He wants to join the army,  
And be a soldier too;  
But a true American soldier,  
And set things right for you.

Now cheer up, all you mothers,  
And let that brave boy see;  
That there are many others,  
True Americans like he.

You have raised your boy to manhood,  
He no longer is your toy;  
But a true American soldier,  
In his country's employ.

Now cheer up, all you mothers,  
And stand not in his light;  
But back him in his courage,  
To fight: fight: fight.

**BOY SCOUTS**

The life and drum corps of Troop 7, Boy Scouts of America gave an excellent presentation of historic patriotic music at their headquarters in the Congregational Church, West Newton, Wednesday evening. This was open to the general public. A goodly number were present and were very much pleased with the work of the boys. Scouts Cole, Smith, Sawyer, Newhall, Whitmor, Clark, Pickenor, and Rivlinson beat the drums and Scouts Farnham, Ramee, Edward and Malcolm Dewire, Fleming, Larcom and Peabody played the fife. Scouts Stimes and Sydney Brown trooped the colors while the "Star Spangled Banner" was played. Much of the music of the Revolutionary, 1812, Mexican, Civil, and Spanish wars was played in true drum corps style. Scoutmaster Crowell expects to have a lively musical troop ready for the big Harvard Stadium Rally, which will be held on June 7.

## HAY—MORSE

Miss Genevieve Morse, daughter of Mrs. George W. Morse of Newtonville and granddaughter of Samuel P. B. Morse, inventor of the telegraph, was married Tuesday afternoon at her home, 120 Court street, Newtonville, to Alan Mortimer Hay of Boston.

Because of the bride's illness, the wedding was private and there were present only the members of the families and a few relatives. The large reception which had been planned, and for which the invitations had to be cancelled, is postponed till the evening of Tuesday, April 24, at the home of Mrs. Morse, the bride's mother.

Miss Morse was given in marriage by her mother and had no maid of honor or other attendant. Mr. Hay had as his best man his brother-in-law, Arthur B. Hitchcock of Concord, who married Miss Marion Hay. Rev. Richard T. Loring, rector of St. John's Episcopal Church, Newtonville, was the officiating clergyman. The group of intimate friends of the bride who were to have been bridesmaids at the marriage, will assist at the reception two weeks hence.

The bride's father, the late George W. Morse, was a prominent Boston attorney. One of her brothers is Samuel P. B. Morse, former Yale football captain. The bride has two sisters, Mrs. Nicholas Richardson, formerly Miss Harriet C. Morse, the author, and Mrs. Walter Lovell, who was formerly Miss Rosa Morse. Both live in Newtonville, where Mr. Hay and his bride will make their home at 120 Court street and will welcome friends after May 1.

—A meeting of the Central Guild was held Tuesday evening at the home of Mrs. George Wilson on Madison avenue. The subject was "Jane Addams."

The next meeting of the Club will be held on Monday, April 16th.

—The Foreign Department of the Woman's Association held a meeting Wednesday afternoon at the home of Mrs. E. S. Woodbury on Walnut street.

Rev. D. Brewer Eddy spoke on "Today in Fields Abroad." Tea was served at the close of the meeting.

—The twelfth and last literary meeting of the Every Saturday Club for the year 1916-1917 will be held at the residence of Rev. and Mrs. William E. Strong, 74 Brookside avenue.

A general summary and estimate of Russian Literature will be given by Professor Charles Swain Thomas, Mr. John B. Willis and Miss Lilla Richardson.

—The Mystery Play, "Lady Catechism and the Child," was given Sunday afternoon, April 8th, at the Newtonville Church by twenty members of the Sunday School.

via Church was beautiful and effective as "Lady Catechism," and Master Merton Howard was "the child." The play was most solemn and impressive, as well as instructive—quite out of the ordinary. After the special Sunday School service, all the children were presented with plants.

## GOOD ADVICE

April 11, 1917  
To the Editor of the Newton Graphic, Newton, Massachusetts.

Dear Sir:

In these times of extraordinary stress that evil bird, rumor, is abroad among us with most unfortunate results.

Already serious injustice has been done in our own city by the passing about from one to another of vague rumors based on suspicions only, and not susceptible of proof.

While it is certainly the duty of every loyal citizen to be alive to the dangers from spies, it is a great mistake for us to become the victims of the notion that just because some one neighbor was born in Germany, he is now open to every suspicion which may be bandied about by any irresponsible earlier immigrant. A very large percentage of German-Americans are thoroughly loyal citizens of this country. In spite of the very difficult situation in which they now find themselves, they are and will remain true to their oaths of allegiance and to the highest standards of loyalty.

For their sakes as well as for our own, the rest of us should make every effort to protect them from unfounded rumors and unjust accusations. It seems to me that this is the most axiomatic statement, yet in certain instances at least, it has been very unfortunately disregarded.

If we truly love our country let us make her respected by showing in this crisis no hysteria or readiness to believe the sensational for its own sake. Let us keep our sanity above all things, and let us whose Americanism is a matter-of-course, show our good will toward those whose Americanism demands more sacrifices than our own, and who therefore ought to receive more than ordinary consideration from us.

If we may believe the newspaper reports, Japan has set us a splendid example in this respect by according to her German residents during these years of war, the most courteous and considerate treatment. We of the United States should not take a lower position than that of our Oriental friends.

Yours very truly,

X.

MT. IDA COUNCIL'S DANCE

The Entertainment Committee of Mount Ida Council, No. 1247, Royal Arcanum, who have full charge of the arrangements of the Whist and Dance, to be given in Dennison Hall, Newtonville, on Monday evening, April 23rd, were obliged to make more elaborate arrangements, owing to the very large number of applications for tickets, by members and friends. They have engaged the University Orchestra, under the leadership of Mr. Bloomberg of Boston. It is further announced that several whist prizes were secured for the evening, to be given to the lucky winners. An enjoyable time is assured.

## MRS. EMILY W. HYDE

RESOLVED. That in the death of Mrs. Emily Ward Hyde of Newton Highlands, the C. L. S. C. has sustained a great loss, in its oldest member, and one of the founders of the Club.

Mrs. Hyde was a most faithful worker herself, and was always interested in the work of the other members. Her name was always on the active list, and only last year she gave to the Club a fine presentation of "The Life of Henry James," while the coming month of this year her topic was to have been "What are we doing for the Immigrant?"

She enjoyed literature in all its branches, and her aim was for the highest and best in all things pertaining to this life and the next.

Her enthusiasm was never dulled, nor was her courage in tried places ever seemingly daunted. We shall not forget her bright sallies of wit, and her reminiscences of the past told with impressive utterance; her words and manner will be ever with us.

She was a woman of rare attainments, both as a thinker, a scholar, a friend of all, and as a Christian. She has lived to the ripe age of more than four score years and ten and wonderfully fulfilled her mission, leaving us a bright example.

Our Club has been favored to count her a member, and we most sincerely mourn her loss.

FLAG RAISING AT THE SILVER LAKE CO'S MILL

At 12.50 P. M. Monday, in spite of the weather, a new flag was raised on the well known Silver Lake Co's Cordage Mill, Newtonville, with very impressive exercises—this flag taking the place of the old one which was presented to the Company about 50 years ago.

All of the employees assembled in front of the main office and joined in singing "The Star Spangled Banner" and "America" as the glorious stars and stripes were waved into the air. It was a beautiful sight and though stormy was witnessed with great enthusiasm.

## CABARET-DANSANT

Many Newton Society folk are included in the invitations which have been issued for the brilliant cabaret and dance to be given at Whitney Hall, Brookline on Patriots' Day, April 19, by Mrs. Helen N. Bowers, from three until seven o'clock.

## HIGHLAND GLEE CLUB CONCERT

The second and invitation concert of the Highland Glee Club's ninth season will be given in Bray Hall, Newton Centre, on the evening of Tuesday, April 17, at 8.15 o'clock. Mr. Almon J. Fairbanks will direct, and the assisting soloists will be Mrs. Ida Belle Child, contralto, Miss Mary Cooper, violinist, and Mr. Frank Chipman, cornetist.

The Club will render the following program:—"Rise, Sleep no More," Stewart; "Awake, my pretty Dreamer," Geriecke; "Cradle Song," MacDowell; "Mister Boogaman," Richards; "Loyal Song," Kucken; "A May Night," Abt; (solo by Mr. Ellis); "Dainty Dorothea," deKoven; "Paul Revere's Ride," Buck, (solos by Mr. Ellis and Mr. Fairchild).

The cantata which will be sung as the closing number is not only a remarkably effective musical composition, but especially appropriate since the concert comes almost on the date of the anniversary of the battle where it was first "the shot heard 'round the world," and it is particularly so at the present time for the theme upon which the composer built this golden work is the National anthem.

Not only should this concert bring to a fitting musical culmination a remarkably successful season for the Club, but it is purposed to make it likewise an inspiring patriotic evening and several special features have been planned to that end.

Admission will be by invitation only.

## SPECIAL AID NOTES

Through the generosity of Hunnewell Club, the headquarters of the Newton Branch of the Special Aid Society for American Preparedness has been established in the ladies' parlor on the second floor and from ten to twelve representatives will be present to register members, and give information.

The society gratefully acknowledges gifts for comfort bags received from Hubbard's Drug Store, Otis Bros., Miss Sloan, Hudson's Drug Store, and many from private individuals.

Yarn for knitted garments for soldiers may be purchased at the Woman's Exchange and such garments when finished should be returned there.

A hurry call for knitted socks and sweaters, comfort bags, etc., for the soldiers of Company C, resulted in twenty-five of each, the full quota for Ward 7, being secured.

It is earnestly requested that all articles being knitted for soldiers or sailors by persons in Newton, be finished and returned to the Woman's Exchange not later than Saturday morning, April 14.

## TECHNICAL HIGH SCHOOL

The largest event of the school year, the annual Senior Play, will be held in the Technical High School Hall on Friday and Saturday evenings of this week. The cast have now been rehearsing for nearly two months, and a complete success seems assured. A large attendance is expected from pupils of both schools and from many friends. The cast includes many of the most prominent members of the Senior Class. The dress rehearsal was held in the hall yesterday afternoon, and was attended by a fairly large number of lower classmen.

The regular Monday morning assembly was omitted. The boys of this school, as well as those of the Vocational School, joined the Classical School boys in the other building, where they heard an address made by Mayor Childs at a special patriotic meeting.

In their work of closing all amateur wireless stations in this city, the Newton police have included the station which is located upon the top of the Technical High School Building.

Each class room now displays a large silk flag—Old Glory—presented by Charles Ward Post, G. A. R.

First Lieutenant Walter G. Barrows, Company C, 5th Regt., M. V. M. was a member of the class of 1911, Arthur Taffe, 1st Sergeant of the company, graduated from the class of 1913.

Sergeant Raymond Gibbon, Corporal Robert Cunningham, and Albert Con-sidine were graduated in 1913. Edward Hooper, 1910, and Frank Chivers, 1915, are members of Battery A. Ray Adams, 1916, and Raymond Van Tassel have enlisted with the First Corps Cadets Stuart Daniels, 1916, and David Whittemore, 1915, have joined the Coast Patrol. Other former members of the Newton Technical High School, who have joined military or naval organizations are Lawrence Hollingsworth, Augustus Furdon, George Henricks, Louis Patterson, and Ralph Springfield.

The President's message, of April 3, to Congress was read to the seniors by John Farnan at the class assembly on Friday.

## CLASSICAL HIGH SCHOOL

Mayor Childs addressed the boys of the Newton Classical, Technical, and Vocational High Schools at a patriotic assembly held in the Classical School Hall on Monday morning, April 9. His purpose was to point out ways in which the high-school pupils may be of service to their country in the present war. Mayor Childs gave statistics showing that the European War is by far the greatest war in the history of the world, and gave a clear idea of what our nation's part in the conflict must be. He then pointed out various means by which every man, woman, boy, and girl in the United States can be of aid. He strongly advised the boys of the Newton High Schools to remain in school and give their best efforts to their studies for the present, in order that they might be the better fitted to serve their country if the need should come later. In his opinion, a system of military training would be of great benefit in the school, as the boys who were trained in this manner could later be called upon for duties similar to those of the militia.

A second assembly of the Classical High School pupils was held Wednesday morning, April 11. President Wilson's recent message to Congress was read in an impressive and interesting manner by Mr. Albert Farnsworth of the History Department. Mr. Richmond, head of the Science Department, then discussed the advisability of arranging for a system of military drill in the High School. He made clear that if the boys should organize a company in the school, they ought certainly to go into the matter in all seriousness. In Mr. Richmond's opinion, the training should be under the supervision of a commissioned army officer detailed by the State for that purpose.

The annual Senior Reception will be held in Temple Hall, Newtonville, on Saturday evening, April 21. All the pupils of this school have been invited to patronize this dance. The following ladies will serve as matrons: Mrs. Clift R. Clapp, Mrs. Ernest F. Lovejoy, Mrs. Enoch C. Adams, and Mrs. Charles H. Voe. The ushers will be Gerald Henderson, Henry Garritty, Fredrick Howell, Paul Nash, William Fawcett, and Russell Simpson. Kenneth Voe is in charge of the arrangements.

A dance for the benefit of the Newton High School Girls' Tennis Teams will be held in the gymnasium at two-thirty this afternoon.

The members of the Senior Play cast attended a party at the home of Miss Elise Dodge on Thursday evening, April 12.

On account of the recent unfavorable weather conditions, all baseball practice has been called off since last Thursday. The snow has also prevented the games scheduled with Watertown and Natick. Coach Dickinson, who has recovered from his illness, has divided the squad, and expects to hold practice this afternoon. If the weather permits, a game will be played with Huntington School at Clafin Field tomorrow afternoon.

## MOTHERS' REST

The Mothers' Rest Association asks that housekeepers will remember the needs of Rest at this season while renewing and repairing their own home furnishings.

A mattress 27 inches by 54 inches is wanted.

Pillows and crib pillows. Strips of carpeting. Toilet sets and soap of any kind. Hot water bottles.

There are only a few special needs and Mrs. H. J. Wheeler of 111 Grant avenue, will be glad to be consulted for other suggestions or will answer any questions on this subject.

The Association expects to make of its work this summer, a real answer to the call for aid from the families of men who are enlisting in the Army and Navy.

Will you help us to help them?

## FLAG RAISED

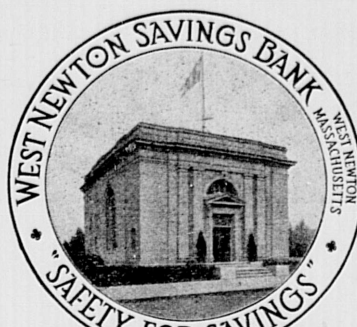

Over 200 persons were present Saturday afternoon at Chestnut Hill when a large American flag, donated to Troop 12 of Boy Scouts was unfurled at Troop Headquarters, 379 Hammond street.

The flag was presented by George Bramwell Baker and the staff by Montgomery Rollins. Rev. Lucian W. Rogers offered a prayer for the flag and America. The Scouts saluted, repeated the "Oath of Allegiance to the Flag" and "The Scouts' Oath." Addresses were made by O. E. Loomis, Chief Scout Commissioner, and by Rev. Edward Hale of Chestnut Hill. Singing of "America" closed the exercises. The Scout Master of Troop 12 is Charles H. Kip.

5 or 10 CENTS cost of telephoning to FRANK A. LOCKE will be refunded to you at time of tuning

## WOMEN'S CLUBS

Miss Grace M. Burt, Editor.

Comment has been made in this column recently upon the things which a prospective president might do to fit herself for the position, the nomination to which she has accepted. Are there not also certain things which the retiring president might well consider as to her own administration as she is laying down the office? Has the club increased in numbers, have these brought to the club new interest, has the work of the club been strengthened thereby? Is the club in better financial condition than when she became president? Has the increased income been wisely spent? Has a true proportion been kept between the social and the philanthropic sides of the work? Does a spirit of harmony prevail above that which existed before? Are the members any more interested than formerly in the serious work of the club? Are they desirous merely of being entertained? It is impossible to see many results in two or three years and the good seed sown by one president often does not yield its harvest until in some later administration, so she need not be discouraged if she finds on the surface but little that is apparently the outcome of her work. If, however, she cannot find a single thing to point to with pride, then she would better be looking to her laurels while it is yet not too late, for not to advance is to fall behind.

The Club Editor will gladly serve in any way that is possible, the new organizations formed within the past few years to aid in preparing the nation for the coming crisis. The secretaries will confer a favor by informing her of any items which will further their work. Address Miss Grace M. Burt, 94 Charlesbank Road, Newton, or telephone Newton North 923-M. Items accepted up to Thursday noon.

### State Federation

Tuesday, April 17, 10:30 A. M. All-day conference of the Art and Civics departments at Scituate. An attractive program is arranged. All interested club women are invited to attend. Trains leave South station, Boston, 8:52, 10:58 and 12:49.

Friday, April 20, 2 P. M. Joint conference of Civics and Conservation departments at Medford. Train from South station, Boston, 12:40 P. M.

### Newton Federation

The annual meeting of the Newton Federation will take place on Tuesday, May 1st, at 10:30 in the Central Congregational church, Newtonville. The entire day will be given up to Federation work with brief post-prandial exercises in connection with the luncheon and music at the opening of the afternoon session. Tickets for the luncheon must be secured from Mrs. Harry N. Milliken before April 27.

### Patriotic Fete

Thursday, May 31st, is the date decided upon for the annual affair of the Newton Federation for raising money with which to carry on its work. A Patriotic Fete is being planned to be held on the grounds adjoining the Technical High School, corner Hull street and Lowell avenue. Many attractions are being arranged, further details of which will be announced from time to time in this column.

### Local Announcements

On Saturday the Newton Highlands Shakespeare Club will meet with Mrs. Harry N. Milliken, of Franklin street, Newton.

Mrs. Fred R. Hayward of Centre street will be hostess for the meeting of the Newton Highlands C. L. S. C. next Monday afternoon.

"Practical Interior Decoration" will be the subject presented by Mrs. Elsie K. Chamberlain before the Bright-helmstone Club at its meeting on Monday, April 16. Activities next week in connection with the club's May Festival include a Lunch Party on Monday evening, a Card Party on Tuesday afternoon and a Costume Party on Wednesday evening. These have been arranged by various tables and will take place at the clubhouse.

On Tuesday at one o'clock the members of the Newtonville Woman's Guild will meet at the Newton Club for the annual luncheon. The business of the annual meeting will be transacted in the same place following the luncheon.

The Auburndale Review Club will hold its annual meeting at the home of Mrs. E. J. Frost, 379 Central street, on April 17, at 2:30.

On Wednesday morning the Social Science Club will have a paper on Art by one of the club members.

Thursday, April 19, at 2 P. M. the Newton Ladies' Home Circle will meet in the G. A. R. Hall, Newtonville. The meetings are helpful and inspiring, while the interest is increasing with enlarged membership.

The Christian Era Study Club meets with Mrs. H. G. Bissell in West Newton on April 16th.

Copies of the early history of Auburndale very soon to be published by the Auburndale Woman's Club may still be ordered from Miss Louise Pelouhet. After April 24th the price will be increased. Proceeds go to the American Red Cross.

Through the generosity of the owner, A. Lawrence Burrows, the use of one of the new stores by the Auburn Street bridge has been given to the Navy League and the general and various lines of preparedness work in the community. This store will be equipped and opened as headquarters, both for the distribution of materials, and as a sewing center where every one who has a little time to give, may drop in and work. The loan of kitchen tables and chairs suitable for sewing is desired. If anyone who can lend

such articles will notify Mrs. Charles A. Brown immediately, they will be called for and returned later. This new headquarters will be open every week day from 9 to 6. Come in!

### Local Happenings

Owing to the severe storm of Monday it was necessary to postpone the meeting of the Newton Highlands C. L. S. C. announced for that afternoon. Miss Rich who was to have spoken will address the club at a later meeting.

At the recent meeting of the Christian Era Study Club, held with Mrs. H. H. Longfellow, Miss Ranielt gave a most interesting paper upon "Latin Hymns."

Children's Day of the Waban Woman's Club was an unqualified success. Annie Verner Baker entertained the children with sketches, animated dolls, recitations, modeling, shadow pictures, and songs, and they proved an eager and responsive audience. The animated dolls with the songs, "Little Miss Finger-toes" and "A Pain in my Sawdust," were particularly funny. The entertainer was wonderfully clever in the fashioning of hats of various perils on the subject of the crisis, without which there would have been no "party."

The course of lectures and demonstrations of foods given before the Newtonville Woman's Guild under the auspices of the Home Economics department last week proved enlightening and practical. Miss Myrie Ethel Robinson was the demonstrator and gave many new ideas, suggested new kinds of food to prepare, as well as new ways of preparing old kinds. She also made explanation of food values.

Woon Young Chun, the young Chinese student at Harvard, spoke to the Women's Club of Newton Highlands on Tuesday afternoon to a most interested audience. He told of the manners and customs of his country, contrasting many of them with those prevailing in our own. Mrs. E. H. Roby, chairman of the Education committee of the club introduced Miss Joselyn who spoke of the University Extension courses offered by the State. It is probable that a class in American history will be organized by the club next fall.

Miss Alice Bradley of Miss Farmer's Cooking School addressed the Social Science Club on Wednesday morning on the subject of "Food Values." Miss Bradley stated that in the present crisis it is not probable that it will become necessary for many of us to get down to the 25 cents a day basis, but that the women whose husbands go to war will have difficulty to feed their families upon the \$40 to \$50 which the government will allow them. On this subject of economy will need to be practiced and we can begin by cutting down the waste in the kitchen. She explained the term calorie as the unit of measure of the energy which food gives the body and while a comparatively new term, it is not a difficult one to understand and use. The average person under normal conditions of work and exercise requires 2500 calories of food per day to be properly nourished and most menus are figured upon that basis. In children a year-old should have 900, while growing boys often consume 5000. The diet should be so divided that there may be 2250 calories of starch, sugar and fat and 250 of protein. A diet with too much protein is fraught with danger. Every child needs a quart of milk a day, while the grown person should have a pint all told, including that in cooked foods. The amount of money spent for fruit, vegetables and milk should be about equivalent to that for meat, fish and eggs. If the latter exceeds the former, some re-adjustment should be made in the diet. Samples of various foods intended to show the comparative caloric value were on exhibition and revealed much that was helpful. Miss Bradley spoke as one having authority and not as a fadist, which made the talk of value to all, as was attested by the interest shown and the questions asked at the close.

At the meeting of the Auburndale Woman's Club on Tuesday Mrs. F. P. McCormick was the soloist with Mrs. MacNutt at the piano. Mrs. McCormick's beautiful soprano is well known through her work for the Federation, and she sang with authority and insight. The first number was an Aria from "Tannhauser." This was followed by a group of songs, "The Young Man" by Schubert, "Cradle Song of the Poor" by Moussorgsky, and "I've been Roaming" by C. E. Horne.

Dr. Samuel M. Crothers spoke on "Every Man's Natural Desire to be Somebody Else." He defines tactlessness as literalness. It is a fundamental error to take people as they are. You do not know a man till you know what he would like to be. Every man desires to be somebody else, and to exercise other faculties than those called upon by the ordinary routine. The poet, the porter, the musician and the housemaid, all want to do something more, often in impossible ways. Hence arise many perplexities, and much comedy.

There is also a serious side. Every man has been somebody else. The new baby may be anything. The boy may be a dozen kinds of person in an hour. But the "shadows of the prison house" gather and the man of forty must be just a person doing one thing, more efficient but less interesting. Yet the dreams of youth are not dead, the other selves are hidden, but still there. When like King Richard's minstrel, some occasion sings an old song, a window opens in the soul and the captive looks out. Men's desires are usually to be better than they are, higher, nobler, freer. Outward circumstance is only the covering. Modern philosophers place the heart's desire at the very center of life. That these other selves may be invited and developed, we should take more seriously the idea of leisure time, and the capacity of joy.

The Annual Meeting of the Newton Woman's Club was held following a luncheon at the Newton Club, on April 12. The report of the officers and committees showed an active and effective organization.

The Newton Centre Woman's Club incorporated, having previously voted the club into the corporation at this meeting, the merger was accom-

plished, and the club in the future will be legally known as the Newton Centre Woman's Club, Incorporated. The following officers were elected: president, Mrs. Gailford M. Stuart; first, vice-president, Mrs. William B. Neal; second, vice-president, Mrs. Edward B. Bowen; recording secretary, Mrs. Thomas B. Booth; corresponding secretary, Mrs. Sumner Clement; treasurer, Mrs. Warner R. Holt; auditor, Mrs. Burton P. Gray.

The W. O. B. A. R. D. held a regular meeting on Thursday, April 12th, at the Brunswick Hotel, Boston. Mrs. Henry C. Mulligan, Past President of State Federation of Women's Clubs gave a very interesting talk on "Colonial Women and their times." Miss Methyle Jordan, a soprano soloist gave several selections in a delightful manner, accompanied by Mrs. Raymond Perry of Natick. A large number of guests and friends enjoyed the social hour, and refreshments.

### BRAE BURN TO HELP

Energetic co-operation is being given to the Brae-Burn Country Club to the proposed plan of the United States Golf Association that unused portions of golf links be utilized this year for raising foodstuffs. A Brae-Burn committee will meet soon to lay plans for the work and, in the whole-hearted fashion that the West Newton Club habitually goes into various projects, the chances are that between 75 and 100 acres will be put to cultivation.

While the Brae-Burn Club will not sacrifice any of its regular golf course to agricultural pursuits, it will sacrifice a plan to develop this season an auxiliary nine-hole course which was to relieve some of the congestion on the 18-hole layout. Some of the land which was to have been utilized for the new layout is considered excellent for farming purposes.

Mr. H. L. Ayer is chairman of the committee in charge.

### DONALDSON-NASH

Miss Hildegade Nash of Newton, a graduate in 1912 of the Royal Conservatory of Music of Brussels, in the violin class, was married in Baltimore on Wednesday afternoon, April 11, to Vaux Donaldson of Philadelphia. Rev. Harry P. Nichols, D. D., rector of Holy Trinity Church, New York, performed the ceremony in Grace and St. Peter's Protestant Episcopal Church, and Rev. Romily F. Humphries, rector of that church, assisted.

### RED CROSS WEEK IN NEWTON UPPER FALLS

Thruout the village of Newton Upper Falls, shining dazzling red posters announcing Red Cross Week from April 15th to 19th. In preparing for this week the whole village has united. The English, Irish, Polish, Italian, Armenian, and American inhabitants are co-operating to an inspiring degree for the success of the work. All the churches, lodges, and clubs actively interested. Heretofore there has been nothing to so unite the people, though attempts have been made; but now, on a miniature scale to be sure, the democratic principles of this government are standing forth.

To make the work a success, contributions of both time and money have been clearly and freely offered from all quarters. There are altogether one hundred and twenty-five people on the committees. Miss Ethel Sabin is chairman of the general committee which consists of representatives from all the churches and organizations. Mr. Lewis P. Everett is treasurer and Mr. Arthur C. Colby, secretary. There are also a number of lesser committees in charge of special events. The headquarters for the work is the home of Mr. Charles R. Mills, 23 High Street, who has shown such great generosity in thus opening his home to the public.

The great Mass Meeting to be held in the Emerson School Hall, Sunday night at eight o'clock, is to open the week. Our mayor, the Hon. Edwin O. Childs is to preside. The program has been arranged that all those present may become immediately familiar with the workings of the Red Cross and may catch the spirit. Patriotic songs will be sung and Mr. Robert B. Greenough will give an illustrated talk on the general subject, while Mrs. C. C. Ely of the Red Cross Headquarters in Boston, will explain the work of the Red Cross.

Monday is known as Flag Day and Illumination Night. There will be street singing of patriotic songs in the evening, led by the various church choirs. Boylston Hill is to be the gathering place for these groups, while they are to reunite at the Emerson School to witness the unfurling of the flag which will be illuminated. On that night the whole village will be ablaze with light for everyone has been asked to burn a red fire in front of their home.

Everyone desiring to join the American Red Cross will have a special opportunity to do so Tuesday, Campaign Day. On Wednesday evening a concert will be given by the children of the village at the Emerson School Hall. Choruses, playlets and flag drills will be given by little ones representing all nationalities, and whoever goes may be sure of a good entertainment for both the school teachers and children have united in their efforts to make it a splendid success.

Finally, the last day being Patriots' day and consequently a holiday, every moment has been planned so that the whole community may spend it together. In the morning three hundred Boy Scouts from all parts of Newton are to parade. At ten o'clock, they will give an exhibition of first aids to the injured on the playground. A few hours later in the same place, the N. U. P. A. will play one of its exciting ball games. This association has charge of the afternoon when there will be "special feature" booths and lemonade and candy on sale. Thruout the day white capped girls will be selling flags. In the evening, at seven-thirty, in the Auditorium there will be a moving picture, "The Prince of Graustark" and readings given by a member of the Currey School of Expression.

It has been felt that in this section most help may be given by organizing a sewing department to work for the Red Cross. Mrs. Henry Fanning is

**BIRCH-BURDETT**

The wedding of Miss Elizabeth Martin Burdett, daughter of Mr. and Mrs. George A. Burdett of Newton Centre, and Mr. Harold Wadsworth Birch, Harvard, '14, son of Mr. and Mrs. Albert Birch of Belmont, was solemnized Monday evening at the bride's home on Gray Cliff road.

The ceremony was performed at half past seven by Rev. Edward McArthur Noyes, pastor of the First Congregational Church of Newton Centre. The bride stood under an arch of green and a marriage bell that had been used at the golden wedding of the brides grand-parents. The rooms were beautifully decorated by Palmer of Brookline, Spring flowers in effective combination with Easter and Annunciation lilies being used in abundance. A special and rarely beautiful

feature of the floral decorations were the orange blossoms, fresh from the conservatories of a friend of the family, which were arranged in all of the rooms.

The bride was given in marriage by her father, and was attended by her sisters, Miss Ellen M. Burdett, and Miss Sylvia S. Burdett as bridesmaids.

The bridegroom was assisted by Mr. Cliff W. Birch, Harvard, '15, of Belmont, as best man. The ushers were Mr. Stanley W. Birch, '20, Harvard, of Belmont, Mr. Richard E. Burdett, Harvard '20, of Springfield; Mr. Irving R. Shaw, Tufts '11, of Palmer, and Mr. James A. Howe of Belmont. A large reception was held after the ceremony, and Mr. and Mrs. Birch were assisted in receiving by their parents. On their return from a wedding trip they will reside at 31 Gornham street, Cambridge.

**ORGAN RECITAL**

The mastery of two wonderful musical instruments was demonstrated before a very large and appreciative audience on Thursday evening in the Church of the New Jerusalem, Newtonville, when Mr. R. Huntington Woodman of Brooklyn, N. Y., gave a recital on the new organ, assisted by Miss Cecelia Bradford, the wonderfully gifted violinist of Newton.

Mr. Woodman is "Fellow of the American Guild of Organists, Fellow of the Brooklyn Institute of Arts and Sciences, and president of the Department of Music, Organist and Choir-master of the First Presbyterian Church; Director of Music Packer Collegiate Institute, and of Theory Department Master of School of Music American Institute of Applied Music (Manhattan) and Conductor of Woodman Choral Club.

The program included 12 numbers and the high character of the musical entertainments given at this popular church was well maintained.

The selections by Mr. Woodman showed him to be a finished artist in his line, and the soulful compositions of the great masters Handel, Bach, Schubert, Wolstenhohn, and Heinrich Hofmann, and pulse quickening popular selections were rendered with equal ease and proper understanding. It has been said that to really appreciate Bach one must hear his music played on a harpsichord and by moonlight. The popular idea of his music is that it is complex and incomprehensible and generally noisy. The Fantasia in C Minor played by Mr. Woodman, disproved at least a part of this opinion. The listener heard a simple melodic theme now here, now there, but always easily discernible, interwoven with beautiful harmonies. One can almost see the moonlight and feel the atmosphere of quiet restfulness.

Among the beautiful numbers were "Snow-Flakes," variations from Concerts in B flat, Widor's "Scherzo from Symphony IV," "Evening Bells and Cradle Song," which brought out the fine effects of the organ chimes and an original composition by Mr. Woodman, "Cantilene in B flat," which was greatly enjoyed.

The violin selections by Miss Bradford afforded extreme pleasure to the audience; of charming presence, keen, artistic, and extensive concert experience, she is admirably qualified by nature and training to rank as an artist of the first order. She received instruction from Ysaye, the great master, has met with marked success as a concert violinist. Her wonderful interpretation of Ries "Adagio," Schubert's "Wienlied," and Gossec's "Gavotte" brought out the sweet and sympathetic tones of her beautiful Maggini violin and in her exquisite rendering of these marvelous compositions the harmony was superb; the little musical instrument seemed to almost speak and the artist held her audience fairly spell bound.

**LEAGUE FOR NEWTON HOSPITAL SOCIAL SERVICE**

Return postal cards explaining this campaign are being mailed to the residents of all the Newtons. You can help this good work by filling yours in with your name and address and returning it at once. A large bag will then be sent you for loose papers. Tie up your magazines and newspapers, please. Trucks will call and collect papers very soon, and in May and June also. DO NOT THROW AWAY YOUR PAPERS.

**RECEPTION**

Dr. Guy M. Winslow, principal of Lasell Seminary and Mrs. Winslow, entertained at a reception on Thursday evening in the parlors of the Seminary. In the receiving line with Dr. and Mrs. Winslow were Miss Jennie L. Royer and Monsieur Lamond. After the reception the guests repaired to the Gymnasium, where an excellent musical program was arranged for the entertainment. It included a group of songs rendered admirably by Mr. Alden Clark, baritone of Sandwich, Mass., with piano accompaniments by Miss Josephine Thompson.

After the program Monsieur Flammont gave an interesting account of his experiences at the front. He is the son of the French Consul and has been for several years in the French Army, where he was wounded decorated for bravery in rescuing wounded comrades, and captured, all alone, 8 German prisoners at one time. He gave a very fine discourse and explained many interesting points connected with the war.

### PATRIOTIC BALL

#### Mothers' Rest Association the Hostess of a Brilliant Affair at Newton Centre

Bray Hall presented a glorious sight on Saturday evening on the occasion of the grand patriotic ball given by the Mothers' Rest Association of Newton Centre. United States flags were hung in profusion about the hall giving the affair a distinctive patriotic touch, and boxes, for parties, were arranged along the sides.

Before the dancing commenced, Colonel Morton E. Cobb, secretary of the Newton Committee on Public Safety, announced that the Home Guards, among them being some of the most prominent citizens of Newton, would join in the festivities and more than one hundred members were led in a grand march about the hall by His Honor Mayor Childs, before an admiring crowd of spectators.

Captain Henry D. Cormerais of Company C, Massachusetts Volunteer Militia, and Mrs. Cormerais, were guests of honor, and led the grand march of the dancers just before the intermission.

A very beautiful and novel feature was a patriotic exhibition dance by Miss Elsie Harrington of Newton Centre, assisted by eight young ladies, the Misses Mabel Stimson, Virginia Spear, Mabel Mason, Eleanor Edwards, Gladys Keesler, Ruth Pierce, Helen Shumway, and Beatrice Lowell. Miss Harrington, robed in white with an American flag on either side, represented "Columbia," the Spirit of America, and the eight young girls wore red, white and blue striped skirts with blue bodices dotted with white stars, and danced thru the various figures most gracefully, to the accompaniment of the "Liberty Bell" and other of Sousa's popular melodies, by Hoppe's Orchestra. At the close a delightful solo dance was given by Miss Harrington, and the young ladies joined in the grand march around the hall with Captain Cormerais and the entire company of dancers.

Among the guests were many military men, Mr. and Mrs. Arthur C. Badger entertained in their box three Boston Cadets, Messrs. Newhall, Scott

and Stevens; also the Misses Ernst, Mr. Parsons and Mr. Carl Wheeler. Others who entertained box parties were Mr. and Mrs. George W. Crampton, Colonel and Mrs. Morton Cobb, Mr. and Mrs. Edward Bowen.

The matrons were Mrs. Arthur C. Badger, Mrs. William M. Flanders, Mrs. Charles E. Kelsey, and Mrs. Joseph L. Colby.

Mr. George W. Crampton was head usher and was assisted by Mr. William May, Mr. Anson Bacon, Col. Morton Cobb, Mr. Arthur C. Badger, Mr. James Gardner White, Mr. Brigham, Mr. Newhall, Mr. Augustus T. Beatey, Mr. Heywood, Mr. Kenneth Morse, Mr. Alfred Crampton, Mr. Carlton Brown, Mr. Wilkins, and Mr. Francis Wales.

During the intermission a delicious refreshment course was served by Paxton, who very generously catered at reduced rates for this occasion. All of the service rendered was given freely for this worthy cause and the success of the affair was in a great measure due to the efforts of the committee, which was under the chairmanship of Mrs. George W. Crampton, assisted by Mrs. Robert E. Anderson, Mrs. George M. Angier, Mrs. Arthur C. Badger, Mrs. Dwight S. Brigham, Mrs. Henry C. Bradford, Mrs. Frederick P. Cutler, Mrs. Clifford L. Dow, Mrs. Ripley L. Dana, Mrs. Charles N. Fitz, Mrs. Fred R. Heywood, Mrs. Ralph N. Hall, Mrs. Charles E. Kelsey, Mrs. Albert M. Lyon, Mrs. Payson T. Lowell, Mrs. Frank A. Mason, Mrs. Howard M. North, Mrs. T. A. Plimpton, Mrs. George A. Remick, Mrs. George F. Schrafft, Mrs. J. Rollin Stuart, Mrs. George Walker, Mrs. Harry C. Walker, Mrs. Prescott Warren, and Mrs. Charles B. Wilbur.

There were several dinners given before the dance; among those who entertained were Mr. and Mrs. Edward B. Bowen of Summer street and Mr. and Mrs. Rice gave a dinner at the Brae Burn Club.

### THE NEED OF HOME GARDENS

#### Some Facts and Figures and An Interesting Report of the Work of the Newton Committee on Food Production

While there is widespread interest throughout Newton in the planting of home gardens, it is doubtful if many people realize the real seriousness of the situation as to food in this country. Those who are familiar with it agree that it is the most serious problem confronting the American people today.

Massachusetts is one of the worst circumstanced states in the union. Some 90 per cent of our population live in the cities and we are dependent to a distressing degree upon outside food supplies. An interruption of transportation alone would make the situation serious, but added to this there is an actual shortage of crops all over the United States. In many parts of the west the winter wheat crop is only about 50 per cent of that of last year which was not a large crop. Both wheat and corn have gone to record figures and as the latter is the raw material for the meat supply, it means that beef, pork, chicken and other meats are not only high but scarce. The high price of grain for the feeding of animals is leading stock raisers to market their breeding animals even. Everyone who has breeding animals, whether cows, sheep, swine or chickens, should keep them in spite of the high cost of food, and there is every reason to believe that this policy would mean large profits, as well as being of great assistance to the country.

In addition to the shortage of food in this country due to bad crops, there is a tremendous shortage of food stuffs all over the world. This is aggravated by difficulties of water transportation, so many cargo carriers having been sunk by the submarines, and so many others taken for government use that it is impossible for Europe to avail itself to the best advantage of supplies in other parts of the world. For instance Great Britain owns immense quantities of wheat in Australia, but as it takes four times as long for a ship to make the round trip to Australia as it does to Canada or the United States, she is obliged, because of the limited number of ships available, to rely upon the American and Canadian supply. The Russian supply, because of the closing of the Dardanelles and the

lack of ships for other routes, is not available.

Now that the United States is at war on the side of the allies any relief of our own situation by refusing to supply England and France is out of the question. It is essential that our allies be kept supplied with food. If they are not they cannot fight, and they are fighting for us as much as for themselves.

Therefore, there is only one thing to be done and that is to increase the food supply in this country to the utmost and every little helps. Every man, woman or child who raises vegetables or chickens is doing his or her bit for the nation.

That we might do more in New England hardly needs argument. There is today under cultivation in New England 42 percent less land than there was fifty years ago.

Between 1900 and 1910 there was an actual decrease in the farm acreage of Massachusetts of 271,123 acres, or nearly 10 per cent, while during the same time the population increased 561,970. In the fifteen years following 1890 the number of dairy cows in this state decreased from 200,650 to 145,016, a decrease of nearly 40 per cent, while the population gained 95 per cent. In the ten years ending in 1910 the milk produced per capita decreased one-third and the butter two-thirds. The same per capita story is true to a more or less degree the country over. These figures show the possibilities and necessity of increased production of food.

In Newton this can be accomplished by practically speaking only by home gardens and every family will plant and cultivate for its own requirements as appreciably assisting in this great work. The Food Supply Committee of the Newton Committee on Public Safety is organizing the work as fast as possible. Thousands of cards are being distributed asking first, whether the recipient will cultivate his land; second, whether he has more land than he can use, which he will allow others to use, and third, whether he will use land if he can obtain it. If any of our readers have not received, or have misplaced these cards, and wish one it can be obtained from Miss Rich at the Newton Welfare Bureau, Clafin Block, Newtonville.

The Committee is working through the village improvement societies in the several villages and application

should be made to the officers of these societies for detailed information as to obtaining fertilizer, etc., securing men to plough and for advice as to how and what to plant. Next week we will go more in detail into the Committee's work.

What the Committee on Food Production and Conservation has accomplished in the nine days since its organization has exceeded the fondest anticipations of the Newton Committee on Public Safety. While Newton has the State wide reputation of being "The Garden City of Massachusetts" this fact will be more pronounced this year than ever if the present enthusiasm in regard to putting to use every available piece of land in the city for farming purposes is continued.

Chairman William M. Flanders of the committee has a most enthusiastic crop of experts on his staff and municipalities throughout the State are at the present time seeking his advice in order to get this work, considered the most important of all, in working order. Every night this week speakers from the Newton Committee on Public Safety have addressed various clubs of this branch of the work with the result that all sections of Newton have entered with vigor.

All available land suitable for farming purposes has been listed by the committee and the Board of Aldermen have already appropriated the sum of \$1000 for this work. Circulars have already been printed to be distributed by the Boy Scouts to every house in the city, and plans are now being made to have distributed a book on the essentials on farming written by Horace W. Hall.

Forestry Commissioner William W. Colton and Alfred McDonald, a teacher in the Newton Schools, will supervise the work on the gardens and their expert advice will assist the amateurs in their work immensely.

The Improvement Associations and various manufacturing plants are co-operating in this work. The employees of the manufacturing organizations have agreed to work the soil during their noon hour, and other leisure time, and the improvement societies will see that the work undertaken by them will show results.

The School officials will see that a certain portion of the school time for (Continued on Page 2.)

### LIQUOR PERMITS DISCUSSED

#### Aldermen Intend to Wait for Gov. McCall to Sign Pending Legislation on the Matter

There was unusual interest taken in the meeting of the aldermen on Monday evening when action was expected to be taken on the granting of pony express licenses, and on a proposed public garage at Newton Corner, and there was a large attendance of interested citizens.

The pony express matter fizzled out as the board, after some discussion, recommended the petitions to await action by Governor McCall on pending legislation on this subject. The garage petition was granted without debate.

President Early was in the chair and Alderman Hendrick was the only member absent.

Hearings were held on Edison conduits in Beacon street, Waban, for pole locations in Bullough park, for poles on Chapel street, for laying out under the betterment law of Cross road and Brewster road, and on petition of W. P. Smith to keep 1000 gallons of gasoline on Centre street, Ward 6, at which no one appeared.

At the hearing on taking land for sewer in Old Colony road, Chestnut Hill, Messrs. O'Meara and Spaine spoke in favor saying that this development covered 5 lots of land, and would represent \$750,000 valuation when built upon.

An informal hearing was held on application for a private garage for 2 cars in new block to be erected on Commonwealth avenue and Chestnut terrace. Mr. R. L. Dana spoke strongly in opposition and Mr. E. H. Kidder also remonstrated. After the matter was reopened to allow Mr. H. F. Purington, president of the H. W. Savage Real Estate Company to speak in favor, as the cars were to be used by them for business purposes.

Mayor Childs sent in several communications, making changes in various salaries of clerks and subordinates, and making the total budget, \$1,775,221.04, recommending \$800 for a school dental clinic, \$1000 for preparing land for cultivation by citizens, for flagpoles at Nye park, and Newton Corner, for pensions for certain police and firemen, and appointing Andrew Prior a constable.

The Newtonville Improvement Association requested legislation affecting bill boards and, the Water Commissioner requested authority to lay certain water mains.

A. C. Webber offered land on Waban Hill road for planting purposes during the coming summer.

John T. Burns, Jr., was granted an auctioneer license. William Jenks a permit to move a building on Nevada street, T. A. Brady to move a building to Gay street, and a large number of permits to use private garages were approved.

Petitions were received from Mich-

ael Hughes for a junk license, M. Farine for a pool table on Adams street, Edison Company for attachments on Gibbs street, the Telephone Company for relocation on Marlboro street, and to remove poles from Elmwood street, W. B. Page for concrete sidewalks on Walnut street, E. J. Ball for sewer in Boylston street, L. K. Lissett for acceptance of Sawaco road, for a sewer in Harvard street, for laying out of Carver road under betterment act.

On report of committees, leave to withdraw was granted on the laying out of Carver road, under general laws, hearings were assigned on taking land for sewer in Silver Lake avenue, and for concrete sidewalk on Maple street, authority was granted C. I. Bucknam to lay a sewer house connection at a 1.5 per cent grade, the improvement of Pleasant street was referred to the Street Commissioner, and water mains were ordered laid in Dalton road, Gibbs street, Bigelow road, California street, Commonwealth avenue, Harvard street, Homer street, Furber lane, Manomet road, Metacomet road, Moffat road, Old Colony road, Randolph street, Ricker terrace, Silver Lake avenue and Taft avenue, the Mayor was authorized to quitclaim certain rights of the city in land off Bigelow road in return for a right of way and \$350, E. B. McKinney was granted a public garage on Washington and Thornton streets, E. E. Wiley permit to keep 1000 gallons gasoline in Newton Centre, leave to withdraw was granted on license petitions of L. Franchel, second hand dealer, M. S. Belezian, pool room, L. D. Spanos, pool room, R. W. Averell for jitney service, and Alk Goldfrid and Solomon Yanco for junk.

The Edison Company was granted a pole on Crafts street, attachments on Gibbs street, the Telephone Company permit to remove poles on Elmwood street, a conduit in Russell court, and the Edison and Telephone Company a joint pole on Jewett street.

Inexpedient was voted on request of the Board of Health for \$2,666 additional for garbage contract, and no action necessary on matter of petition relative to freight rates on coal, \$2421.90 was approved for police pensions, \$477.26 for fire pensions, \$1000 for additional special police work, \$300 for police equipment, \$1000 for use by the Forest Commissioner in plowing land for cultivation, and for purchase of seeds and fertilizers to be sold at cost, and W. P. Smith was granted a gasoline permit at 123 Centre street.

Alderman Hollis opposed the leave to withdraw report of the License committee on liquor transportation permits to Stephen Morrell, Johnson (Continued on Page 4.)

EDITORIAL

It is very evident from the lack of interest taken Monday evening at the meeting of the Aldermen on the matter of making an additional appropriation for collecting garbage in this city, that the seriousness of the situation has not been realized by our city fathers. With the present contract expiring April 30, and the present contractor, and incidentally, the only man at present equipped to do the work) demanding greatly increased compensation, and with no provision made by the city government for continuing the work, it is very evident that the Mayor and Board of Health are almost helpless in the matter. The present is no time for mere theories or statistics about what it costs to do the work in Quincy or Medford. Unless something is done in Newton between now and April 30th, there is grave danger that no garbage will be collected after that time, and an intolerable nuisance created. Get together gentlemen, at once.

TECHNICAL HIGH SCHOOL

The largest event of the school year, the annual Senior Play was presented in the Technical High School Assembly Hall on Friday and Saturday evenings, April 13 and 14. The play was pronounced a great success by all who witnessed the performances. "The Elopement of Ellen" was admirably presented by a cast including many of the most prominent members of the Senior Class. Miss Ruth Taylor, Miss Alice Foley, Miss Margaret Hanlon, and Lawrence Barber were particularly noticeable in their parts. The cast had had the benefit of excellent coaching by Miss Wetherbee.

The members of the cast were the following: Grace Kneeland, John Farnam, Lawrence Sullivan, Ruth Taylor, Mildred Bucknam, Margaret Hanlon, Hazel Chivers, Alice Foley, Lawrence Barber, and Herbert McGill.

Music was furnished by the Newton Technical High School Orchestra. Between the acts Miss Alice Foley sang two songs, and Miss Louise Stuart gave an exhibition of dancing.

The patronesses of the occasion were Mrs. Juddins, Mrs. Maxim, Mrs. Palmer, Mrs. Dean, Mrs. Foley, and Mrs. Nash. The business manager was Wilmar Norton Nash. He was assisted by Harry Sumner Crowder and Thomas Peter Dean. The stage committee consisted of Joseph Murphy, Catherine Goddard, Eleanor Reid, and Herbert Hovenden.

DEATH OF MR. WEBSTER

Mr. William Pingree Webster, who died last Friday at his home on Chester street, Newton Highlands, was a well known civil engineer, who has been associated with the Holbrook, Cabot and Rollins Corporation for over twenty years. Mr. Webster was born in Bridgewater, N. H., 69 years ago and at the age of 21 was employed in surveying the railroads to the Pacific coast, a work in which he continued for about 25 years.

He is survived by two sisters with whom he made his home.

Funeral services were held Monday afternoon in charge of Rev. Dr. George T. Smart of the Newton Highland Congregational Church and the interment was at Newton Cemetery.

FLAG RAISING

In appreciation of the recent action of the Stanley Motor Co. in establishing a nine hour day or a 50-hour week, the employees of that concern recently provided a handsome American flag, which was presented to the Company late Wednesday afternoon.

About 400 gathered at the factory and the flag was presented by Mr. Gray Blandy, and broken out at the staff by little Rhoda Marriott, while a bugler sounded the colors. Mr. F. E. Stanley accepted the flag in behalf of the Company, and remarks were made by Mr. G. Fred Robinson of the Waterbury selectmen, and Mayor E. O. Childs of Newton. Patriotic songs were sung by those present.

NATIONAL COMMANDER HERE

The annual dinner of Charles Ward Post, No. 62, G. A. R. had added significance last Friday evening in Temple Hall, Newtonville, when many of the officers of the National organization of the Grand Army were guests of the local post. Fervid patriotism was displayed by the members and other affiliated bodies, who were present.

Dr. S. F. Chase, commander of Charles Ward Post was the toastmaster and the principal address of the evening was given by W. J. Patterson of Pittsburg, commander-in-chief of the Grated Army, who with his staff was making arrangements for the annual encampment which will be held in August in Boston.

Mayor Edwin O. Childs was also one of the speakers and in his short address paid a grand tribute to the patriotism and loyalty shown by the young men during 1861. He said in part: "The boys of '61 in Newton are our best citizens. They love peace dearly but love liberty and democracy more. The duty performed by you from '61 to '65 is indeed an inspiration to the youths today during the present crisis. His Honor also spoke of the need of military training for the young men of today, which would teach them discipline and make better citizens."

Commander Patterson paid an excellent tribute to Miss Katherine R. A. Flood, who for the past several years has acted as secretary to the Commander-in-Chief of the Grand Army. He termed her as an "encyclopedia of G. A. R. knowledge" and of wonderful assistance in carrying out the work of the organization.

He took for his subject "Loyalty" and said in part: "This is the time for all to be loyal. Now that we are at war every patriot should stand by his colors. We can not be neutral as he who is neutral is against his country. The United States is not an enemy of Germany but is against Kaiserism and inhuman warfare, not against the people but against the system. The G. A. R. appreciates peace. We know what war is, but if peace cannot come every one of us able to shoulder a gun will do his just duty."

Daniel E. Denny, State department commander in his talk stated that Massachusetts has paid out more money than all the other states in the country, and that the G. A. R. considers Boston as the ideal place for the annual encampments. Mrs. Myrtle Best, National president of the Daughters of Veterans gave a toast to the organization.

Colar D. L. Stowits of Buffalo, quartermaster-general had some very interesting figures regarding the deaths within the ranks of the G. A. R. annually. In 1916 alone he stated there were 36,269 deaths and that the average for the past six years has been about 34,000. "This shows," he continued "how fast the order is going, but we are not decrepit by any means, and if you can get us into the army at 65 years we will be with you."

Miss Flood was given a most enthusiastic reception at the conclusion of her short talk. Other speakers were: Daniel H. Kendall, of Newton Centre, who represented the associate members; George A. Price of Brooklyn, a member of the executive committee; Philip A. Nordall, assistant Adj.-General of the State, and Francis E. Mole, the past department commander. The last speaker spoke of the need of all in the conservation of food products and urged all the young boys and girls to assist in this work.

Delegations were presented by the Daughters of Veterans, Sons of Veterans, Spanish War Veterans and other patriotic bodies. During the evening Mrs. George P. Flood rendered several patriotic selections on the piano, and the affair closed with the singing of the "Star Spangled Banner."

There was a large number present last Saturday afternoon at Crawford's Garage on Elmwood street, Newton, when a flag which had been presented to Mr. Crawford by his employees was flung to the breeze. Representatives were present from the Newton Public Safety Committee and the Boy Scouts, and a bugler sounded the appropriate call for the occasion. Mr. Arthur W. Blakemore made a brief address and Catherine Wilkins recited a patriotic poem.

Unitarian Club

The Unitarian Club of Newton will hold its annual meeting and Ladies' Night Thursday evening next at Channing Church parlors, Newton. Rev. Frederick M. Elliot of Cambridge will speak at 8 o'clock on "Holding the Loyalty of Our Young People."

ANNUAL DINNER

The first annual dinner of the Newton Improvement Association was held at the Y. M. C. A. hall on the evening of Wednesday, April 18, and was so successful that it was the unanimous opinion of the members present that a dinner should be included as a regular part of the program for future meetings.

The president of the association, Mr. Joseph B. Jamieson, presided and the principal speakers of the evening were Mr. Alfred B. MacDonald, supervisor of Nature Study History and director of school gardens in the Newton Schools, and Mr. William N. Craig, Superintendent of Faulkner Farm, Brookline.

The tables were decorated with flowers from the green-houses of Mrs. Day and Messrs. Towle and Riley, all members of the association. A large number of new members were added, bringing the total membership up to about two hundred.

The postal card canvas of members recently taken showed that no less than eleven acres of land will be cultivated by members of the association in this part of the city, most of it hitherto unproductive. The president stated that the executive committee would be glad to receive applications for the use of land by persons having no gardens of their own. Mr. MacDonald showed how the children are to be encouraged and directed in the cultivation of their gardens and Mr. Craig gave interesting detailed instructions as to the growing of all our common vegetables.

The newly elected executive committee is as follows: president, Joseph B. Jamieson; treasurer, Fred W. Stone; secretary, Elliott B. Church; Fred H. Tucker, Frank H. Howes, Ralph W. Angier, C. L. Harrison, Philip Byfield, Carl L. Ellison and G. Fred Simpson.

NOTED SURGEON ENTHUSIASTICALLY RECEIVED

The Auburndale College Club held one of its most brilliant meetings of the year at the home of Mrs. N. W. Dennett, 115 Windermere road, Wednesday evening, April 18. The paramount event of the evening was a lecture given by Dr. E. F. Gleason, a renowned surgeon of Boston. His talk on intestinal functions proved to be extremely interesting as well as instructive to the large number present. X-ray photos of Dr. Gleason's patients thrown upon a screen, added intense interest and clearly illustrated his subject.

Cleverness was evident in his avoiding technical expressions, and in using easily understood terms. His democratic attitude caused him to be judged by all, a man of very likable personality; his thorough knowledge, a practitioner of great skill.

The other numbers on the program were, a recitation entitled, "How Gentlemen Are Made," delivered in a most entertaining manner by Gladys E. Deihl, and several original piano selections very well rendered by Mr. Harold Kimball. Miss Jordine Davidson concluded the program with several pleasing songs.

NEED OF HOME GARDENS

(Continued from Page 1.)

the students between the fourth and seventh grades will be devoted to the need of all in the conservation of food products and urged all the young boys and girls to assist in this work.

An automobile has been placed at the disposal of Mr. McDonald and Mr. Colton so that all sections can have proper supervision. In regard to the conservation of food the committee has engaged the services of an expert teacher of economical cooking to be employed three days a week throughout the city. Classes are now being organized in all sections to teach marketing, cooking, nutritive value and palatable serving of the less expensive foods. It is aimed to have these classes reach all groups of women, and the price for the course of eight lessons will be three dollars, which includes the cost of materials.

Later on in the summer the committee will instruct in canning which will not only be open to children, but to the younger people as well, who have had gardens and are anxious to conserve the garden products.

As the founder and manager of the Meriden Bird Club and author of "Wild Bird Guests," Mr. Baynes is particularly well qualified to speak on this subject. All the people of the village are urged to take advantage of this opportunity to hear Mr. Baynes.

FLAG RAISING

Fully 5000 persons gathered at the presentation and flag-raising ceremony afternoon on the Riverside Recreation Grounds. The flag was presented to the Metropolitan Park Commission by the Auburndale-Riverside Canoe Association and it was accepted by William B. de las Casas, chairman of that body.

The other speakers were Mayor Edwin O. Childs of Newton, Ex-Lieut. Gov. Edward P. Barry and representatives from the Marine Corps, 1st Corps of Cadets and Navy Department, all of whom made an urgent appeal for enlistments.

E. T. Williams presided and Dana G. Robinson, cornetist, played for the singing of "America" and "The Star Spangled Banner." Col. Everett C. Benton, of the Park Commission and Chief John A. Gilman of the Metropolitan Park Police, representatives from the Newton Committee on Public Safety and city officials were also guests.

Following the exercises Co. C, 5th Regiment, of Newton, under the command of Sergt. Leo Taffe, gave an exhibition of military tactics.

NEWTON OPERA HOUSE

Next week Monday and Tuesday, Mary Pickford will be seen in her new play "Less Than Dust" in which she has the role of a little castaway of English birth who has been reared among natives of the lowest caste of India. The scenes are all laid in India and England, and are remarkably faithful pictures of the beauties of both lands.

On Wednesday and Thursday, Sloth, one of the seven deadly sins will be presented by Charlotte Walker and a competent company in a most interesting story to watch.

LODGES

The Knights of Pythias in this vicinity held a gala day yesterday with a session which began at 1.30, and lasted until late in the evening. The meeting was held in the lodge rooms at Newtonville, with Newton Lodge as hosts, and with Norumbega Lodge and Brighton Lodge as guests. Newton Lodge worked the first and Norumbega Lodge the second rank during the afternoon, and after an enjoyable supper, Brighton Lodge worked the third rank in the evening. Messrs. G. E. Wragg, J. C. Skelton and W. H. S. Stanton were the committee of Newton Lodge in charge of the affair.

## April Allotment at Old Price After May 1st, All Cars New Price

Last Chance for You to Own a "World's Non-Stop Record Champion Car" at the Old Price

Constant rise in cost of steel and other raw materials is forcing up the price of the Maxwell Car, because the Maxwell Company has refused to cheapen by a single penny anything that goes into the making of the "world's non-stop record champion car."

The factory has agreed to let us have our April allotment cars (ordered in March) at the old price; that is why we can give you for a few days more the biggest bargain in a real automobile ever offered in the history of the automobile industry.

We can give YOU from now until May 1st to own this world's champion car at the old price.

After May 1st Identically the Same Car—  
But at the New Advanced Price

Not a particle of difference in the car itself,  
—the same model and design in every detail,  
—the same super-product of the best automobile experience, the finest engineering skill and craftsmanship, backed by one of the largest factories in the world,  
—the same speedy five-passenger, roomy, comfortable, easy-riding, beautiful automobile,  
—the same famous record-making Maxwell motor,  
—the same powerful motor that "laughs at hills,"  
—the same Maxwell car that by its many records of 150,000 miles actual running (which equals 20 years' regular service) has earned for itself everywhere the proud title, "The World's Greatest Motor Car Value."

A Car of Endurance, Economy and Amazing  
Mileage Per Gallon of Gas

For 22,022 miles—for 44 days and nights—a Maxwell car ran without once stopping the motor.  
There is the world's non-stop record for endurance, as testified to by the American Automobile Association.

**MAJESTIC THEATRE.**—Next week's attraction at the Majestic Theatre, Boston, will be Richard Walton Tully's wonderful play of a woman's heart, "The Flame." Following a remarkable run in New York, where it received the most enthusiastic endorsement of the New York critics, it has had unstinted praise from several metropolitan centres of this country. Among its features, besides a notable cast of players, are: the most gorgeous stage settings ever displayed in America, the devastating hurricane sweeping through the depths of the green jungle, the Voodoo procession dancing in the wonderful banana grove, the picturesque altar to the sun and moon far below the earth's surface, and the trapping of the American citizens in the wonderful flowery courtyard by a horde of Mexican savages, the weird "Rumba" Dance as performed in Cuba. The play carries a message of love and truth that drives straight home to the heart of every woman. It is a play to take your children to see, and your friend's children. No man or woman will ever forget its message, nor forget its beauties.

## LIQUOR PERMITS DISCUSSED

(Continued from Page 1.)

& Keyes, F. Gasbarri and C. G. Newcomb, stating that Governor McCall was now considering the matter of changing the present mandatory law to a permissive form and the board should wait for definite action on the matter. Alderman Whidden desired immediate action as he favored a continuation of the present policy of granting but one license. Alderman Clark wanted the matter recommitted, Alderman Hagood called attention to the fact that the present action was under existing law, Alderman Carter opposed recommendation, City Solicitor Bishop was called in and stated that present permit expired on April 30, Alderman Clark thought no great hardship would result if no permit was in force for the first few days in May, and thought the board should make a stand in the matter. The churches, he asserted, were urging total abstinence during the period of the war, and if no permit is granted now, it will be possible at any time in the future to grant one. A roll call was had on the matter and Aldermen Carter and Whidden were the only members to oppose recommendation.

Alderman Hollis favored the majority report of the License committee granting a junk shop license to N. Lipschitz, stating that this was not a junk license to collect as the man was merely a junk broker buying wholesale from the other collectors. He stored no junk on his premises, and really benefited the community in carrying the stuff out of town. Alderman Price said that Ward 2 had 14 of the 20 licenses issued, and ought not to increase the number. This man was refused a license last year, and persisted in doing business, and was arrested, and he was the last man to whom any license should be granted. Alderman Forkall stated that the arrest came before the board refused to grant the license and not afterwards. He had placed his premises in splendid condition to the satisfaction of the board of health. The place had always been used by junkmen, and he ought to be given a chance to live. Alderman Clark had resolutions opposing this license read from the Newtonville Improvement Association and thought the question was really whether or not the citizens of Newton needed additional licenses of this kind. The matter was then recommitted.

The following licenses were granted:

## GIFT OF FLAGS

### Patriotic Service Last Sunday at Central Church, Newtonville

On last Sunday morning, at the time of its regular service the Central Congregational Church in Newtonville, held a most impressive service of reception and dedication of the state and national flags before a congregation, which completely filled the large auditorium.

Immediately after the usual morning offering Denzhausen's new patriotic hymn was sung by Mr. Franklin Field of the choir with such sympathetic appreciation as to stir feelings of genuine patriotism in the hearts of the congregation. As the organist played the Star Spangled Banner, the great audience rose to its feet, and a group of twenty Boy Scouts, of the church bore the two flags up the centre aisle into the chancel where they stood at attention in a semi-circle behind the flags.

Mr. Albert M. Lyon, moderator of the church, then presented the flags with these brief words:

"We bring together here today nation, state and church. Their interests are in common; all standing for free government, civilization and liberty; all asking for service and sacrifice."

Carried by these boys whose watchword is 'Service,' these flags are presented to our church in renewal of the unity of our church with our state and nation, and rededication of ourselves in service and sacrifice for them."

Rev. A. J. Muste, the pastor, responded as follows:

As the minister of this church I take the utmost pride and pleasure in accepting on behalf of you all these flags, to be placed where our eyes may often rest upon them as we gather to worship God. I rejoice at this opportunity to pledge anew my allegiance to the American flag—the best flag in the world. If I forget these, O America, let my right hand forget her cunning, let my tongue cleave to the roof of my mouth, if I remember thee not—that is the deepest thought and sentiment of my heart. We may differ as to the way in which Christians may and must serve the nation. We are agreed that we must all now and ever render the best, most conscientious service of which we are capable to the great state and the real nation, of which we are citizens.

It is fitting that these flags should be placed in the church—fitting for one thing, because they are good flags that stand for many good things. As we look upon them from Sunday to Sunday, they will speak to us of the Pilgrim Fathers, of noble pioneers, of George Washington and Abraham Lincoln; they will speak to us of freedom, of heroism, of equal laws, of opportunity, of Christianity; they will speak to us of noble American achievements of the past and the present, and of still nobler American ideals.

And that leads to the observation that it is fitting these flags should be placed here because we want them to become still better flags standing for still nobler things. The church stands for the Kingdom of God, a human society in which love shall be supreme over all men and in all the relations of life. No nation on earth has yet attained that ideal. Our high calling as American Christians is ever to strive to lift America up to it. Only as we do that, love the America that is to be even more than the America that is, are we truly loyal to the flag?

God bless, guard from all evil and inspire to all good the Commonwealth of Massachusetts and the United States of America.

Mr. Wallace C. Boyden then gave the following response for the congregation:

"It is my pleasant privilege to accept, on behalf of this congregation, these beautiful banners of the nation and the commonwealth. We do this with grateful recognition of all that they symbolize and have cost in the history of our country and at the same time with a clear appreciation of their profound significance at this time of great crisis in the world's history. They come to us at this Easter season, which we trust is a happy omen, foreshadowing the early coming of the glorious dawn after the dark night of horror and doubt which has hung over the world these many months, and which still saddens our hearts with its dreadful blackness."

It is eminently fitting that these emblems of liberty should hang in our church. In the Church became our Lord and Master came upon earth that men "might have life and have it more abundantly." In a Congregational Church because our forefathers when they landed on the shores of this old Bay State three hundred years ago, founded both a nation and a church based on the principles of true democracy.

We in this particular branch of the Congregational Church have always tried to recognize our heritage from the past and true to the traditions of our Pilgrim faith. Our leaders have been men filled with the spirit of our Lord and Master, with deep spiritual insight and earnestness, thoroughly loyal to truth and honor, never more true in the history of the Church than at the present time.

Through many struggles and much sacrifice our nation has risen to be the leading representative of democracy the world over. Ours is, therefore, a great and responsible trust. The moving of the spirit of freedom in the hearts of other people all over the world has led up to the present titanic struggle between autocracy and democracy, which we hope and believe is the beginning of the end of all autocracy on the face of the earth.

Our peace-loving chief, like his great predecessor Abraham Lincoln, in the face of a great crisis, has tried every means at his command to secure a peaceful solution of the problem as far as it concerns us, but in vain. He now calls upon this great people to rise as one man in support of the right, and to give of its vast resources and of itself for that purpose. We will not be false to our sacred trust. We will not renounce our cardinal Christian ideal of the brotherhood of man. Our response is willing and prompt. We take our stand beside our brethren of that nation from whose stock we have sprung, beside that people who came loyally to our assistance in our struggles for freedom, and shoulder to shoulder with all our brethren the world over, who are striving for that more abundant life which we have been enjoying for so long.

We accept these flags as symbolizing that liberty with which the truth makes us free, as standing for that conduct of man's affairs and his life among men which will most quickly usher in the universal Kingdom of God.

The special service closed with the singing of America, after which the audience were seated, and listened to an inspiring sermon on the theme, "Recruits Wanted."

### WORKMEN INJURED

Collapse of one of the arches over the covered reservoir under construction off Market road, Chestnut Hill, being built for the city of Newton, last Friday afternoon, may result in the death of two or three laborers. When one of these arches collapsed it buried a group of laborers under several tons of cement. Those who were not caught under the mass of falling material and others who extricated themselves, not seriously injured, dug out the others not so fortunate, being aided by a squad of Newton police who were hurried to the spot.

The three men who were taken to the hospital in so serious a condition that their injuries may prove fatal were: Nicholas Temassia of 78 Dalby street, Newton; Michael Garchia of 462 Watertown street, Newton, and Pietro Di Napoli of 18 Unity street, North End.

### LODGES

Next Tuesday evening Newton Lodge, I. O. O. F. will celebrate its Ladies' Night and a pleasing entertainment is being planned.

The 19th annual ball of the Garden City Mutual Aid Association will be held this evening at Nuttings-on-the-Charles at Waltham.

### CAMP FIRE GIRLS

Three thousand Camp Fire Girls of Greater Boston will present at Mechanics Hall on the evening of April 21, a Grand Council Fire. Miss Jessie Dell Lewis of Worcester, who has so successfully staged the Hiawatha Pageant, is in charge of the Council Fire and the beautiful masque "The Magic Uniform," which will be given at the end of the program. Rehearsals are being held in Medford, Roxbury, Dorchester, the Newtons, Everett and other places, and it augurs well for a most interesting evening.

"The Magic Uniform" will be presented by fifty girls selected from the different sections represented. The principal role, that of the Spirit, will be taken by Miss Ruth Perkins of Auburndale.

There are 200 Camp Fire Girls in the Newtons alone, and most of these are expecting to take part in the Grand Council Fire.

### PATRIOTIC MEETING FLAG UNFURLING

At a joint meeting of the Executive Officers and the Entertainment Committee of Mt. Ida Council, No. 1247, R. A., held last Sunday at Ex-Alderman Charles D. Cabot's house, it was decided to postpone the Whist and Dance that was to take place at Denison Hall, on Monday evening, April 23rd, indefinitely.

It was voted to hold, instead, a patriotic meeting and the unfurling of a United States Flag.

Rev. O. B. Hawes of Newton Centre will address the meeting on Patriotism, followed by singing of patriotic songs, refreshments and cigars.

The Mayor of Newton and several members of the Safety Committee are expected to be present.

This meeting will be open to members and friends.

### CHURCH NOTICE

First Church of Christ, Scientist, of Newton, Player's Hall, Washington street, West Newton. Sunday service 10.45 A. M. Subject of lesson-sermon: "Doctrine of Atonement." Sunday School 10.45 A. M. Testimonial meeting Wednesday 8 P. M. The public is cordially invited to attend the services and to use the Reading Room at 297 Walnut street, Newtonville, which is open daily from 2 to 6 in the afternoon, and on Tuesday and Saturday evening from 7.30 until 9.

CASTLE SQUARE THEATRE—At the Castle Square next week the annual Harvard Prize Play will be acted. It is a drama entitled, "The Year of the Tiger." Its author is Kenneth Andrews, a Harvard student, and it he has written a distinctive original play with scenes and characters of the far Oriental country of Japan. It will be staged under the personal direction of Mr. Craig, and it will have a scenic production that will be filled with the Japanese atmosphere so essential to the dramatic vigor of the plot.

SHUBERT THEATRE—Once in a great while a brand new play is produced in Boston for the first time on any stage and creates a whirlwind of excitement at the start. Such is the case with Hall Caine's powerful drama, "The Woman Thou Gavest Me," founded on his own widely read novel of the same name. Crowds have packed the theatre at every performance. These crowds have acclaimed the play one of intense popular interest, dealing as it does with the ever lasting ethics of marriage and divorce. The critics of the Boston press concede its great human appeal, and predict long success for it. The scenic production is undoubtedly the most massive seen in years.

PIANO PLAYING Becomes a pleasure when your Piano is in Tune. See Frank A. Locke's Adv.

This advertisement is one of a series designed to effect closer co-operation between the company and its subscribers. There are three parties to a telephone call—the person calling, the person called, and the operator who connects them. The quality of service rendered is determined by the spirit in which all three work together, rather than by the individual effort of any one or two of these three persons. We shall gladly send COMPLETE SETS OF THE SERIES to those desiring them.

## Party-Line Consideration

A party line is a single circuit, shared in common by two or more subscribers. It is not reserved for a single user and should be used on the share-and-share-alike basis.

On a 4-party line, it is possible for all four stations to try to talk out on the same circuit at the same time. There is also the liability of all four station being wanted at the same time to receive incoming calls.

Therefore, there are special considerations which the Public Service Commission and telephone company both urge a party line user to keep in mind:

1. Long conversations prevent the use of the line by other subscribers; therefore party line talks should be as brief as possible
2. Whenever another party line subscriber requests the use of the line for an emergency, courtesy should prompt the first user temporarily to give up the use of the line.
3. Whenever a party line subscriber takes the receiver from the hook and finds the line in use, the receiver should be replaced at once in a careful manner.
4. At the end of a conversation the receiver should be replaced upon the hook immediately, otherwise the other subscriber cannot signal the central office.

## Shingles that won't catch fire from sparks

The wind may blow and sparks may fly. HAVE NO FEAR if your house is roofed with RUBER-OID shingles.

No roof covered with RUBER-OID shingles ever caught fire from sparks. Insurance companies regard these shingles highly because of their fire-resisting qualities.

We recommend RUBER-OID shingles because we know they can't warp, curl, rot or split.

They can be laid like wood shingles, without felt or tar paper lining. They offer the architectural effects of Slate or Tile at a much lower cost.

RUBER-OID shingles are made by the master-fabricator of RUBER-OID Roofing, which in many cases has given more than 20 years of service without ceasing a penny for repairs.

## WOMEN'S CLUBS

Miss Grace M. Burt, Editor.

Next week appears to be a week of annual meetings. A few have been held this week and there remain a few more for the first week of May, but May 1st will see practically all the club activities at an end for the season. The closing of club activities this year does not mean, as it has in the past, a respite on the part of the women of their activity in public matters. The zeal with which they have taken up the public safety work only shows what they are capable, and what may be expected of them in unselfish endeavor in the future. A note of warning, however, may well be sounded and that is, not to become more deeply involved than can be continued through a long period of time. It is easy in the first excitement to drop everything else and enter upon new interests with great enthusiasm, but it is common knowledge that it is impossible to keep up at a white heat pace for any considerable number of weeks or months. That there are regular duties which must not be neglected and many things to be done that are not at all spectacular nor in the limelight, cannot be overlooked and those who choose there are just as certainly serving their country as those who perform some of the new and unusual things. Above all things let us be sure and keep constantly in mind a sense of proportion and conserve time and energy that we may be prepared to endure to the end and not be found wanting when the first excitement has passed.

### State Federation

A week of conferences.  
Monday, Home Economics at Walpole, 2 P. M. Subject Home Decoration.  
Tuesday, Public Health at Middleboro.  
Wednesday, 3 P. M. Talks to Homemakers, Lecture Hall, Boston Public Library.  
Thursday, Conservation at Ware.

### Newton Federation

Plans for the Annual Meeting are now completed. At the morning session at 10.30 will come the annual reports of officers and committees and of the presidents of the various clubs, and any business which may properly come before the meeting. Luncheon will be served promptly at 12.30 in order to allow time for the post-prandial exercises. The musical program in the afternoon at 2 o'clock includes violin and cello duets by Lillian Haynes Walker and Elizabeth Stanley Hastings, and vocal solos by Ruth Beedle Union. A history of the Federation will be given by Mrs. B. E. Taylor and accounts of the work of the new organizations, which have this year affiliated themselves with the Federation, will be presented by their respective representatives. Save the day for this meeting, you will be amply repaid. Luncheon tickets should be secured from local club presidents before April 27.

### Local Announcements

Mrs. E. P. Bosson of Ledges road, Newton Centre, will be hostess for the meeting of the Newton Highlands Monday Club on April 23, when E. Charlton Black will lecture on "A Development of Shakespeare, as an Interpreter of Life."

"United States as a Melting Pot" will be the subject for consideration at the meeting of the Newton Highlands C. L. S. C. on Monday afternoon at the home of Miss Ayers, Mrs. W. T. Logan being in charge.

On Monday, April 23, at one o'clock the Waban Woman's Club will meet for luncheon in the Union Church vestry. The business of the annual meeting will be transacted afterward.

The regular Current Events lecture will be given by Mrs. Mabel A. Crawford before the Brightenstone Club on Monday, April 23rd.

On Tuesday morning the Newton Parliamentary Law Club meets in the Newton Library.

The annual meeting of the Woman's Club of Newton Highlands occurs on Tuesday, April 24th.

On Wednesday the Social Science Club will hold its annual meeting at the Hunnewell Club at two o'clock instead of in the morning. A social hour with tea will follow the regular business session.

The annual meeting of the West Newton Women's Educational Club will be held at the Newton Club on Friday, April 27. Reception at 12.30, luncheon at one followed by the business meeting at three o'clock.

On Saturday afternoon the Newton Highlands Shakespeare Club will have a review of the year's work at the home of the president, Mrs. W. E. Moore, conducted by Mrs. A. L. Pratt.

The annual meeting of the Auburndale Woman's Club will be held on Tuesday, April 24th, in the Methodist Church. The business meeting is to be preceded by a social hour, with a basket lunch at one o'clock. Every member desiring to attend the luncheon must bring a box or basket, decorated if possible, containing sandwiches, cake and fruit. These will be collected and for a short time auctioned off to the highest bidder. The remaining baskets will then be sold at twenty-five cents each. The proceeds will be donated to the Newton Hospital Preparedness work. Hot tea and coffee will be served by the Hospitality Committee. A very enjoyable occasion is anticipated. The business meeting, with election of officers, and reports on the year's work, will be called at half after two o'clock.

### Local Happenings

The Travel class had charge of the last regular meeting of the West Newton Women's Educational Club held on Friday. After a short business meeting, during which the president read Mrs. Gurney's letter to club women admonishing economy and care

during the present crisis, the chairman of the afternoon, Mrs. Howard Clark, introduced Mrs. Derby Brown of Newtonville, who was most delightful in two interpretive dances. Mr. Joseph Connor of the Emerson School of Oratory read several selections from the writings of the rising young American poet, "Tom" Daley. Mr. Connor is a personal friend of Mr. Daley's, and was able to present the poem "Brain-Child," the Italian fruit dealer, in a most appealing way. Miss Elizabeth Varnell followed with a reading from Mark Twain.

Members and guests of the Newton Highlands Shakespeare Club met at the home of Mrs. Harry N. Milliken in Newton last Saturday afternoon and enjoyed to the full the talk upon "Shakespeare, the Man," given by Professor Katharine Lee Bates of Wellesley College. In a simple conversational manner Miss Bates talked for more than an hour giving out of her fund of information much that was intimate and personal about the man and new to many of her hearers. Speaking of his moral qualities, she said that of his six friends with whom he was most intimately associated, four died from their excesses, while he steadily gained in strength. He was a man of immense application and of immense creative energy, gentle, kind and true. Having had fewer opportunities than any of his contemporaries, he came out with a great work well done. That his greatness was not appreciated by his own time is indicated by the fact that no letters of his contemporaries existing to-day even mention his death. "Hamlet" was characterized as the "Mona Lisa" of literature. By request Miss Bates recited her poem, "America the Beautiful," most impressively. An informal social hour with refreshments gave the opportunity to meet personally the speaker who had given so much of pleasure and profit to her audience.

On April 16th the Christian Era Study Club met with Mrs. H. G. Bissell of Waltham street, West Newton. After the conclusion of the business for the day, Mrs. Walter Clarke told of the growth of the Spanish provinces, Aragon and Castile. A paper on the Netherlands written by Mrs. E. L. Leffer was read by the secretary and another on the Art of Printing written by Mrs. J. W. Messenger, in her absence was read by Mrs. Goodman. The last paper was on the ancient Guilds from which have arisen our trade unions and was given by Mrs. E. P. Allen.

On Tuesday the Newtonville Woman's Guild met at the Newton Club for the annual luncheon and business meeting. Mrs. W. S. Higgins, the president, presided over the after-luncheon exercises in a very gracious and pleasing way. The toast "U. S. A." was responded to by Mrs. E. J. Cox, "America" by Mrs. A. L. Wakefield, "Our Flag" by Mrs. E. P. Caw, who on behalf of the Home Economics department, presented the day with a beautiful flag. This was accompanied by a flag drill by six little Clafin School girls, and followed by the pledge of allegiance and singing of the Star Spangled Banner by the Guild.

The annual business meeting followed. Reports of officers and chairmen of committees were read and approved. Mrs. Higgins, the retiring president, made several recommendations for consideration by the Guild and graciously and with deep feeling thanked all for their loyalty and consideration during her term of office.

Mrs. Chas. D. Kepner, chairman of the Housing Fund committee gave her report in the form of a poem, which the ladies wished printed in the Graphic for the benefit of all club members as well as our friends, the men of the Newton Club. The following ladies were chosen as officers for the ensuing year:

President, Mrs. H. V. Jones; Vice-Presidents, Mrs. W. S. Smythe, Mrs. J. L. Richards, Mrs. C. D. Kepner, Mrs. J. Daboll, Mrs. A. L. Wakefield, Miss L. C. Allen, Mrs. H. G. Ripley, Mrs. D. M. Leonard; Recording Secretary, Mrs. Samuel Thurber; Corresponding Secretary, Mrs. F. F. Malcom; Treasurer, Mrs. J. W. Byers; Assistant Treasurer, Mrs. G. W. Robinson; Clerk, Miss Louise Sherman; Chairmen of Finance, Mrs. W. C. Boyden; Auditor, Mrs. E. C. Wyatt; Directors, for 4 years, Mrs. W. H. Allen, Mrs. W. T. Rich, Mrs. E. P. Caw.

The rhyme will appear in the next issue of the GRAPHIC.

Reports of work done by the committees included, 53 hampers containing, besides an abundance of beautiful flowers, fruits, vegetables and groceries sent to Boston by the Flower committee.

Industrial Committee made first a Hospital equipment for the Red Cross, since the one day a week has been given for the wounded French, bed jackets, surgical shirts, comfort pillows, knitted hose and mufflers, made total number of articles finished 275. Money for the following purposes has been given: \$100 to Newton Hospital, \$100 to Stearns School, Centre, \$25 to Welfare Bureau, \$25 to Newton District Nursing Association, \$25 to Stone Institute, Newton Home for Aged People, \$15 to John A. Andrew Home, Flower Mission \$10, \$6.25 to War Children's Relief Fund.

The regular meeting of the Women Associates of Newton Highlands was held Tuesday morning in the new Hyde School from 9.30 to 11.30. Considerable sewing for the Red Cross was accomplished and a goodly number of comfort pillows made. There is still a call for materials for covers and filling for comfort pillows. At the next meeting on April 24, Superintendent U. G. Wheeler of the Newton Schools and Mr. Albert McDonald, the most important subject of home and school gardens, at the Hyde School Hall from 11.00 to 12.00.

The Auburndale Review Club held its annual meeting at the home of Mrs. E. J. Frost, 379 Central street on Tuesday afternoon, April 17th. After the reports, Mrs. Theodore W. Gore amused the audience by reading "The Ransom of Red Chief" by O. Henry. The following officers were elected for next year: President, Mrs. John F. Dunton; Vice President, Mrs.

Frank F. Davidson; Secretary, Mrs. Amos R. Wells; Treasurer, Mrs. Nelson Freeman; Executive Committee, Mrs. Edward and Amy, Mrs. Charles D. Pickard, Miss Ellen C. Williams. A social hour with refreshments followed the afternoon's program.

A President's Luncheon will be held at the Hotel Vendome on May 2, at one o'clock, to celebrate the twenty-fifth anniversary of the Mass. State Federation of Women's Clubs. The Past Presidents of the Federation will be the guests of honor and speakers, with a reception at 12.30 o'clock. Tickets may be purchased from the Chairman of Meetings, Mrs. George M. Baker, Concord, Mass. Tickets must be obtained before April 28th.

This Luncheon is open also to members of the State Executive Board and Chairman of State Committees. The State Executive Board will be hostesses at the different tables.

This promises to be a getting-together of unusual interest and profit to all who attend. Remember to purchase tickets before April 28th.

"Modern Sculpture" was the subject of the paper presented by Miss Fay M. Adams on Wednesday morning before the Social Science Club. Miss Adams began by saying, that since the days of Michelangelo there has been a great deal of talent but little genius in sculpture. Artists were content to echo an earlier art with no attempt to realize nature afresh. The years following the battles of Marathon and Salamis produced in Greece the golden age of sculpture, but not so the period after the French Revolution. One sculptor, Francois Rude, absorbed the patriotic spirit generated by it and found means to express it in marble. Commissioned to do all the important sculpture for the Arc de Triomphe, the intrigues of rivals deprived him of all but one group, the Song of Departure, generally known as the Marseillaise. Rude's pupil, Carpeaux, is another Frenchman who refused to be trammelled by the conventions of the academic now at the age of 76, has taken his place at the head of modern sculpture as a man of ripe achievement. Considerable attention was given to the life and work of Rodin and that of Meunier, and of Aristide Maillou mentioned. In England the 19th century produced but one sculptor, Alfred Stevens, who although a great genius is practically unknown. In our own country the work of St. Gaudens was referred to. All these artists, she said, are united alike by one motive, to emancipate themselves from false standards of the academic school and to return to naturalism.

"Not only modern music and poetry reflect the spirit of the age, but sculpture as well, though at times crude and overstepping the limits of its art, gives us something of the passionateness and richness of modern life."

A special meeting is called by the president of the Newton-Brighton Child Welfare Circle on Monday afternoon at 2.30 in the Newton Public Library. A large attendance is urged as a most important matter is to be discussed.

### DEATH OF MRS. BLINN

Mrs. Esther Dyson Blinn, wife of Rev. Albert P. Blinn, of Norwich, and daughter of Mr. and Mrs. John Dyson of Newtonville, passed away on Tuesday, April 10th at her home in Norwich, Conn.

Mrs. Blinn was born in Lancashire, England, on November 24, 1878, and when she was two years of age, came to this country with her parents, locating in Newton, Mass. She was educated in the Newton Schools, and was an active member of the Newtonville Methodist Church, where she was secretary of the Sunday School for several years. Her marriage to Rev. Mr. Blinn took place in the Methodist Church on July 1, 1892, and she moved to Norwich in 1905, when Mr. Blinn was called to the pastorate of the First Spiritual Union. Mrs. Blinn was prominently identified with many social and religious organizations, being a member of the Supreme commandery and a past grand commander of the Grand Commandery of Massachusetts, United Order of the Golden Cross, past master of Sachem Chapter; Number 57, Order of the Eastern Star, a member of Sedgwick corps, No. 16, Woman's Relief Corps, secretary and treasurer of the Ladies' Improvement society of Lake Pleasant, and clerk of the First Spiritual Union.

Of broad sympathies and tender sensibilities she will be sadly missed by a large circle of friends both in Newton and Norwich. The funeral was held Friday afternoon from her late residence on Broad street, Norwich.

Rev. Mary S. Vanderbilt of Brooklyn, N. Y., conducted an impressive service at three o'clock, and there was a large attendance of friends and relatives, many coming from other cities. The sacred selections, "Face to Face," "Beautiful Isle of Somewhere," and "Forsaking the Bar," were rendered by Miss Edith L. Blackstone, with piano accompaniments by Miss Elsie Bogue. The burial was in the family lot in the Needham Cemetery, and Rev. J. Herbert Yeomans of Boston, conducted a service at the grave.

### HIGHLAND GLEE CLUB CONCERT

A notable musical event of the week was the twentieth concert given Tuesday evening in Bray Hall, Newton Centre, by the Highland Glee Club. An unusually fine program was presented under the direction of Mr. Almon J. Fairbank assisted by Mrs. Ada Belle Child, contralto, Miss Mary Cooper, violinist, Mr. Frank Chipman, cornetist, and Mr. W. Franklin Butler, pianist.

The program was in two parts and included fourteen numbers, and each number was received with great enthusiasm.

"Rise, Sleep No More," by Stewart, and MacDowell's "Cradle Song," were sung delightfully by the Club. The first movement of a Spanish Sym-

phony by Miss Cooper, was beautifully rendered, and was followed by "Mister Boogaman," a negro melody by the Club.

"Lili Signor" (Les Huguenots), a contralto solo by Mrs. Child, is deserving of special mention, also, "O Holy Night," incidental solo by Mr. Hawes was among the excellent numbers; other pleasing selections were "Loyal Song" by the Club, "Indian Sketches" by Miss Cooper accompanied by Miss Helen Tiffany, "De Koven's "Dainty Dorothea," a group of songs, by Mrs. Child, and "Paul Revere's Ride" with tenor solos by Mr. Ellis and baritone solos by Mr. Fairchild.

There was much enthusiasm in the singing of the patriotic songs, "Bonnie Bright Flag," "America," and "The Star-Spangled Banner," and there was a large and representative audience present.

**Wind**

With every howl, the wind tries to loosen the paint from your home. It drives its way into the cracks and crevices. First it dries the exposed wood and then swirls in the torrents of rain. Decay follows the soaking and spreads under the painted parts.

Paint which will prevent this destruction is made of Dutch Boy White-Lead mixed with pure linseed oil. Either pure white or tinted any desired color, it offers a smooth, unbroken surface which neither wind nor rain nor sun can crack or scale.

Examine your buildings closely and let us know if there is need of paint. We can help you.

This coal and gas range with two ovens is a wonder for cooking

Although less than four feet long it can do every kind of cooking for any ordinary family by gas in warm weather or by coal or wood when the kitchen needs heating.

There is absolutely no danger in this combination, as the gas range section is as entirely separate from the coal section as if placed in another part of the kitchen.

By using both the coal and gas sections of the top, nine large utensils may be heated at one time.

See the Pastry Baking always in sight in the gas oven. The most delicate cake can be perfectly baked and watched through the glass paneled door.

A Large Roast and other baking can be done at the same time in the coal oven.

The advantage is plain—Two Ovens give double capacity and allow the cook to complete the baking in one half the usual time.

## Constitutional Convention

### Vote at the Election, May 1, for

# ANDERSON OF NEWTON

### And the Anti-Sectarian Amendment

First name on the second or Congressional list

1. Mr. Anderson is thoroughly fitted for the task. Though for sixteen years a Professor in Newton Theological Seminary, he began his career as a teacher of Constitutional History and the Science of Government in the University of Chicago, and has always made this study his outside interest.
2. He favors the submission of the work of the Convention to the people in separate amendments.
3. He is for the Anti-Sectarian Amendment, prohibiting the appropriation of public money for schools and institutions wholly or in part under sectarian control. This is perfectly fair to all, safeguards the religious liberty of Catholics and Non Catholics alike, assures the future of the American Public School and the dignity, independence, and spirituality of the Church, and takes the last irritating, debatable religious question out of politics. The Supreme Court says that it is necessary, if the object is to be attained.

### DEATH OF MR. TURNER

Mr. John Burnett Turner, a resident of this city for over fifty years, and one of the best known citizens of Newtonville, died at his home on Court street in that village on Monday after an illness of several years. Mr. Turner was born in England and was over 82 years of age. He first resided on Charlesbank road in Newton, and for many years was engaged in business as a silversmith. He was appointed postmaster of Newtonville by President Cleveland in 1885, and served in that capacity until May 1,

1898, just after the consolidation with the Newton Centre office. Since that time Mr. Turner has been engaged in the real estate and insurance business. He was a member of Dalhousie lodge of Masons. One daughter, Miss Nellie B. Turner survives. The funeral was held Wednesday afternoon at his late residence on Court street. Services were conducted at three o'clock by Rev. Laurens MacLure, S. T. D., rector of Grace Church. There was a large attendance and many beautiful floral tributes. The remains were taken to Chicopee for burial.

## GREAT INTEREST IN FOOD PRODUCTION

### The Newton Public Safety Committee and Improvement Societies Actively Co-operating in the Work

The production of food is as necessary and vital to this country as that of powder this year.

The Committee on the Conservation and Production of Food, organized by the Newton Committee of Public Safety, is attempting to systematize the home garden work in this city and to be of assistance to the people of Newton. What it has done along these lines it wishes to place before the people and to assure them that it can and will help in many ways.

In the first place, for the better handling of the problem the committee has decided to work through the village improvement societies in the several villages and refers in the first instance inquiries to the presidents of those societies as follows:

Newton Lower Falls, Mr. Peter C. Baker, 126 Cornell street.  
Newton Upper Falls, Mr. Mark V. Croker, 308 Needham street.  
West Newton, Mr. William F. Bartholomew, 245 Highland avenue.  
Nonantum, Mr. James S. Cannon, 25 Channing street, Newton.  
Newtonville, Mr. Ernest L. Miller, 20 Woodside road.  
Auburndale, Mr. E. J. Winslow, 22 Grove street.  
Newton Centre, Dr. George L. West, 860 Beacon street.  
Newton Highlands, Mr. Howard Whitmore, 54 Carver road.  
Newton, Mr. Joseph B. Jamieson, 179 Hunnewell avenue.

Inquiries made of these gentlemen will be directly answered or the inquiry will be referred to someone in the improvement society's organization who can answer the question or render the service desired. An organization is in process in the Oak Hill district and will be announced when completed. There being no improvement society in West Newton, the work has been undertaken by the Men's Club, a special committee of which has been appointed as follows:—Robert Chapman, Jr., chairman, 275 Waltham

street; Dana Libby and Ralph E. Hatch.

### What Help Can Be Given

A number of the village improvement associations have already arranged with practical farmers who will examine land which citizens propose to put into gardens and tell them what will best grow on the land, and how it should be cultivated and fertilized. The other associations are arranging for this as fast as possible. In addition, the Committee on Food Conservation proposes to employ several practical men to supplement the work of the local associations and assist them and the people of the villages with this sort of advice.

The Newton Improvement Association is holding conferences each evening between 7.30 and 8.30 o'clock at the Newton Free Library, where questions will be answered and assistance arranged for.

A number of the associations are prepared to tell inquirers to whom to apply for plowing and harrowing. They can also make suggestions as to securing labor.

The Newton Centre Association has arranged to have office hours between 4 and 6 o'clock every afternoon, excepting Saturday, at the office of B. S. Hatch Company, in the Bray Block, where information may be obtained.

### Fertilizer and Seeds

The Committee on Food Conservation invited bids from local dealers for the supplying of fertilizer. The lowest received for fertilizer recommended was from the B. S. Hatch Company, which is prepared to deliver anywhere in Newton fertilizer 4-10 for \$1.75 a hundred pounds and 5-10 for \$1.95 a hundred pounds. This fertilizer does not contain potash but the committee feels that, as a large part of the land cultivated this year will be newly broken up, these fertilizers of which 5-10 is the strongest in ammonia will

serve the purpose.

The committee has purchased for sale to the citizens of Newton a carload of seed potatoes, bids upon which having been received from several stores in Maine. These will be on hand in time for planting. Orders will be received and filled by the B. S. Hatch Co.

As to other seeds, the committee will leave it to each individual to secure his own as there seems to be a sufficient supply locally, or in Boston, and it suggests trying the local dealers first. At its meeting on Monday evening a patriotic and generous letter was received from the Newton Board of Trade offering the hearty cooperation of the local dealers in the work of food conservation and pledging them to moderate profits.

### Labor Supply

One of the most serious problems presented is that of labor. A canvass is being made of the boys in the high schools and apparently there will be available between 100 and 150 boys for afternoon and Saturday work in gardens at 15 to 20 cents an hour.

Offers of adult labor have also been made by contractors. The committee would be glad to receive further offers or suggestions along this line which should be sent to the secretary, whose name and address is given below.

### Cooking and Preserving

A number of classes have been organized for instruction in economical cooking and the proper canning of surplus vegetables and others are being arranged as fast as possible. The Newton Suffrage League has secured Miss Brasall, of Weymouth, to lecture on gardening and Miss Bradley, of Boston, on economical buying and cooking of food. These lectures will be given as follows:—

Wednesday, April 25, at 7.30 P. M., in the Stearns School, by Miss Brasall.  
Saturday, April 28, at 3 P. M., in the Bigelow School, by Miss Brasall.

Monday, April 30, at 3.45 P. M., Newton Centre, place to be announced later, by Miss Bradley.

Wednesday, May 2, at 3.45 P. M., Technical High School, by Miss Bradley.

Saturday, May 5, at 3 P. M., at the Bigelow School.  
The Food Committee's schedule so far as adopted will be ready in a few days. It can probably arrange for additional classes at moderate charges per person in the several villages and it is suggested that neighborhood classes be organized to be held in the churches, clubs and schoolhouses where there are cooking facilities. Those desiring to do this or wishing further information should communicate with the secretary.

Harold B. Hayden,  
17 State Street,  
Framingham, Mass.

### RECEPTION

Mrs. George Washington Morse was hostess, on Tuesday evening, at a reception at her residence, 120 Court street, Newtonville, in honor of her son-in-law and daughter, Mr. and Mrs. Alan Mortimer Hay, who were married at the home of the bride's mother on the evening of Tuesday, April 19. Mrs. Hay was, previous to that, Miss Genevieve Morse. The reception was to have followed the marriage, a fortnight ago, but as the bride was recovering from illness the marriage took place quietly and the invitations to the reception were recalled and the event postponed to April 24.

Receiving with the hostess, Mrs. Morse, and the bridal couple were the bridegroom's father, Clarence E. Hay, the bride's sister, Mrs. Walter Lovell (Rosa Morse), and two bridesmaids, Miss Henrietta Collins of New York city, and Miss Dorothy Briggs, of Providence, R. I. The guests included relatives of both families and only the more intimate friends. The house was attractively decorated with flowers and palms and an orchestra furnished delightful music. Following supper, many of the younger guests indulged in dancing.

Mr. and Mrs. Hay are to make their home at 120 Court street, with the bride's mother, and will welcome their friends there after May 1.

### WOMAN'S CLUBS

On Tuesday, May 15, at 10 o'clock in the Newton Library Hall, Mr. Albert MacDonald will give an illustrated lecture upon "Trees." This is the concluding lecture in the course which he has been giving to the class in conservation, and is open to the public. All persons, particularly the men, are most cordially invited to attend.

### DEATH OF MR. FELTON

Mr. Frederic Luther Felton, for many years a resident of West Newton, died late Wednesday night at his home on Chestnut street after an illness of about eight weeks. Mr. Felton was born in Boston Sept. 9, 1834 and educated in the public schools of Boston and at Wilbraham Academy. He then entered the distilling business with his father, the late Luther H. Felton, and in which he continued all his life. Mr. Felton has taken a deep interest in the affairs of the West Newton Unitarian Church, of which he was a constant attendant, and was also active in the social affairs of the village. He was a member of Adelphi Lodge of Masons, St. Matthew Chapter, Royal Arch Masons, St. Omar Commandery K. T., and a member of the Brae Burn Country and Neighborhood Clubs.

He married Miss Laura B. Woodworth of West Newton, and is survived by her and three children, Mr. Herbert L. Felton and Mrs. Grace Felton Rice of West Newton, and Mr. Walter E. Felton of Bolton, Mass.

Funeral services will be held tomorrow afternoon at his late residence on Chestnut street at 2.15 P. M.

### RESERVE OFFICER CANDIDATES

## EDITORIAL

Readers of the Graphic are reminded that the election of delegates to the coming Constitutional Convention takes place next Tuesday in this city and that it is of the utmost importance that only the best men should be chosen.

So far as the delegates at large are concerned, we print in another column a list of gentlemen who have thus far refused to commit themselves to the proposition that the initiative and referendum be the only important question before the convention, and for that reason alone have shown an independence of action which should be approved by the voters of a city like Newton. The great trouble with sending men committed to but one subject, is the temptation that such delegates will have to trade their votes on other and probable far more important matters, in order to get other votes for their pet hobby. This applies with equal force of course to delegates committed to the anti-sectarian amendment, or any other so called issues of the day. Delegates pledged to one issue ought to be studiously avoided if the best results are to be obtained by the convention.

For Congressional delegates, we expect that Newton voters will give their support to the two Newton candidates, ex-Congressman Samuel L. Powers and Rev. Dr. Anderson. We also suggest that the candidates of Mr. Frederick P. Fish of Brookline, Henry S. Dennison of Framingham, Walton A. Green of Weston, and of ex-Lieut. Gov. Robert Luce of Waltham be carefully considered. Mr. Bird is not the former Progressive candidate for governor, but his son, and that he is practically an unknown quantity in political matters. Mr. Daly is too close a friend of the advocates of the initiative and the referendum to suit Newton ideas. An excellent ticket to vote next Tuesday would be Mr. Powers, Mr. Fish, Mr. Dennison, and Mr. Green, with Mr. Luce as an alternative in case any individual has any objection to those first named.

For city delegates, we can only repeat what we said at the primary last month, that all of the candidates are personal friends of the editor, and that any slate of three from the six candidates would serve the city with ability and honor.

The many friends of Mr. Albert S. Glover will long remember his lovable qualities as a friend and citizen. Possessed of rare executive ability, he served the city with fidelity, and later in the business world made a high mark for himself. But his chief characteristic was his loyalty to his family, to his friends, and to his duty as a good citizen. His friendship was unswerving, his devotion to his family was exceptional, and his example as a citizen was worthy of emulation by many. His family will have the heartfelt sympathy of a wide circle of friends in his untimely death.

The Board of Aldermen has acted wisely in postponing action on pony express licenses until Governor McCall has acted upon the bill now before him changing the present mandatory law requiring at least one such license to be granted, to a permissive form, and leaving the matter entirely to the discretion of the local city government. With this bill a law, the present illogical situation on the pony express in this city should be corrected by refusing to grant any licenses of this character.

## FREDERICK P. FISH

OF BROOKLINE, MASS.

Candidate for Delegate from the Thirteenth Congressional District to the Constitutional Convention

### To the Voters:

FREDERICK P. FISH CAMPAIGN COMMITTEE  
Philip S. Parker, Chairman, 175 Mountfort Street, Brookline, Mass.  
Edward W. Baker, Secretary, 29 Vernon Street, Brookline, Mass.

The churches are beginning a splendid campaign for total abstinence during the period of the war, and every good citizen ought to do his or her bit in helping along this great movement, which will be of such benefit to the entire nation. Let us hope that one of the results of the present war situation will be the prompt passage of a prohibition amendment to the national constitution, and that the United States will soon rank at least as high as Russia in this respect.

The protest of the Newtonville Improvement Association against the granting of a junk shop license in the village of Nonantum, simply because the location is just inside the Ward 2 line, seems a trifle far fetched. Residents of Nonantum are the ones more directly interested in this matter and their wishes rather than those of Newtonville ought to be considered.

The city is in the midst of a great movement to induce everyone to go back to the soil. Let us be sure that there is force enough behind the agitation to carry it thru the hot and weary days of the coming summer. Otherwise the movement will result in an economic loss instead of a gain.

The agitation to stop the manufacture of liquor during the period of the war ought to be heartily encouraged. No better way to serve the country could be found than to require total abstinence of every citizen.

Mr. Bruce R. Ware of Church street is modestly admitting that Lieut. Bruce R. Ware, Jr. U. S. N. is his son.

### CHILDREN'S MUSEUM NOTES

In planning the Museum lectures for this spring due note has been taken of the interest in gardening which is everywhere so apparent. While the Museum cannot itself carry on a garden, it plans to co-operate closely with the school and community gardens and to give instruction which shall supplement the lessons in soils and methods of planting and cultivating vegetables.

The schedule of topics prepared for the last week of April is as follows:  
Grade I—Plant Babies.  
Grade II—Birds That Come Around the Museum in April.  
Grade III—April Birds in City Parks.  
Grade IV—Spring Birds That Children Can Find.  
Grade V—Plant Children and How They Grow.  
Grade VI—Corn and Beans.  
Grade VII—What is a Potato?  
Grade VIII—Our Friend, the Potato.  
Elective lessons—Spring Birds, Trees in Spring.  
On Monday and Wednesday afternoons from four to five o'clock the reading-room will be at the disposal of all young people who wish to carry on their natural history studies with the aid of a microscope, slides and books. A member of the office force will be at hand to give assistance in the studies and there will be opportunity for the observation of life in aquaria.

### BENEFIT OF CO. C

Through the courtesy of Mr. L. C. Fisher, manager of the Newton Opera House, a benefit performance will be held Sunday evening, the entire proceeds of which will be given to Company C, 5th Mass., N. G. of this city. The program will consist of several reels of select motion pictures, numbers by the Company C quartet, composed of Robert Cunningham, James J. McDevitt, Clement Barry, and Harold Haffey, and others.

**PAY STATION** of the Telephone Co. will reverse the call for the asking when you want your call to be turned by FRANK A. LOISE.

### "ERMINIE" BY NEWTON OPERA AMATEURS

The decision of the Newton Amateur Opera Association to present "Erminie" at Players Hall, West Newton, May 15, 17 and 18, promises rare enjoyment to those who remember this useful opera as a popular success of the professional stage, and also to those who have yet to know its charming melodies and delightful libretto. The music by Jakobowski, and the book by Harry Paulson, interpreted by Francis Wilson, William Daboli, Pauline Hall, Marie Jansen and other famous stars, made it one of the greatest achievements of the New York Casino, under Rudolph Aronson, a generation ago. It enjoyed distinction and favor equal to that of the Gilbert and Sullivan operas to which, because of its merit, "Erminie" is frequently compared.

Musically it offers wide opportunity for the excellent voices which the Newton Amateur Opera Association has the good fortune to possess. Such numbers as "When Love Is Young," "Lullaby," "A Soldier's Life," "Downy Jail-birds of a Feather," "That's What the Dickey Birds Say," and "Good Night," have seldom been surpassed by present-day composers.

The book is founded on an old French romance, and far exceeds the ordinary musical-comedy dialogue. It has a generous amount of wholesome humor as well as dramatic force. The local presentation has the advantage of the continued service of William G. Hambleton as producing manager, together with the ability and skill of William Wolf, a widely known professional comedian and stage director who has been featured himself in the leading role and has also been associated with Francis Wilson.

The cast and further details will later be announced.

### LODGES

The Sumner P. Lawrence Rebekah Lodge, No. 177, will conduct a costume party in Odd Fellows Hall, Newtonville, Monday evening, April 30th.

### THOMPSON-NILES

Miss Ruth Elizabeth Niles, youngest daughter of Dr. and Mrs. Edward S. Niles of 60 Elmwood street, Newton, became the bride of Richard Morgan Thompson of Fall River at a brilliant wedding ceremony at Park Street Church, Boston, on Tuesday evening. A special musical program arranged by John Hermann Loud, organist, was given before the procession entered. Dr. A. Z. Conrad performed the ceremony.

The bride was attended by Miss Louise Thompson, a sister of the groom, as maid of honor, and little Florence MacDonal, a niece, was the flower girl. The bride was gowned in white tulle over silver cloth with train of white satin and carried a large bouquet of Easter lilies. Her veil was arranged in coronet fashion and caught with lilies of the valley. The maid of honor wore pink satin and carried sweet peas. The little flower girl was in pink and white and carried a basket of sweet peas.

Norman Thompson, a brother of the groom, was best man. The ushers were Nathaniel W. Niles, the well-known skater, and David S. Niles, brothers of the bride; George Warner of Naugatuck, Conn.; Raymond Thompson of Fall River, a brother of the groom; J. Millmore and J. Tyson. A reception was held at the home of the bride's parents at Newton. The groom is the son of Mr. and Mrs. Richard S. Thompson of Fall River, and a graduate of Yale, '15. He is in the employ of the United States Rubber Company at Naugatuck, Conn., and the bridal couple will reside there after the wedding trip.

A special assembly in the hall on Wednesday morning was attended by the boys of the Junior, Sophomore and Freshman Classes. A list was made of those boys under sixteen years of age who are willing to offer their services in gardening during the coming summer.

The annual Senior Reception was held in Temple Hall, Newtonville, on the evening of Saturday, April 21, and was attended by a large number of high school students and outside friends. Mrs. Clift R. Clapp, Mrs. Ernest F. Lovejoy, Mrs. Enoch C. Adams, and Mrs. Charles H. Vee served as matrons for the Saturday. The ushers were the following: Gerald Henderson, Henry Garrity, Frederick Howell, Paul Nash, William Fawcett, and Russell Simpson.

At a special meeting of the Senior Class last Friday morning, plans were discussed for the annual class gift to the school. It was decided that the Class of 1917 will present a large American flag, and also a State flag, for the Assembly Hall.

The annual Girls' Gymnasium Meet will be held in the school gymnasium at three o'clock this afternoon.

As a result of the recent discussion of military drill in the school, plans have now been made for the forming of a high-school company, which will be made up of boys who are over sixteen years of age. Service in this company will be purely voluntary. A canvass is now being made of those boys who would be willing to join.

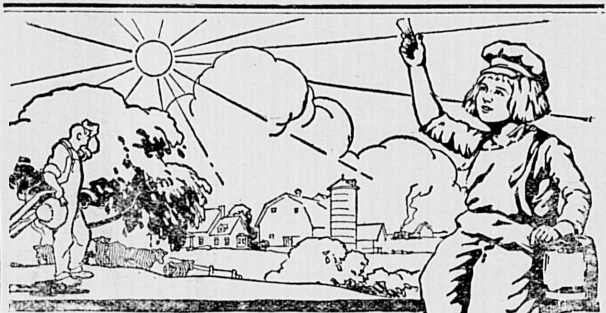

A very important game in the Quadrangular League series will be played at Clafin Field this afternoon, when the Newton baseball team will meet the Brookline team. Newton has now won one game and lost one game in the league, and this contest will probably decide whether or not the local team has a chance for the championship. There will be several good games next week, including Melrose on Tuesday and Revere on Saturday, both at Clafin Field. The second league game with Cambridge Latin will be played Thursday afternoon at Cambridge.

### CLAFIN GUARD VETERAN ASSOCIATION

This Association consisting of past officers and enlisted men of the Clafin Guard, now Co. C, 5th Regiment, National Guard of Newton, have turned their services to the Newton Committee of Safety, in any way that it can be useful.

Many of the members are past the age that would make them useful in the Home Guard, but their services might be available in other ways.

Some of the younger members have already joined the Home Guard, and all are doing what they can to encourage enlistments of young men.

## YOUNG PEOPLE'S PATRIOTIC MEETING

A Mass meeting for the young people of this village and Nonantum will be held in the Bigelow School Saturday morning at 9.30 o'clock. It is hoped every boy and girl will come and hear about the many different ways, he or she can help our city and our country, by doing any one of these things from now on, Boy Scouts, Girl Scouts, Gardening, Bicycle Corps, Surgical Dressings and others.

Mayor Childs and other speakers will tell about these various activities and afterwards a chance to hand in your name as desiring to help in any one of these ways, will give us an idea how many we can depend upon for aid during the war. We need you all so don't forget Saturday, April 28, at 9.30, Junior Branch of Special Aid Society of Newton.

THE LATE ALBERT S. GLOVER

## DEATH OF MR. GLOVER

The many friends of Mr. Albert Seward Glover, for many years a resident of this city, were shocked to learn of his death on Monday afternoon. He was found near the First Church of Boston, at Marlboro and Berkeley streets, with a severe bullet wound, evidently self inflicted, and died before he could be taken to the

Boston City Hospital. No reason is known for this unexpected act. Mr. Glover was born in Boston April 6, 1855, and educated in the public schools of Brookline and Newton, graduating from Newton High in 1873, and continuing his studies at M. I. T. in 1874 and 1875. For four years after leaving Technology he was engaged in construction work on the Sudbury River Aqueduct of the Boston

Water Works, resigning in 1879 to become Water Registrar of the city of Newton. He filled this office until 1889, when he became secretary and N. E. Sales Agent of the Hersey Manufacturing Company of South Boston, manufacturers of water meters. Mr. Glover was also Clerk of the Newton Common Council from 1882 to 1887 inclusive.

He was a member of the N. E. Water Works Association, the American Water Works Association, Boston Society of Civil Engineers, Brae Burn Country Club, Tedesco Country Club, Engineers Club of Boston, the Boston City Club, the Hunnewell and Middlesex Clubs, and the Alumni Association M. I. T.

He is survived by a widow who was Miss Mary Wales Robinson and one daughter, Miss Mary Wales Glover, who reside at the Hollis.

He is also survived by three sisters, Mrs. W. W. Hawkes of Amesbury, Mass., Mrs. Fred W. Johnson of Newton Highlands, and Mrs. Charles H. Chambers of New York City.

Newton Cemetery chapel was filled with many friends and relatives at the funeral services which were held on Wednesday afternoon. The casket was completely buried under the many beautiful flowers. The services were in charge of Rev. G. Charles Gray, pastor of the Newton Methodist Church and the interment followed in the Newton Cemetery.

## Act Now if You Want This Famous Automobile at the Present Price

At Midnight April 30 the Present Low Price on the World's Record

Non-Stop Champion Car Goes up to \$665.00

Quick action will save you money on the price of your Maxwell—until May 1st the price remains at \$635.00.

High grade steel and other raw materials used in the Maxwell have been steadily costing the Maxwell Company more and more until at last the factory reluctantly has been forced to increase the price in order to maintain Maxwell quality.

For it is the fixed policy of the Maxwell Company never, by even a hair's breadth, to change the sterling quality of the materials, parts, accessories and refinements of the Maxwell car—except, if it were possible, to change for the better.

The present low price of the Maxwell has been the wonder of the automobile industry.

The amazing thing is—even before the cost of the best automobile materials began going up by leaps and bounds—how the Maxwell was built to sell for so little as it has.

Of course the reasons are:

—a magnificent factory organization of men and machinery, the result of many years of experience and development, and a vast quantity production, now at the rate of over 100,000 cars yearly.

## Maxwell Leadership Unchallenged

In the Maxwell you have an automobile which, for results, is the equivalent of far higher priced cars.

Here is a car made of the very finest materials,

—with all of the accessories and refinements of costlier cars,

—with all of the comforts and luxuries that you expect to pay a great deal more for,

—with the famous record-making Maxwell motor that has power and speed to spare,

—with an economy of gasoline consumption that is more than amazing,

—all these master qualities in the Maxwell at a price which is within the reach of every family.

## Master Motor of the Maxwell Car

The marvelous Maxwell engine has earned for the Maxwell car its enviable reputation for fuel economy,

—this notwithstanding the fact that it has as much, or more power than the majority of much heavier and costlier cars.

## 1½ Cents A Mile

One example of Maxwell fuel economy is the recent trip made by Prof. (Mrs.) Miriam Seeley, of the Oregon Agricultural College, from Portland to Boston and back to Portland, a distance of 9,700 miles,

and this racking tour over mountains and under every road condition was made at the amazingly low running cost of 1½¢ per mile for gasoline and repairs,

#### Penn Always Friend of Indians.

It has been stated that before Penn left Pennsylvania for England, in 1684, he made treaties of friendship and alliance with no less than fifteen distinct tribes, and this may well be true, for history proves that for years after his death, which occurred in 1718, the Indians in all parts of Pennsylvania and western New Jersey revered the name of the one whom they had learned to know and love as friend and adviser.

## THE GARBAGE QUESTION

### Aldermen Refuse to Increase Appropriation for the Work, and Authorize \$13,000 for Collection

The seriousness of the garbage situation in this city was realized this week when Mayor Childs called a special meeting of the aldermen on Monday night to consider the matter. Only one member, Alderman Hays, was absent. A long discussion followed the recommendation of Mayor Childs that the sum of \$15,666.67 be appropriated for the work the present year. This sum is precisely the same as that previously recommended by the Mayor, and which the board turned down on April 16th. This figure is based on the amount of the present contract, \$13,000 per year until April 30 and at the rate of \$17,000 per year for the remainder of 1917, based on new figures of the present contractor.

The Finance committee recommended an appropriation of \$13,000 for this work with authority to expend \$9,000 of this appropriation before June 15th. Alderman Winslow said he had been assured by the Chairman of the Board of Health that the work would be done in some sort of fashion on whatever sum the aldermen might appropriate. He believed that the Health Department should obtain other bids at once and favored the passage of a resolution from the Finance committee to the effect that the present recommendation was excessive for contract work and requesting the Mayor to submit further recommendations based on the receipt of new bids. Alderman Blake also wanted the department to obtain new bids, saying it was a most common practice to reject all bids and ask for new. Alderman McCarthy gave some interesting figures relative to costs in Waltham, and called attention to the great increase in the cost of this work in Newton during the past 6 years, or 300 per cent, and wanted to know why the board of health had rejected one bid averaging \$11.00 for this work, and declared it believed it was the intention of this board not to allow an exorbitant sum for garbage collection.

His motion that Dr. Curtis be requested to attend the meeting was defeated by a vote of 10 to 9.

The order was then passed unanimously.

Alderman Murphy opposed the passage of the resolution, however, as he did not believe the recommendation of the Mayor was excessive. He gave figures prepared by the Street Department to the effect that it would cost that department \$23,954 a year to collect garbage, with an income from the sale at the city line of \$9,435, a net cost of \$14,519. This he said was based on a \$2.50 day and if \$3. had to be paid the net cost would be \$16,710. This averaged fairly well with Waltham, where he said it cost \$7,000 for half the number of teams needed in Newton.

Alderman McCarthy called attention to the fact that the present bid was even higher than that of the Street Department, and said that he favored contract work, but when contract figures became unusual, the work should be done by the city. Alderman Murphy said the equipment cost for the city would be \$9,556. Alderman Blake said that Waltham had been offered \$4800 for its garbage delivered at the city line and that not enough garbage is being produced at the present time to satisfy the demand. He knew of a man who stood ready to invest a large sum in establishing a pig farm if he could be assured of enough garbage. Alderman Whidden thought the board of health ought to have a free hand to work the matter out.

The resolutions were then adopted with a few dissenting voices and after granting several permits to use private garages the board adjourned at 8.55.

The board of health has arranged for a continuation of the present system of collecting garbage until June 15.

The first concert of the Wabar Church Society given in the Union Church vestry on Tuesday evening was a success, and thoroughly enjoyed by the appreciative and enthusiastic audience present. The Society, directed by Mr. Carl Pierce, was assisted by Miss Marjorie Schadt, soprano and Samuel Roberts, tenor, Mr. Frank L. Miller was the pianist.

The three-act comedy "Beverly's Balance" will be given next week evening at Player's Hall, West Newton under the auspices of the Wabar Woman's Club for the benefit of the Wabar Neighborhood Club.

The cast will include Messrs. H. L. Andrews, James R. Chandler, Joseph Congdon, Arthur Brown, Francis Davis and the Misses Gertrude Stevens, Esther Davis, Helen Holmes and Maude Becker.

The committee of the Improvement Society in charge of the work for increased food production is a very busy body this week, plots of land in the Winnetaska section have been allotted to boys and seventy-five dollars promised the committee to be given out as prizes. Mr. Louis Tilton has charge of the work among the boys. One hundred and thirty-five bushels of potatoes ordered by the committee will probably arrive tomorrow. The prizes for boys gardens are open to all boys of Wabar with gardens, in any section of Wabar, as well as those at Winnetaska.

## WARD-STIDSTONE

The wedding of Miss Ruth Spencer Stidstone of Medford, and Mr. Elmer H. Ward of Newton, took place at the home of the bride, 102 Central avenue, Medford, on Monday evening, the ceremony being performed at 8.30 o'clock by Rev. Austin Hill of the Baptist Church of that city. Miss Esther Stidstone of Medford was the bridesmaid and Mr. William D. Ward of Newton, acted as best man. The ushers were Messrs. Harry Ward of Newton and Harold and Cedric Stidstone of Medford, and the flower girl was Charlotte Pineo of Medford.

A reception followed the ceremony until 11 o'clock.

Mr. and Mrs. Ward will be at home at Cottage street, Newton Upper Falls after May 15th.

## Method of Saving Wood.

When lighting fires, split each piece of wood in a bundle into two. It is a real saving, for the wood goes twice as far, as half the quantity lights the fire. And sprinkle coal with salt and water; it burns better and lasts twice as long.

Mrs. Emma F. Tidd of Worcester visited Mrs. John A. Gould for a few days last week.

Miss Thumin, a teacher of the second grade in the Emerson School, left Friday to fill a similar position in Boston.

Mr. Kenneth Halliday and Mr. Howard Gould have both answered the call for volunteers by enlisting in the Coast Patrol.

Thursday noon there was a flag raising at the Saco Lowell Shops. The school children were let out early in order to go to it. Mr. Frederick Hodge led the singing.

The Saco Lowell Machine Shops have apportioned off several acres of arable ground to be used this summer by those of their employees who have no land but who are desirous of doing some farming.

Mr. James B. Ormon who last fall made his class track team (1920) in M. I. T. won his T. A. A. at the Track Meet last Saturday when he came in third in the interclass race. He is also a member of the varsity track team.

The Athletic Association held its annual minstrel show in Lincoln Hall, Tuesday, Wednesday and Friday of this week. A hunting scene was substituted for the usual darky one. All were dressed in the bright red and white of the typical English jockeys. Misses Nellie Sullivan and Susie Kerr, and Mr. Daniel Kerr were the soloists. All considered it a very entertaining show.

Red Cross Week was a success! All showed splendid spirit by entering heartily into everything. Fortunately the weather was good so that the program was carried out as planned. Whereas not all the committees have reported it is known that \$500 has been donated for the work in this district and that about one hundred and seventy-five joined the Red Cross this past week.

Mr. Richard T. Sullivan, a former resident was married last Saturday to Miss Ruth Stanley of Great Barrington, Massachusetts. The wedding took place at the home of the bride's brother, Brooklyn, New York, and was quite simple only the immediate relatives being present. The groom's family went on to New York Friday, returning Monday. Mr. and Mrs. Richard Sullivan will live in Poland Village, Youngstown, Ohio.

Tuesday afternoon some excitement was caused by the fact that Mr. Louis Grenspon lost control of his horse which was frightened by the electric car at the corner of Rockland place and High street. The horse charged against the Methodist "Annex" throwing the driver and tipping over the wagon. Mr. Grenspon who was injured in the leg and shoulder, was removed to his home in West Newton. The building was slightly damaged.

## UNDER THE GILDED DOME

It is rumored about the State House that the state tax will take a jump this year of five or six million dollars, and as Newton pays about 2 per cent of that sum, it will easily be seen that something like \$100,000 will be added to the tax burden of this city. It is also interesting to note that the Legislature has passed the bill to increase from \$10 to \$14 the maximum amount to be paid under the workmen's compensation law. Representative Jarvis voted for this bill and Representatives Allen and Weston opposed it. The House has also passed the bill to reduce the waiting period from 10 to 7 days, before compensation is paid for injuries, all three of our representatives voting against this bill. Both of these measures will add a considerable sum to the cost of this work in Newton.

The bill to allow lump sum settlements under the Workmen's Compensation act has been rejected.

The county tax for Middlesex County will be \$827,415.45, as against \$850,353.72, a gratifying decrease in these days of increasing costs.

Bills have been introduced by Mayor Childs to authorize the city to take by eminent domain the land recently offered the city at West Newton for City Hall purposes, and to allow private lands for purposes of cultivation in war periods.

Mr. Thomas F. Dolan of Sargent street has been confirmed for another term as trustee of the Westboro State Hospital.

## Flying Fishes.

Some fish can spring from the water and sustain themselves in long flights of various distances in the air. These flights are made possible through the development of the pectoral or breast fins, and though the flying fish never flap their fins in their sailing flights they are able to cover a distance of no less than 500 feet.

**FREE LECTURES**

The Newton Equal Suffrage League is giving to the citizens of Newton, a most interesting and instructive course of free lectures.

The one on Monday, April 23rd, was at Newton Centre, entitled The Home Vegetable Garden.

On Wednesday evening the same lecture was given at Nonantum.

On Saturday afternoon at 3 o'clock at the Bigelow School, Newton, people will have the privilege of hearing Miss S. E. Brissell of Weymouth on that instructive subject.

Next week, on Monday afternoon, at 3.45 at the Mason School in Newton Centre, and on Wednesday afternoon at 3.45 at the Technical High, Newtonville, and on Saturday afternoon, May 4, at 3 at the Bigelow School, Newton, Miss Alice Bradley, the Principal of Miss Farmer's School of Cooking will speak on Food Economy.

**WOMEN'S CLUBS**

MISS GRACE M. BURT, Editor.

Such progress as has been made in the past few months by the vigorous new Women's Club of Newton Highlands, instanced by the account of its annual meeting given below, as well as the manner in which the Auburndale Woman's Club has thrived during its three years of existence, arouses in one's mind whether or no the time may not be ripe in some other parts of Newton for just such clubs as these two clubs prove that such ones can thrive without seriously interfering with those already existing in their respective communities. Efforts which are pushed at inopportune moments seldom reap lasting results, but those which come into being spontaneously when the time is fully ripe, as these two new ones seem to have done, cannot but succeed. Where are the leaders who will set the ball rolling?

**State Federation**

Club presidents are reminded of the Presidents' Luncheon at Hotel Vendome, Boston, on Wednesday, May 2nd, at one o'clock, when the Twenty-Fifth Anniversary of the Federation will be observed. The past presidents of the Federation will be the guests of honor with a reception to them at 12.30. Tickets should be secured from Mrs. George M. Baker, Concord, Mass., by April 27.

**Newton Federation**

Save next Tuesday, May 1st, for the annual meeting of the Newton Federation. Morning session opens at 10.30. Luncheon will be served promptly at 12.30 and the afternoon session will begin at two o'clock. With the admission of the affiliated organizations the character of the work, which will be reported, will be of widely varying nature and of additional interest this year. Never have the possibilities of the Federation been so great as at the present time.

**Local Announcements**

Mrs. H. B. Walker of 43 Bowdoin street, will be hostess for the annual meeting of the Newton Highlands Monday Club on April 30.

On Monday afternoon the Newton Highlands C. L. S. C. will meet with Mrs. Fred Hayward of Centre street. Miss Margaret E. Rich of the Newton Welfare Bureau will speak on "Mothers' Aid." A large attendance is desired.

Dr. H. H. Powers will address the Social Science Club next Wednesday evening. This will be the concluding study of Colonization in which the speaker will compare methods of the different countries and discuss the Ethics of Imperialism. Guests may be invited at 10.15.

The Newton Ladies' Home Circle which is diligently engaged in Red Cross work, will hold its next meeting on Thursday, May 3rd, at 2 P. M. in G. A. R. Hall, Newtonville.

On Saturday, May 5, the Newton Highlands Shakespeare Club will hold its annual meeting.

**Local Happenings**

At the annual meeting of the Newton Ladies' Home Circle the officers were elected for the coming year: President, Mrs. W. H. Brown; first vice-president, Mrs. H. W. Crafts; second vice-president, Mrs. E. R. Jones; recording secretary, Mrs. W. F. Hadlock; corresponding secretary, Mrs. M. B. Sperl; treasurer, Miss A. G. Chamberlain.

On April 18 the Pierian Club held its annual meeting at the home of Mrs. C. A. Chadwick. Reports were read from the various committees and the election of officers resulted as follows: President, Mrs. Charles Mills; vice-president, Mrs. Earl Smith; secretary, Mrs. Herbert E. Child; treasurer, Mrs. C. A. Chadwick.

Israel Zangwell's "Melting Pot" was the subject of discussion at the meeting of the Newton Highlands C. L. S. C. on Monday afternoon held at the home of Miss Ayers. Selections from the play were read by various members and discussed. The customary social hour was enjoyed.

The members of the Monday Club of Newton Highlands and a large number of guests were entertained in the new home of Mrs. E. P. Bosson, Ledges road, Newton Centre, on April 23rd. The day being Shakespeare's birthday as well as the anniversary of his death, it was appropriate that some phase of the great dramatist should be presented. Professor E. Charlton Black spoke upon "A Development of Shakespeare as an Interpreter of Life." The speaker referred to the fact that the day of Shakespeare's birth is St. George's Day, which is considered the greatest of days in England, and that he was born upon that day are bound to be wondered. He proceeded to show how this tradition has been realized in the poet. Refreshments were served by the social committee.

On Tuesday afternoon the Woman's Club of Newton Highlands held its first annual meeting and the annual reports of both officers and committees showed that the club has made a vigorous start in life. The organization meeting was held on December

12, 1916, and on that day 168 women were enrolled as members. Regular meetings were not begun until January, so that this first year covers but four months. At the meeting on Tuesday 408 members were reported. Mrs. H. E. Clark, chairman of the Civic committee, reported one public meeting and a plan of co-operation between the club and the Village Improvement Association, whereby a member of the committee is also a member of the executive committee of the Improvement Association. The committee has been working for clean streets, investigating the garbage and ashes collection and the question of exterminating mosquitoes and flies.

Through the instrumentality of the Education committee, Mrs. E. H. Roby, chairman, arrangements have been made for some of the Camp Fire girls to take care of the children of members, under seven years of age, while the older ones are cared for by Miss Singleton at the reading room, thus enabling the mothers to attend club meetings. The committee has arranged for a class in American History next fall under the direction of the University Extension course offered by the State. The hospitality committee, Mrs. A. S. Hutchinson, chairman, has made a large number of calls upon new comers to Newton Highlands and has endeavored to promote hospitality among the members, a very important matter in so new a club. One meeting of the club has been arranged by the Home Economics committee, of which Mrs. H. D. Walker is chairman, a class in First Aid has been instituted, and the committee has secured a library of works in Home Economics, which members may use under conditions similar to circulating libraries. The Music committee, Mrs. W. M. Leonard, chairman, has planned the program for one afternoon and the social committee has provided ushers and attended to the serving of tea. The club has contributed \$25 to the Women's Association of Newton Highlands.

Mrs. Irving O. Palmer, of the Newton Federation, and Mrs. Herbert J. Gurney, president of the State Federation, were guests of honor and both made brief remarks, congratulating the club upon its achievements of the first few months. Mrs. Gurney spoke of the evolution of the club and the club woman, pointing out the very many changes which have taken place in the course of years. On account of war conditions the social tea was omitted, although Mrs. Gurney remained to meet the members at the close of the business. The officers elected for the ensuing year are: President, Mrs. C. G. Wetherbee; first vice-president, Mrs. Arthur S. Williams; second vice-president, Dr. C. A. Wetherbee; recording secretary, Mrs. D. D. McKay; corresponding secretary, Mrs. W. C. B. Robbins; treasurer, Mrs. Arthur R. Logan; auditor, Miss Mable Singleton; directors for two years, Mrs. A. L. Pratt, Mrs. Frederick Badger; for one year, Mrs. S. L. Eaton, Mrs. E. G. Swift.

The Newton Parliamentary Law Club closed its season's study with the meeting on Tuesday morning. At the annual meeting the following named persons were elected as officers for the ensuing year: President, Mrs. E. P. Leonard; vice-presidents, Mrs. Edward J. Cox, Mrs. Sidney Peterson, Miss Ellie Needham; secretary, Mrs. E. E. Wakefield, Jr.; treasurer, Mrs. Willard D. Tripp; auditor, Miss Minnie R. Wheeler; members of the Newton Federation committee, Mrs. H. G. Phelps, education, Mrs. Franklin B. Smith, nominating, Mrs. Willard S. Higgins. Delegate to the Newton Federation executive board, Miss Minnie R. Wheeler, with Mrs. W. S. Higgins as alternate. The club devotes itself to the study and practice of its chosen subject and does its philanthropic work through the Newton Federation.

On Wednesday afternoon the Social Science Club met in the Hunnewell Club for the annual meeting. After routine business tributes to the memory of Mrs. H. W. Wellington, one of the founders and first president of the club whose death occurred recently, he paid by Mrs. Walcott Calkins and Mrs. Fred H. Tucker. For the first year all the meetings were held in Mrs. Wellington's home. It was to her vision that the Nonantum Vacation School had its origin, the first industrial vacation school in this country.

The reports told of much good work well done, personal service, as well as generous contributions to many objects. These gifts total to something over \$1,000 divided somewhat as follows: Stearns School Center, \$250; Newton Hospital, \$100; Hampton Scholarship, \$70; Newton Welfare Bureau, \$25; West Newton Music School, \$25; School Gardens, \$15; \$15 each to the French Relief and to the Surgical Dressings associations; \$10 to the Massachusetts Child Labor Committee; \$75 towards the salary of Albert McDonald; \$100 for French War Relief; \$100 for the French children; \$100 for the Armenian and Syrian Fund; and something over \$100 for the Belgian children. The club was fortunate in having a large sinking fund from which \$275 has been drawn about \$500 was contributed for the regular philanthropic work, while the rest have been the voluntary gifts of members. Mrs. F. E. Stanley and Mrs. W. M. Mitchell were elected delegates to the annual meeting.

For the first year all the meetings were held in Mrs. Wellington's home. It was to her vision that the Nonantum Vacation School had its origin, the first industrial vacation school in this country.

The reports told of much good work well done, personal service, as well as generous contributions to many objects. These gifts total to something over \$1,000 divided somewhat as follows: Stearns School Center, \$250; Newton Hospital, \$100; Hampton Scholarship, \$70; Newton Welfare Bureau, \$25; West Newton Music School, \$25; School Gardens, \$15; \$15 each to the French Relief and to the Surgical Dressings associations; \$10 to the Massachusetts Child Labor Committee; \$75 towards the salary of Albert McDonald; \$100 for French War Relief; \$100 for the French children; \$100 for the Armenian and Syrian Fund; and something over \$100 for the Belgian children. The club was fortunate in having a large sinking fund from which \$275 has been drawn about \$500 was contributed for the regular philanthropic work, while the rest have been the voluntary gifts of members. Mrs. F. E. Stanley and Mrs. W. M. Mitchell were elected delegates to the annual meeting.

On Wednesday afternoon the Social Science Club met in the Hunnewell Club for the annual meeting. After routine business tributes to the memory of Mrs. H. W. Wellington, one of the founders and first president of the club whose death occurred recently, he paid by Mrs. Walcott Calkins and Mrs. Fred H. Tucker. ing of the State Federation at Great Marrington in June.

These officers were elected for next year: President, Mrs. Sterling Elliott; vice presidents, Mrs. L. S. Drake, Mrs. H. H. Powers, Mrs. C. H. Patton, Mrs. H. I. Harriman, Mrs. H. R. Chamberlain, Mrs. George E. Morrill; recording secretary, Mrs. Harry Lutz; corresponding secretary, Mrs. John H. Chase; treasurer, Mrs. Henry K. Hobart; assistant treasurer, Miss Rose Loring; auditor, Miss Georgia H. Emery; directors, Mrs. Franklin E. Smith, chairman, Mrs. Francis W. Dana, Mrs. Frank H. Howes, Mrs. Frank A. Day, Mrs. Grosvenor Calkins.

Instead of the luncheon this year a social hour followed during which the Social committee, Mrs. Herbert G. Pratt, chairman, served afternoon tea. A beautiful basket of white roses and green adorned the center of the tea table and a bowl of nasturtiums upon the president's table added cheer to an unusually interesting meeting and enjoyable informal social time.

On April twenty-third, the annual meeting of the Waban Woman's Club was held in the Union Church Vestry. More than ninety members were served a delicious luncheon, given under the management of Mrs. Florence Guppy and Mrs. Fastnet E. Dutch. The tables were attractive with centerpieces of Spring flowers and the officers of the Club, assisted by members, were hostesses. The President, Mrs. Florence Kimball, called the business meeting to order at two-thirty o'clock. Reports were read for the year, and the ballot taken for the election of new officers. Those elected were: President, Mrs. Emily M. Porter; Vice President, Mrs. Alice W. Isola; Recording Secretary, Mrs. Fastnet E. Dutch; Corresponding Secretary, Mrs. Louise S. Turner; Treasurer, Mrs. Emily S. Tilton; New Director, Mrs. Lillian D. Reinhardt; Chairman Entertainment Committee, Mrs. Nellie K. Brown; Nominating Committee, Miss Grace E. Andrews, Mrs. Lucy B. Banton, and Mrs. Elizabeth C. Sutton.

The Recording Secretary's report showed how successfully the Club has developed during the year, with classes in Current Events, Parliamentary Law, a Choral Society, and Red Cross classes in Home Nursing and First Aid.

The Club has contributed generously to Social and Civic needs, and has again enlarged its membership. Mrs. Helen S. Andrews presented flowers to the outgoing President and Treasurer for the Club, in appreciation of the splendid help they have rendered the Club, during their term as officers.

The retiring President, Mrs. Kimball, then extended a hearty and cordial welcome to the incoming President, Mrs. Emily M. Porter, who graciously accepted the office and briefly outlined the work that can be done through the Summer to aid the country in the pressing need of conservation of food, clothes, and prevention of waste, after which the meeting was adjourned for the year.

**POOR ADVERTISING**

Taking note of the attractive calendars given away by one of our banks last December, I inquired of the cashier what they cost. He told me they were giving away 700 calendars and that each calendar cost 26 cents.

I made the same inquiry at our other two banks and was told that one had ordered 400 calendars for free distribution. The average cost of the calendars given away by the three banks was 34 cents.

In making a local mention of the calendars given away by the banks it occurred to me I had better make the item complete and include all the firms in Cadiz that were giving away calendars. This I did and was astounded to learn that some of the business houses were giving away as many as 1,200 calendars, others 1,000 and quite a number had given away from 100 to 500. The average cost I found to be about 12 cents, although many firms had given away calendars that cost as much as 58 cents each. The flooring mill gave away 100 calendars that cost 75 cents each, as well as 1,000 smaller ones that cost 22 cents each.

**An Enormous Waste**

My totals showed that Cadiz business firms had given away 9,000 calendars, an average of four and one-half calendars to each resident of the town. Of course many were given to customers living outside of Cadiz. These calendars cost in excess of \$1,000. And some of the firms that gave away about \$50 in calendars never spend a cent for newspaper advertising.

I am interested, so I continued my investigation as to the number of calendars given away by business firms in this county outside of Cadiz. This increased the number of free calendars to over 15,000, costing about \$1,000. The population of the country is only 20,000, so it would appear that three out of every four men, women and children in the country received a calendar.

In collecting material for my calendar article I found out some facts that ought to discourage merchants from this sort of thing. One bank cashier told me that five of their thirty-six cent calendars went to a family that never had a cent on deposit in the bank. Different members of the family asked for them because they had four different styles or pictures.

I found that some of the largest business houses had discontinued the practice, having learned by experience it was the most expensive kind of advertising known.

**Proof of the Pudding**

Testing the comparative merits of advertising through the newspapers and advertising with calendars, I asked ten people the name on the calendar they had made use of during 1916. Only one person answered without any hesitation. Seven out of the ten couldn't tell what firm's advertisement appeared on the calendar.

Five stated they remembered getting calendars from several firms, but couldn't tell which firm's calendar they used.

Will you look for a big "Red Lily" when buying canned goods the next time? It will pay you to do so.

**PACKING THE JURY FOR THE CONVENTION**

(Written for the Boston Herald)  
The case of the People of Massachusetts vs. the Compulsory Initiative and Referendum was next on the docket in the Court of the Constitutional Convention, Mr. Justice Public Opinion presiding.

The Court—What is the charge, Mr. Voter?  
Atty-Gen. Voter—An attempt to destroy the system of representative democracy which for 137 years has been the bulwark of political and religious liberty in this Commonwealth. It is a capital offense, your honor.

The Court—Very well, Mr. Voter. Let the jury be empaneled.

The Clerk—Mr. Candidate for Delegate to the Constitutional Convention. The Court—Mr. Candidate, have you formed an opinion with reference to the guilt or innocence of this defendant?

A—I have, your honor.  
Q—Is it an opinion that would prevent you from rendering a verdict solely upon the evidence presented in this court?

A—It is, your honor.  
Q—You mean that you would hold to the opinion you have formed even though the weight of the evidence presented here might be against it?

A—Yes, your honor. I am pledged to find in favor of the Compulsory Initiative and Referendum no matter what evidence may be produced against it in the Court of the Constitutional Convention.

The Court—You are totally unfit, sir, to sit upon this jury. You may step down.

Atty-Gen. Voter—Just a moment, your honor. May I ask the juror a question?  
The Court—Certainly.

Atty-Gen. Voter—Mr. Candidate, you say you are pledged to find for the Initiative and Referendum regardless of the evidence?

A—Yes, sir.  
Q—Do you know of others seeking places on this jury who are likewise pledged?

A—Yes, sir.  
Q—Now, sir, to whom are you pledged?

A—To the Union for a Progressive Convention, sir. They told us that unless we pledged ourselves to find for the Initiative and Referendum, regardless of any evidence that might be produced in this court, we would not be allowed to sit on this jury.

Atty-Gen. Voter—That will do, Mr. Candidate. Your honor, we have here, it seems to me, evidence of a very grave offense—a conspiracy to pack the jury with men who are pledged to find for the Initiative and Referendum, regardless of the evidence that might be produced in this court.

Atty-Gen. Voter—That will do, Mr. Candidate. Your honor, we have here, it seems to me, evidence of a very grave offense—a conspiracy to pack the jury with men who are pledged to find for the Initiative and Referendum, regardless of the evidence that might be produced in this court.

**WOMEN'S CLUBS**

MISS GRACE M. BURT, Editor.

The following report of the Housing Fund Committee of the Newtonville Woman's Guild was made last week by Mrs. C. D. Kepner, the chairman:

**The Tale of the House the Guild Built**  
(With apologies to several friends of our childhood.)

This is the House the Guild Built—A structure of dreams, altruistic and sweet, A community house where all Newton should meet,

Walls, cemented by friendship, pillared by faith, And our architect's now an invisible wraith.

For he planned, and he planned, and he planned, and he planned, This wonderful house that the Guild built.

Land to the right of us, land to the left of us, Land before and behind us, we questioned and pondered

While from circle to circle, like agents we wandered. But what woman has done, woman surely may do,

So we asked Mrs. Whiton to prove this was true, And she told us of Dorchester's splendid success

And the beautiful house that their club built. So we brought in our deucats, our dollars, and dimes,

And the ways that we earned them we told you in rhyme. Almost eight hundred dollars at interest lie,

One fifty (\$150) and more our food sales laid by. But along came our tyrant, mere masterful man,

Who claimed we had made an impractical plan. "Our home and our purse and our Club House should be

The slogan of conjugal bliss," so quoth he. "Now show us your money and then you shall see

How much finer a Club House our Club builds. So we chose a leader whom too we call "Mammy"

And from midnight to sunrise her wise brain did plan A "County fair" show, with so much to exhibit

And every attraction, our laws can't prohibit. With tables of this thing and tables of that,

With a prize for your rabbit, your dog, or your cat, With music, and dancing, and surely a feed

Think! Most four hundred women to help her, agreed! So she planned, and she planned, and she planned

To make cash for the house that the Guild built. But, alas, came the time when grim

Clouds did lower, and the sun hid true. And we watched for their breaking from hour to hour.

And behind this army in dire array— The Metropolitan Chapter of the Red Cross Society, the Special Aid Society for American Preparedness, the Newton Committee on Public Safety,

The Soldiers' Aid and the Navy League, the Surgical Dressing Committee of the Woman's Department National Civic Federation, the New England Branch of the American Fund for French Wounded, the New England Belgian Relief, the Young Men's Christian Association work in the Army and Navy, the Council of the National Defense, the Woman's Auxiliary of the Mass. Department Navy League

of the U. S. Society to Eliminate Waste, the Red Cross courses in First Aid, Home Nursing, Emergency Cooking, courses in Economic cooking, and Farming, and the First Aid in Emergency Relief of the Newton Welfare Bureau—All attacking the House that the Guild Built.

"Halt!" the dust brown ranks stood fast. "Fire!" blazed the rifle blast. They shivered over structure, pane and sash.

They rent our dream with seam and gash. But quick 'ere they wrecked us from cellar to roof,

We snatched, and we bring you, three relics, bomb-proof, One is friendship which widened and grew with the year,

One is interest in others, who need our good cheer, One is loyalty—"greatest of all"—is not brag.

To our Club—to our City, but most to our Flag! So we ask for the truth as we wake from our dream.

Was it wholly a failure, this Housing Fund Scheme, This little House that the Guild built?

At the Monday Morning Assembly of the Newton Vocational School the State Flag was presented to the school by the teachers.  
An address was delivered by Superintendent Wheeler upon "Massachusetts in Leadership."  
A national flag was presented to the school by the boys of the several classes, April 16th, when Mr. William F. Garcelon was the speaker.

**FIRE PREVENTION, AND THE HIGH COST OF LIVING**

Vast Quantities of Grain and Other Staples Go Up in the Smoke of Unnecessary Fires

Few people realize how directly the much discussed "High Cost of Living" is influenced by America's excessive fire waste. A recent nationwide analysis of fires and fire causes has shown enormous destruction of common staples. Single fires in elevators and mills frequently consume the equivalent of a living for a small army of people. For example, a recent blaze in an Illinois elevator rendered 700,000 bushels of corn unfit for human food, and also destroyed 300,000 bushels of oats.

Grain elevators, flour, cereal, grit and feed mills present well known elements of fire hazard in that they are subject to explosions of the highly explosive dust that results from handling or milling grain. These disasters also cost many lives; a dust explosion in a Buffalo mill, in 1913, resulted in over thirty fatalities. A short time ago the United States Department of Agriculture made a study of the frequent explosions in grain separators in the Big Bend country of the Northwest, and found that in the height of the season these reached from six to ten a day, the flame from such explosions in a large number of cases spreading into the surrounding grain with destructive results.

Individual barn fires add enormously to this total. Throughout most of the country the season of thunder storms follows closely upon that of harvest, and thousands of barns, stored with potential food, go up in flames each year because of lightning. These fires must be closed as largely preventable, since statistics compiled by the Actuarial Bureau of the National Board of Fire Underwriters show that of the total fire loss from lightning, more than 92 per cent. is found where lightning rods are not used.

The spontaneous combustion of hay and grain in poorly ventilated barns is another big factor which might largely be prevented by proper precautions.

When to such items are added the fires in grain fields from locomotive sparks, and from the matches of careless smokers, it may be realized that a vast amount of foodstuff is turned into clouds of smoke, instead of human bone and muscle. This inevitably has its effect upon the price of the remainder.

Most people depend upon groceries for their food, and the average grocery, containing, as it does, stocks of kerosene and other inflammable merchandise, is a special instance of fire hazard. This is shown by the great number that are consumed during each year, and each grocery fire subtracts a definite quantity of staples from the national supply.

Meat supplies are directly affected by the large number of live stock burned in fires in barns and stables, and also by the many fires in packing houses, slaughter houses, etc.

The same condition holds true with other staples than those of food. In two years there were reported 822 fires in wool and cotton mills. Cotton is a commodity which is particularly subject to disastrous fires. This also applies in a marked degree to the refining, storing and handling of oil—one of our commonest daily requirements.

The supply of wood enters into many phases of our living necessities. In New York State alone 200,000 people are employed in turning out an annual product of nearly 400,000,000 in wood manufactures. Striking at the basis of this great industry, hundreds of human lives, and millions of dollars' worth of property are destroyed each year by forest fires, which might be prevented with proper care. The National Forest Service, in one year discovered 1,126 forest fires to have been caused by campers; 1,110 by locomotive sparks, and 470 by incendiaries.

The burning of saw mills, lumber yards, furniture and wood ware factories, and stores and homes, too frequent to call for special comment. Similar surveys might be made in other fields of staples included in the cost of living.

Back of all of this loom the larger aspects of the situation. With an average of more than one reported fire for every minute of the year, and a daily destruction approximating \$500,000, the United States is subjected to an economic drain that affects every detail of its business and social life, and is a large, though unrecognized factor, in the cost of all commodities. Furthermore, it cannot be overlooked that a vast number of people are interrupted in employment, and hence in earning power, from the same cause.

It is at least an interesting coincidence that the historic panic of 1873 followed the Chicago conflagration of 1871, and that of Boston, in 1872; while the more recent panic of 1907 occurred in the year succeeding San Francisco's great fire.

If America were to reduce her fire losses to the fractional figures of most other countries it can hardly be doubted that the cost of living would be materially lowered. It must never be forgotten that 21.4 per cent. of this annual bonfire is due to strictly preventable causes, 37.9 per cent. to those which are partly preventable, and that the remaining 40.7 per cent. from "unknown" causes is probably largely preventable.

**CO. C AFFECTED**  
Company C will lose nine men as the result of the law recently put into effect barring men with dependents from serving in the National Guard. Enlistments, however, continue to come in, four have successfully passed the physical examination Monday night. While many of the companies throughout the state have been badly hit by this new law, Capt. Cormerais has more than enough men on the enrolled list to fill these vacancies.

The Newton Company has made, by far, the best showing of any company in the 5th Regiment in the matter of recruiting. Three additional men will be lost, two joining the navy and the other the regular army. The following members of the company have petitioned for their discharge because of dependents: Cook E. W. Edmunds, Richard Carleton, Joseph A. Sullivan, Henry J. Kelley, George M. Clinton, Robert J. Moriarty, Wm. F. Burke, and

**FREE LECTURES**

The Newton Equal Suffrage League is giving to the citizens of Newton, a most interesting and instructive course of free lectures.  
The one on Monday, April 23rd, was at Newton Centre, entitled "The Home Vegetable Garden."  
On Wednesday evening the same lecture was given at Nonantum.  
On Saturday afternoon at 3 o'clock at the Bigelow School, Newton, people will have the privilege of hearing Miss S. E. Brassill of Weymouth on that instructive subject.  
Next week, on Monday afternoon, at 3.45 at the Mason School in Newton Centre, and on Wednesday afternoon at 3.45 at the Technical High, Newtonville, and on Saturday afternoon, May 4, at 3 at the Bigelow School, Newton, Miss Alice Bradley, the Principal of Miss Farmer's School of Cooking will speak on Food Economy.

**WOMEN'S CLUBS**

Miss GRACE M. BURT, Editor.

Such progress as has been made in the past few months by the vigorous new Woman's Club of Newton Highlands, instigated by the account of its annual meeting given below, as well as the manner in which the Auburndale Woman's Club has thrived during its three years of existence, arouses in one's mind whether or no the time may not be ripe in some other parts of Newton for just such clubs as these new ones have set out to be. These two clubs prove that such ones can thrive without seriously interfering with those already existing in their respective communities. Efforts which are pushed at inopportune moments seldom reap lasting results, but those which come into being spontaneously when the time is fully ripe, as these two new ones seem to have done, cannot but succeed. Where are the leaders who will set the ball rolling?

**State Federation**

Club presidents are reminded of the Presidents' Luncheon at Hotel Vendome, Boston, on Wednesday, May 2nd, at one o'clock, when the Twenty-Fifth Anniversary of the Federation will be observed. The past presidents of the Federation will be the guests of honor with a reception to them at 12.30. Tickets should be secured from Mrs. George M. Baker, Concord, Mass., by April 27.

**Newton Federation**

Save next Tuesday, May 1st, for the annual meeting of the Newton Federation. Morning session opens at 10.30. Luncheon will be served promptly at 12.30 and the afternoon session will begin at two o'clock. With the admission of the affiliated organizations the character of the work, which will be reported, will be of widely varying nature and of additional interest this year. Never have the possibilities of the Federation been so great as at the present time.

**Local Announcements**

Mrs. H. B. Walker of 43 Bowdoin street, will be hostess for the annual meeting of the Newton Highlands Monday Club on April 30.

On Monday afternoon the Newton Highlands C. L. S. C. will meet with Mrs. Fred Hayward of Centre street. Miss Margaret E. Rich of the Newton Welfare Bureau will speak on "Mother's Aid." A large attendance is desired.

Dr. H. H. Powers will address the Social Science Club next Wednesday morning. This will be the concluding study of Colonization, in which the speaker will compare methods of the different countries and discuss the Ethics of Imperialism. Guests may be invited at 10.15.

The Newton Ladies' Home Circle which is diligently engaged in Red Cross work, will hold its next meeting on Thursday, May 3rd, at 2 P. M. in G. A. R. Hall, Newtonville.

**Local Happenings**

At the annual meeting of the Newton Ladies' Home Circle these officers were elected for the coming year: President, Mrs. W. H. Brown; first vice-president, Mrs. H. W. Crafts; second vice-president, Mrs. E. R. Jones; recording secretary, Mrs. W. F. Hadlock; corresponding secretary, Mrs. M. B. Sperry; treasurer, Miss A. G. Chamberlain.

On April 18 the Pierian Club held its annual meeting at the home of Mrs. C. A. Chadwick. Reports were read from the various committees and the election of officers resulted as follows: President, Mrs. Charles Mills; vice-president, Mrs. Earl Smith; secretary, Mrs. Herbert E. Child; treasurer, Mrs. C. A. Chadwick.

Israel Zangwell's "Melting Pot" was the subject of discussion at the meeting of the Newton Highlands C. L. S. C. on Monday afternoon held at the home of Miss Ayers. Selections from the play were read by various members and discussed. The customary social hour was enjoyed.

The members of the Monday Club of Newton Highlands and a large number of guests were entertained in the new home of Mrs. E. P. Bosson, Ledges road, Newton Centre, on April 23rd. The day being Shakespeare's birthday as well as the anniversary of his death, it was appropriate that some phase of the great dramatist should be presented. Professor E. Charlton Black spoke upon "A Development of Shakespeare as an Interpreter of Life." The speaker referred to the fact that the day of Shakespeare's birth is St. George's Day, which is considered the greatest of days in England, and that boys born upon that day are bound to be warriors. He proceeded to show how this tradition has been realized in the poet. Refreshments were served by the social committee.

On Tuesday afternoon the Woman's Club of Newton Highlands held its first annual meeting and the annual reports of both officers and committees showed that the club has made a vigorous start in life. The organization meeting was held on December

12, 1916, and on that day 168 women were enrolled as members. Regular meetings were not begun until January, so that this first year covers but four months. At the meeting on Tuesday 409 members were reported. Mrs. R. E. Clark, chairman of the Civic committee, reported on public meeting and a plan of co-operation between the club and the Village Improvement Association, whereby a member of the committee is also a member of the executive committee of the Improvement Association. The committee has been working for clean streets, investigating the garbage and ashes collection and the question of exterminating mosquitoes and flies.

Through the instrumentality of the Education committee, Mrs. E. H. Roby, chairman, arrangements have been made for some of the Camp Fire girls to take care of the children of members, under seven years of age, while the older ones are cared for by Miss Singleton at the reading room, thus enabling the mothers to attend club meetings. The committee has arranged for a class in American History next fall under the direction of the University Extension course offered by the State. The hospitality committee, Mrs. A. S. Hutchinson, chairman, has made a large number of calls upon new members to Newton Highlands and has endeavored to promote hospitality among the members, a very important matter in so new a club. One meeting of the club has been arranged by the Home Economics committee, of which Mrs. H. D. Walker is chairman, a class in First Aid has been instituted, and the committee has secured a library of works in Home Economics, which members may use under conditions similar to circulating libraries. The Music committee, Mrs. W. M. Leonard, chairman, has planned the program for one afternoon and the social committee has provided ushers and attended to the serving of tea. The club has contributed \$25 to the Women's Association of Newton Highlands.

Mrs. L. Palmer, of the Newton Federation, and Mrs. Herbert J. Gurney, president of the State Federation, were guests of honor and both made brief remarks, congratulating the club upon its achievements of the first few months. Mrs. Gurney spoke of the evolution of the club and the club woman, pointing out the very many changes which have taken place in the course of years. On account of war conditions the social tea was omitted, although Mrs. Gurney remained to meet the members at the close of the business. The officers elected for the ensuing year are: President, Mrs. C. G. Wetherbee; first vice-president, Mrs. Arthur S. Williams; second vice-president, Dr. Carl Y. W. Palmer; recording secretary, Mrs. D. D. McKay; corresponding secretary, Mrs. W. C. B. Robbins; treasurer, Mrs. Arthur R. Logan; auditor, Miss Mable Singleton; directors for two years, Mrs. A. L. Pratt, Mrs. Frederick Badger; for one year, Mrs. S. L. Eaton, Mrs. E. G. Swift.

The Newton Parliamentary Law Club closed its season's study with the meeting on Tuesday morning. At the annual meeting the following named persons were elected as officers for the ensuing year: President, Mrs. E. P. Leonard; vice-presidents, Mrs. Edward J. Cox, Mrs. Sidney Peterson, Miss Ellie Needham; secretary, Mrs. E. E. Wakefield, Jr.; treasurer, Mrs. Willard D. Tripp; auditor, Miss Minnie R. Wheeler; members of the Newton Federation committee, Mrs. H. J. Cox, social service, Mrs. H. G. Phelps, education, Mrs. Franklin B. Smith, nominating, Mrs. Willard S. Higgins. Delegate to the Newton Federation executive board, Miss Minnie R. Wheeler, with Mrs. W. S. Higgins as alternate. The club devotes itself to the study and practice of its chosen subject and on its philanthropic work through the Newton Federation.

On Wednesday afternoon the Social Science Club met in the Hunnewell Club for the annual meeting. After routine business tributes to the memory of Mrs. H. W. Wellington, one of the founders and first president of the club whose death occurred recently, were paid by Mrs. Walcott Calkins and Mrs. Fred H. Tucker. For the first year all the meetings were held in Mrs. Wellington's home. It was to her vision that the Nonantum Vacation School had its origin, the first industrial vacation school in this country. The reports told of much good work well done, personal service, as well as generous contributions to many objects. These gifts total to something over \$1,000 divided somewhat as follows: Stearns School Center, \$250; Newton Hospital, \$100; Hampton Scholarship, \$70; Newton Welfare Bureau, \$25; West Newton Music School, \$25; School Gardens, \$15; \$15 each to the French Relief and to the Surgical Dressings associations; \$10 to the Massachusetts Child Labor Committee; \$75 towards the salary of Albert McDonald; \$100 for French War Relief; \$100 for the French children; \$100 for the Armenian and Syrian Fund; and something over \$100 for the Belgian children. The club was fortunate in having a large sinking fund from which \$275 has been drawn, about \$500 was contributed for the regular philanthropic work, while the rest have been the voluntary gifts of members. Mrs. F. E. Stanley and Mrs. W. M. Mitchell were elected delegates to the annual meeting.

Ward's, 57-61 Franklin street, Boston, has always been recognized as authorities on correct forms of engraving social stationery.

**POOR ADVERTISING**

Taking note of the attractive calendars given away by one of our banks last December, I inquired of the cashier what they cost. He told me they were giving away 700 calendars and that each calendar cost 26 cents. I made the same inquiry at our other two banks and was told that one had ordered 400 calendars for free distribution. The average cost of the calendars given away by the three banks was 34 cents.

In making a local mention of the calendars given away by the banks it occurred to me I had better make the item complete and include all the firms in Cadiz that were giving away calendars. This I did and was astounded to learn that some of the business houses were giving away as many as 1,200 calendars, others 1,000 and quite a number had given away from 100 to 500. The average cost I found to be about 12 cents, although many firms had given away calendars that cost as much as 58 cents each. The flooring mill gave away 100 calendars that cost 75 cents each, as well as 1,000 smaller ones that cost 22 cents each.

**An Enormous Waste**

My totals showed that Cadiz business firms had given away 9,000 calendars, an average of four or one-half calendars to each resident of the town. Of course many were given to customers living outside of Cadiz. These calendars cost in excess of \$1,000. And some of the firms that gave away about \$50 in calendars never spent a cent for newspaper advertising.

This interested me, so I continued my investigation as to the number of calendars given away by business firms in this county outside of Cadiz. This increased the number of free calendars to over 15,000, costing about \$1,000. The population of the county is only 20,000, so it would appear that three out of every four men, women and children in the country received a calendar.

In collecting material for my calendar article I found out some facts that ought to discourage merchants from this sort of thing. One bank cashier told me that five of their thirty-six calendars went to a family that never had a cent on deposit in the bank. Different members of the family asked for them because they had four different styles or pictures.

I found that some of the largest business houses had discontinued the practice, having learned by experience it was the most expensive kind of advertising known.

**Proof of the Pudding**

Testing the comparative merits of advertising through the newspapers and advertising with calendars, I asked ten people the name on the calendar they had made use of during 1916. Only one person answered without any hesitation. Seven out of the ten couldn't tell what firm's advertisement appeared on the calendar. Five stated they remembered getting calendars from several firms, but couldn't tell which firm's calendar they used.

### NEWTON OPERA HOUSE

Shirley Mason in "Passion," with George Le Guere, is the next of the group of Melure Pictures, Seven Deadly Sins. It will be shown by Manager Fisher at the Newton Opera House next Wednesday and Thursday.

"Passion" is a five-reel drama with settings in Madison Square Garden, Coney Island and other interesting spots. It is the story of a girl who falls in love at first sight with a strong, handsome man, a drama showing that mental force, not physical force, always will triumph in the end. In the supporting cast are George Le Guere, Clifford Bruce, Ruby Hoffman, Bigelow Cooper, Mabel Strickland, Edith Wright and Edmund Dalby.

The drama is unusual in settings and plot.

Knights Templars of Joseph Warren Commandery, K. T., of Roxbury were entertained Tuesday evening by Gethsemane Commandery at the Masonic Building, Newtonville. The visitors were given a banquet at which there was a complimentary exchange of songs and cheers.

The formal reception took place at 8. Gethsemane drill corps in command of Adjt. Billings, preceded that of Joseph Warren, with Adjt. Godfrey, both forming an escort for the Roxbury command.

Eminent Commander Dale expressed his appreciation of the large number in the ranks of the visitors, and his wish, as well as all in Gethsemane that the fraternal exchanges of greetings would come often. The visiting commander voiced the thanks of those in his organization for the generous display of hospitality which he considered second nature to the Newton Templars.

A Gethsemane lady's badge of gold was presented to Commander Dodd to be conveyed to Mrs. Dodd with the compliments of the local commandery.

**SHUBERT THEATRE**—"The Woman Thou Gavest Me" is an undoubted success at the Shubert Theatre, Boston, where audiences that have taxed the capacity of the beautiful playhouse have been present at each performance throughout the past three weeks. The fourth big week begins next Monday, April 30th.

And these were not only "present," but enthusiastically so. The latest Hall Caine play makes its appeal so directly to women that they respond with every mark of their sympathetic appreciation—laughter, tears, applause; and even more eloquent—that alert, intense and almost wondering fascination which is seen by the actors from behind the footlights only when the deepest emotions of an audience are stirred tumultuously. The huge preponderance of women in the make-up of the audiences at the Shubert give evidence, by no means mute, of what this play means to them, and may also account to a few marvelling males for the extraordinary marks of interest and enthusiasm on the part of their women folks.

A very successful whist and dancing party was held under the auspices of Clafin Guard Veteran Corps on Wednesday evening in Dennison Hall, Newtonville. The whist party was under the direction of Mr. Walter E. Carlar, assisted by Mr. Daniel McCarra, John F. Gallagher and James J. Lynch. The game was from 8 until 10.30, and the prizes were awarded to Mrs. W. J. Hannon, Miss Ruth Hansen, Mrs. J. J. Davis and Miss Coleman, and Messrs. James White, Sidney Chant, G. H. Bennett, Harold Morrissey, Edward Morrissey and William Coughlin.

Dancing was in charge of Mr. James Sennott assisted by Messrs. Frank Costa, and Albert H. Randall.

King's Orchestra was in attendance and furnished the usual excellent program of up-to-date music.

This pleasant affair was under the direction of Commander A. L. Moriarty and Daniel T. Sullivan, William Scott and John F. Sullivan.

**PATRIOTIC MEETING FOR YOUNG PEOPLE**

A mass meeting for the young people of this Newton and Nonantum will be held Saturday morning at 9.30 o'clock in the Bigelow School.

Mayor Childs and several other speakers will tell of the various activities open to young people, by which they can help win the war and do their bit.

A chance will be given afterwards to give in one's name as wishing to take up any one of these kinds of work.

Come and see what YOU can best do.

**CITY HALL**

City Forester William W. Colton has started the work of plowing up vacant land for home gardens. The firemen at the Newtonville station have agreed to cultivate the strip of land on both sides of the engine house, using a part of their time off in this work. All the members of the Fire Department in the city have agreed to till the soil, and land close to their respective headquarters is being sought.

**DEATH OF DR. POMEROY**

Dr. H. Sterling Pomeroy, a resident of this city for six years died last Friday night at his home on Grove street, Auburndale.

He was born at Somers, Conn. sixty-nine years ago, and following graduation from Yale in 1872, he attended the Yale Medical School and then studied abroad, winning a degree from the University of Leipzig in 1885. He also studied at Prague and practised on the continent before returning to this country in 1886.

He started practice in the Back Bay and at various times had offices on Newbury, Beacon and Boylston streets. He became a specialist in the treatment of alcoholism and of nervous diseases. Yale conferred on Dr. Pomeroy the honorary degree of M. A. because of the excellence of his literary work. He was a member of the Massachusetts Medical Society, Boston Medical Library Association and the University, Yale and Congregational clubs. He was at different times deacon of the Central Congregational Church of Boston, and of the Auburndale Congregational Church.

Besides his widow, there survive him two sons, Kenneth and Norman, and two daughters, Mrs. G. Anthony Hall and Miss Dorothy Pomeroy.

Funeral services were held Tuesday afternoon in the Congregational Church, the pastor, Rev. Dr. William C. Gordon officiating and the interment was at Somers, Conn.

**MAJESTIC THEATRE**—One of the most remarkable plays in many seasons, Richard Walton Tully's spectacular drama about Mexico "The Flame," will begin its second week at the Majestic Theatre, Boston, the week commencing Monday, April 30th. Tully's previous plays, especially "The Bird of Paradise" and "Omar, the Tent-maker," have endeared themselves to millions of theatregoers throughout America, all of whom will be glad to learn that in his latest work, "The Flame," Tully has surpassed all his former efforts. Here is a play of love and motherhood that sends its buoyant message home to the hearts of every man and woman who likes romance and beauty and hope. In the are of weaving dramatic love stories Tully has no superior among American playwrights. The superb original company will be brought here intact.

## CHILDREN'S PARTY

About 100 children assembled in Temple Hall Saturday afternoon, where a very delightful dancing party was given under the direction of Mrs. J. L. Atwood of the Ladies' Aid Society of the First Universalist Church. The grand march was led by Albert Jerauld as "Uncle Sam," and Mollie Westcott as "Columbia," and both children wore appropriate costumes of red, white and blue.

An exhibition of fancy dancing by pupils of Miss Ruth Allen of Auburn-dale was among the interesting features of the party; also by little Miss Foster, a pupil of Mrs. Whidden of

Waltham. The music was furnished by Knight's Orchestra. There was a large attendance of parents and friends of the children, and the affair was a great success.

## PLAYGROUND DEPARTMENT

### Listing of Lands

A number of cards have been sent out in regard to available land and desire to plant. Anyone who has not received such a card, or has mislaid it and wishes to use it, will find in another part of this paper a blank which they are urged to cut out and mail at once to Miss Margaret E. Rich, room 2, Central Block, Newtonville, Mass. All the cards and slips will be distributed from her office to the several improvement associations in which the land is located or where the applicant resides.

### Planting Bulletin

A condensed and very excellent and useful planting bulletin has been prepared for the committee by Mr. Horace W. Hall. This is in shorter and more convenient form and more adapted to use in Newton than the publications of the State or government. These have been printed and will be furnished by the committee to the village improvement societies in such numbers as they can use to advantage. Anyone proposing to have a garden should apply to his local association for a copy of this bulletin.

### Preventing Theft

The committee proposes to do all in its power to prevent theft from gardens in this city. A special trespass notice will be prepared and furnished to gardeners. Furthermore, the Committee, with the hearty co-operation of the police, will prosecute cases of theft from gardens and invites the assistance of all good citizens in this work. He is a mean man who would steal the fruits of another's patriotic labors and if caught may expect no mercy in Newton this year.

### General Directions

The Committee on Food Production and Conservation strongly urges all those interested to communicate in the first instance with their local improvement associations. It desires for the associations and for itself volunteers who are practical gardeners who will be willing to advise their neighbors as to the best methods of planting and cultivation. All such who can make a little time will be doing a patriotic work by offering their services.

The secretary of the committee is Miss Margaret E. Rich. Her office is room 2, Central Block, Newtonville, Mass., and her telephone number is Newton North 2381. If the desired information cannot be obtained from the local associations, communicate with Miss Rich.

The Newton Committee on Public Safety, besides being the first organization in the State to recruit its local company in the National Guard to War strength, was also the first to file at the State House its unit to the State Guard. Gen. James G. White, chairman of the Recruiting Committee filed the list bearing seventy signatures of residents willing to serve the State in the same capacity of the National Guard the day after the order was passed.

The minimum number allowed to a company was sixty men, but if the present enthusiasm is any criterion, Newton will have a available for the discretion of the Governor in case of trouble, at least two companies of sixty men each, and possibly a battalion made up of 240 men and seventeen officers.

Before the unit could be filed at the State House it was necessary to secure the signature of the Mayor, the Mayor and the members of the Board of Aldermen, and Gen. White in order that Newton's unit would be at the disposal of the State at the earliest possible moment, secured the signatures by visiting each home of the members of the City Government.

Brig. Gen. Samuel D. Parker, Inspector General of the State Guard made an official visit to Newton on Tuesday night and inspected the local guard. He was very much pleased with the work of the 88 men on the floor and also Capt. John C. DeMille, who is commander of the company.

The State Guard is now practically out of the hands of the local committee and under the direction of the State. It is expected that the necessary equipment will be on hand within a short time. All the endeavors of the Recruiting Committee will now be centered in perfecting the City Guard.

Capt. Cormerais, in order that the training in the eight distinct units will be uniform, has prepared a manual, and the non-commissioned officers of Company C, who have been detailed as drill masters, will follow out these instructions to the letter. Interest in the work in the various sections has not relaxed a mite the past week, in fact, many have been materially increased in membership.

Newton Centre and the Newton Highlands and Upper Falls units are each made up of 164 men. Newtonville has drilling weekly 127 men, Waban 15, Auburndale and Lower Falls 93, West Newton 81, Newton 87 and Chestnut Hill 13, making a grand total of 834.

Three meetings in the interest of the Public Safety work were held Tuesday night. A new unit to the City Guard was formed by residents in the Thompsonville Section and Col. Cobb defined the duties incumbent upon those desirous of doing their share for the safety of the city and nation. In the Burr School at Auburndale, William F. Garcelon, chairman of the committee, Mrs. Irving O. Palmer, a member of the committee on Co-ordination of Aid Societies, and Alfred MacDonald of the Conservation and Food committee were the speakers. Another meeting was held in Newton Highlands at which the speakers were Mr. Garcelon and Mr. MacDonald and Mrs. Mitchell, chairman of the Co-ordination of Aid Societies committee.

## THE NEWTON CIRCLE

The Newton Circle will hold its Annual Meeting with Mrs. J. T. Lodge, 333 Commonwealth avenue, Boston, on Friday, April 27th, at 3.30 P. M.

Judge Kennedy of the West Newton Court will speak. Subject: Our Work with the Court and its Future Possibilities.

Tea will be served and it is hoped all interested will be present.

## EQUAL SUFFRAGE NOT IS

In accepting the services offered by the Executive Council of the National American Woman Suffrage Association, the Secretary of War expressed his pleasure that the women were going to stress the elimination of waste problem.

In every discussion of preparedness, whether for peace or war, one point has gained undoubted prominence; namely, that in this country there is a marked failure to utilize both our material and our human wealth to the best advantage, and if the nation is to measure up to its full strength, a campaign for the elimination of waste in all parts of the national life is imperative. Though much of the waste in this country is due to ignorance, the great cause is the failure to recognize the value and beauty of thrift.

The object of this Thrift Committee, then, is two-fold: 1st, to emphasize, through education, the virtue of economy, and, 2nd, to suggest definite methods of eliminating waste.

(From New York Tribune)

It is hard to realize the utter overturn of British political thought which has now been recorded in the House of Commons. Less than three years of war, a brief hour in the lifetime of a nation, have served to destroy the deep-rooted prejudices of generations. The opposition to woman's suffrage has, in effect, collapsed. The uphill fight turns suddenly to sweeping victory.

It is revolution, a peaceful revolution, and nothing less, that we witness. And it comes, as did the Russian revolution, as a direct consequence of the greatest and most terrible of wars.

Even for Americans still afar from the war it is impossible to feel the splendor of this latest victory. It was won by the women of England on the battlefield—literally, for the modern war of nations is waged quite as desperately at the forge and lathe as in the trenches.

The revolution progresses more slowly in peaceful America. Yet it is impossible not to feel the gathering weight of its advance. When all parties and candidates adopted the cause in the last Presidential election, the end came into view. Since then State after State has fallen into line—Ohio, Indiana, Michigan on the road. The women of New York can face the record in this State with November with every confidence. It surely will not be said of America that she lagged far behind the rest of the world in recognizing the rights and liberties of women.

The eleven full suffrage states in the 45 years of effort up to the opening of the present year, had not achieved as many votes as have been added to the suffrage since the month of November, 1917. The total woman vote of 1916 has received a 62 per cent increase since January 1st.

Paris, France.—French women will be admitted to municipal suffrage after the war. The Parliamentary Committee on Universal Suffrage recently received a delegation from the Union pour le Suffrage des Femmes on the bill, the object of which is to confer franchise and eligibility on women in municipal elections. After a discussion the committee pronounced itself in favor, and it instructed M. Pierre E. Flandin, the reporter of the bill, to draw up an amendment fixing an age limit, so that after the war the man and woman electorate shall be equalized. It decided that women could not perform the functions of senatorial delegates.

The committee made an exhaustive inquiry into the results of woman suffrage in other countries, and before the war broke out it had published in a bulky volume the results of its investigation—results almost wholly favorable. The committee recommended that full suffrage should be given to women ultimately, and municipal suffrage immediately.

Springfield, Mass.—At the last meeting of the Suffragists of precinct C, ward 5, Mrs. Claude U. Gilson of Boston, State Suffrage Organizer, spoke to an enthusiastic audience.

When asked what women would do with the vote, Mrs. Gilson said that if men were asked such a question they would think it their right to do just what they pleased with it. As a rule, however, Mrs. Gilson believes that women do not desire to hold office, but rather to carry their homemaking outside the home, to work along civic and philanthropic lines and to be better able to look after the health and welfare of other women and children.

The organization which she hopes to bring about is to enable women to work together not only for suffrage, but along every line in which good can be accomplished. Mrs. Gilson spoke of some of the abuses which women have seen in the past and been powerless to remedy, mentioning, among others, the situation in New Jersey at the time when President Wilson was first Governor. There was no kind of reformatory for delinquent women in the state at that period, and the conditions existing were abominable. Every good citizen felt the need of a reformatory, but after the bill for one had been passed no money was appropriated on account of the influence of one of the saloon owners. It is facts like these which make it necessary for women to have the vote.

The Executive Board of the Massachusetts Woman Suffrage Association has voted to cooperate with the National Woman Suffrage Association to aid in every way possible in the present war crisis. A suffrage agricultural committee is to be appointed immediately to train women for agricultural work and to form farm and vacant lot clubs throughout the state. A suffrage thrift committee will also be appointed and will conduct a campaign for the elimination of waste. Both of these committees will be in close touch with the department of agriculture.

Plans for bringing suffragists together for constructive national service have gone forward with despatch and thoroughness since the Executive Council of the National Suffrage Association made its offer of such service to the President and the government.

A feature of the National's plan is its equal applicability in peace or war. To this hour suffragists are praying for peace, but day by day

they are mobilizing in ever increasing numbers to back up their country's need, whether peace stay or war come.

Their plans are now formulated. "Department of Suffrage Agriculture" and the "Suffrage Thrift Division," for the elimination of waste, are the two main divisions into which the work is grouping. Mrs. Henry Wade Rogers, Treasurer of the National Association, is chairman of the Department of Suffrage Agriculture; and Mrs. Walter McNab Miller, First Vice-President, is chairman of the Suffrage Thrift Division.

Members of both committees have waited upon the Secretary of Agriculture, and he has endorsed the suffrage plan as being as good for peace as for war, and promised the hearty co-operation of the Department of Agriculture. The National Association is now issuing a nation-wide appeal to suffragists through their State presidents and State executive boards to spread the knowledge that the National Suffrage Association desires to enlist the help of all women whose opportunities permit, for increasing the national food supply by gardening and farming and the elimination of waste.

A big demonstration was held in Petrograd last Sunday in favor of women voting at the elections for a Constitutional Assembly, according to a Reuter Dispatch from Petrograd. From the Springfield Republic.

The Indiana law granting women the presidential franchise seems so important as an incident in the long battle for woman suffrage in this country that it can be fairly characterized as the beginning of the end. With the three great middle western States of Illinois, Indiana and Ohio allowing women to vote for President, in addition to the 12 equal suffrage States beyond the Mississippi River, it is politically impossible for the eastern States to hold out very much longer. It would not be surprising if, before the presidential election of 1920, several of the Atlantic coast States followed the example of Illinois, Ohio and Indiana; for, with 15 States now permitting women to vote for President, the political pressure for uniformity throughout the country in this important matter is sure to become a factor in the situation.

The women suffrage States now cast 135 electoral votes, and the number must grow rather than diminish. In the absence of the federal amendment to the constitution, substantially all the States, except those of the South, are sure to fall into line simply because the push from the West has become too powerful to resist. Wherever the presidential suffrage is granted, extension to women of the voting privilege to cover all public officers is sure to follow in due season.

## TECHNICAL HIGH SCHOOL

The Boys' and Girls' Glee Clubs and the Orchestra of the Newton Technical High School are to give a concert at the Technical High School Hall on Friday evening, May 4. It is the first time that a concert has been given by the combined musical clubs and an attractive program has been arranged. The concert will be followed by dancing. The proceeds are to be used to provide musical scholarships for pupils of the school. It is hoped that quite a number of students may thus be assisted in their musical training.

PLYMOUTH THEATRE—Unvarying capacity audiences have been the rule at the Plymouth Theatre to see Guy Bates Post in "The Masquerader," and the second month of Richard Walling's high successful production will have been rounded out with the present week. No drama of the season has met with more widespread popularity than this gripping melodrama of thrills and mystery, while it is universally admitted that no performance of the season has surpassed that of Post in his difficult dual role. Mr. Walling has provided an elaborate and ingenious production, as well as a splendid supporting cast. Persons arriving late are apt to miss the novel and effective fog scene which serves as a prologue to the play and proves in every respect. The third month of this remarkable run begins next Monday. This attraction will soon break the record of several years in Boston for the run of a dramatic play. Matinees at this Theatre are given on Thursday and Saturdays.

WILBUR THEATRE—One of those smart farces that has animation for its chief ingredient and plenty of brisk and humorous dialogue and situations through its three acts is "His Bridal Night," in which the indistinguishable Dolly Sisters, Yansci and Rozsika, are co-stars at Ye Wilbur Theatre, where the fourth week of profitable attendance is promised by a heavy advance sale. Boston playgoers will find it just as entertaining and refreshing as did the New York and Chicago lovers of farcical entertainments, who permitted it to remain among them for a considerable period. The yarn spun around the duo of twin sisters is one of those mix-up problems of mistaken identity in which the Dollys fit to the best advantage, owing to their wonderful similarity in looks and figures. Many exhibitions of the terpsichorean skill are given during the course of the performance, with lavishly beautiful gowns and costumes as a special feature of the various numbers.

TREMONT THEATRE—Next Monday the Cohan and Harris Comedians will begin the eighth week of the engagement in Boston at the Tremont Theatre of "A Tailor-Made Man." Not in years has there appeared a play that evoked such profound enthusiasm and praise as has been bestowed upon this veritable gem of comedy construction; and seldom has the press of Boston agreed with such unanimity upon the excellence of the players as they have done in their laudations of the histrionic artistry of the Cohan and Harris Comedians who give life and vitality to this humorously absorbing play now. "A Tailor-Made Man" is from the pen of Harry James Smith and an example of a genuine American comedy that appeals with a surety characteristic demands of an energetic American mind. It is a big red blooded exposition of what a man of wits can do in a country that is receptive to the value of grit and perspicacity.

## NEWTON FIRES THE FIRST SHOT

Lieutenant Bruce R. Ware of the Mongolia, formerly of Newton and graduate of the Newton Schools, fired the shot which hit the periscope at 1000-yard range and sunk the German sub-marine. Captain Rice of the Mongolia which arrived at a British port gave a graphic description of how the Mongolia had fired the first gun of the war for the United States and sunk the U-boat, and when Col. Theodore Roosevelt received the news at Oyster Bay he was greatly rejoiced, and congratulated the captain, gunners, and all the crew of the Mongolia. He said "Thank Heaven, some Americans have at last been gun to hit. We have been altogether too long purely at the receiving end of this war Germany has waged on us."

## MORE NEWTON FOLK JOIN "CALIBAN"

Newton's representation in Greater Boston's gigantic Red Cross Benefit masque, "Caliban; By The Yellow Sands," continues to grow, and during the past few days no less than a dozen names were added to the list of those who are to perform in the Spanish dances of "Caliban." **PACKING THE JURY FOR THE CONVENTION**

(Written for the Boston Herald)  
The case of the People of Massachusetts vs. the Compulsory Initiative and Referendum was next on the docket in the Court of the Constitutional Convention, Mr. Justice Public Opinion presiding.

The Court—What is the charge, Mr. Voter?

Atty-Gen. Voter—An attempt to destroy the system of representative democracy which for 137 years has been the bulwark of political and religious liberty in this Commonwealth. It is a capital offense, your honor.

The Court—Very well, Mr. Voter. Let the jury be empaneled.

The Clerk—Mr. Candidate for Delegate to the Constitutional Convention.

The Court—Mr. Candidate, have you formed an opinion with reference to the guilt or innocence of this defendant?

A—I have, your honor.

Q—Is it an opinion that would prevent you from rendering a verdict solely upon the evidence presented in this court?

A—It is, your honor.

Q—You mean that you would hold to the opinion you have formed even though the weight of the evidence presented here might be against it?

A—Yes, your honor, I am pledged to find in favor of the Compulsory Initiative and Referendum no matter what evidence may be produced against it in the Court of the Constitutional Convention.

The Court—You are totally unfit, sir, to sit upon this jury. You may step down.

Atty-Gen. Voter—Just a moment, your honor. May I ask the juror a question?

The Court—Certainly.

Atty-Gen. Voter—Mr. Candidate, you say you are pledged to find for the Initiative and Referendum regardless of the evidence?

A—Yes, sir.

Q—Do you know of others seeking places on this jury who are likewise pledged?

A—Yes, sir.

Q—Now, sir, to whom are you pledged?

A—To the Union for a Progressive Convention, sir. They told us that unless we pledged ourselves to find for the Initiative and Referendum, regardless of any evidence that might be produced in this court, we would not be allowed to sit on this jury.

Atty-Gen. Voter—That will do, Mr. Candidate. Your honor, we have here, it seems to me, evidence of a very grave offense—a conspiracy to pack the jury which is to try this case upon which the life of our system of government may depend. I shall ask, your honor, for warrants for the arrest of these jurors and the gentlemen who sought to influence their verdict.

Atty. Political Demagog—I protest, your honor. The Union for a Progressive Convention represents the people and has a perfect right to—

The Court—Who appointed them the people's representatives?

Atty. Demagog—Why—why—your honor, the people appointed them.

The Court—Self-appointed representatives of the people, aren't they?

Atty. Demagog—In a sense, your honor.

The Court—Sit down, Mr. Demagog. No self-appointed representatives of the people can tamper with justice in this court. Mr. Attorney-General, your request will be granted. Meanwhile, see that new jurors are summoned forthwith. The jury empaneled to try this case must be a jury of open-minded, independent men, men who will have a strict regard for the rights of the people and will render a verdict in accord with their honest judgment of the evidence here presented.

**WOMEN'S CLUBS**

MISS GRACE M. BURT, Editor.

The following report of the Housing Fund Committee of the Newton-Woman's Guild was made last week by Mrs. C. D. Kepner, the chairman:

**The Tale of the House the Guild Built**  
(With apologies to several friends of our childhood.)

This is the House the Guild built—

A structure of dreams, altruistic and sweet,

A community house where all Newton should meet,

Walls, cemented by friendship, pillar'd by faith,

And our architect's now an invisible

For he planned, and he planned, and he planned,

This wonderful house that the Guild built.

Land to the right of us, land to the left of us,

Land before and behind us, we questioned and pondered

While from circle to circle, like agents we wandered.

But what woman has done, woman surely may do,

So we asked Mrs. Whitton to prove this was true.

And she told us of Dorchester's splendid success

And the beautiful house that their club built.

So we brought in our ducats, our dollars, and dimes,

And the ways that we earned them we told you in rhyme.

Almost eight hundred dollars at interest lie,

One fifty (\$150) and more our food sales laid by.

But along came our tyrant, mere masterful man.

Who claimed we had made an impractical plan.

"Our home and our purse and our Club House should be

The slogan of conjugal bliss," so quoth he.

"Now show us your money and then you shall see

How much finer a Club House our Club builds."

So we chose as a leader whom too we call "Mann"

And from midnight to sunrise her wise brain did plan

A "country fair" show, with so much to exhibit.

And every attraction, our laws can't prohibit.

With tables of this thing and tables of that.

With a prize for your rabbit, your dog, or your cat.

With music and dancing, and surely a feed

Think! Most four hundred women to help her, agreed!

So she planned, and she planned, and she planned, and she planned

To make cash for the house that the Guild built.

But, alas, came the time when grim war clouds did lower,

And we watched for their breaking from hour to hour.

And behind them this army in dire array—

The Metropolitan Chapter of the Red Cross Society, the Special Aid Society for American Preparedness, the Newton Committee on Public Safety, the Soldiers' Aid and the Navy League, the Surgical Dressings Committee of the Woman's Department National Civic Federation, the New England Branch of the American Fund for French Wounded, the Young Men's Christian Association work in the Army and Navy, the Council of the National Defense, the Woman's Auxiliary of the Mass. Department Navy League of the U. S., Society to Eliminate Waste, the Red Cross courses in First Aid, Home Nursing, Emergency Cooking, courses in Economic cooking, and Farming, and the First Aid in Emergency Relief of the Newton Welfare Bureau—All attacking the House that the Guild built.

"Halt!" the dust brown ranks stood fast.

"Fire!" out blazed the rifle blast.

They shivered over structure, pane and sash.

They rent our dream with seam and gash.

But quick 'ere they wrecked us from cellar to roof,

We snatched and we bring you, three relics, bomb-proof.

One is friendship which widened and grew with the year,

One is interest in others, who need our good cheer,

One is loyalty—"greatest of all"—is not brag.

To our Club—to our City, but most to our Flag!

So we ask for the truth as we wake from our dream.

What a wholly a failure, this Housing Fund Scheme.

This poor, little House that the Guild built?

**FIRE PREVENTION, AND THE HIGH COST OF LIVING**

Vast Quantities of Grain and Other Staples Go Up in the Smoke of Unnecessary Fires

Few people realize how directly the much discussed "High Cost of Living" is influenced by America's excessive fire waste. A recent nationwide analysis of fires and fire causes has shown enormous destruction of common staples. Single fires in elevators and mills frequently consume the equivalent of a living for a small army of people. For example, a recent blaze in an Illinois elevator rendered 700,000 bushels of corn unfit for human food, and also destroyed 300,000 bushels of oats.

Grain elevators, flour, cereal, grist and feed mills present well known elements of fire hazard in that they are subject to explosions of the highly explosive dust that results from handling or milling grain. These disasters also cost many lives; a dust explosion in a Buffalo mill, in 1913, resulted in over thirty fatalities. A short time ago the United States Department of Agriculture made a study of the frequent explosions in grain separators in the Big Bend country of the North-west, and found that in the height of the season these reached from six to ten a day, the flame from such explosions in a large number of cases spreading into the surrounding grain with destructive results.

# AN APPEAL TO PATRIOTIC SERVICE, BY CONGRESSMAN WILLIAM H. CARTER

Our country is now at war and while every citizen cannot render patriotic service in the actual conflict, every citizen can be of material assistance to his country in some way.

The National Government has appealed to the various states, and Massachusetts has been called upon to produce a maximum amount of food products this year.

In this emergency now upon us nothing is of more importance than the greatest amount of food production.

The person who raises fruit or vegetables, eggs, or milk, is performing a patriotic duty even if he provides for his own family.

Not only can every farmer respond to this appeal by working with more care and energy by raising bigger crops, but every citizen can help in this great work.

The men and women, as well as the boys and girls of a community, are called upon at this time to plant gardens on unused spots of grounds, and everybody is called upon to help in the raising of staple articles of food.

The co-operation of farmers, merchants, bankers, school teachers, selectmen and city governments is urged.

Men who are now engaged in factories should devote some time each day, either before or after work, in a small garden.

I would suggest that every town see that all vacant lots and parcels of ground in the towns are utilized and planted and not let them run to waste and weeds.

This country today is facing one of the worst food shortages ever known.

I do not think that the time will come when we will be short of men on the firing line, but unless immediate action is taken we will be short of food stuffs for these men.

Two millions of soldiers on a firing line would not assure us of a victory unless they are fed.

It has just been estimated here in Washington on April 1st, by the Department of Agriculture that the supply of winter wheat will only be 430,000,000 of bushels this year, when the estimates at this time should show 650,000,000 bushels.

It is too early to forecast the Spring wheat, but it is a well known fact that it is going to fall short of last year.

Where is all the food in this country coming from unless our citizens start immediately and plant their own gardens? There is not only a shortage of food in this country, but in the whole world as well.

Nations representing more than 500,000,000 people are at war and we must help to feed them.

I am very anxious that the Thirteenth District of Massachusetts should be the banner district of the State in this great work for our country, and I want to co-operate in every possible way with the Committees on Public Safety to make it so.

I have just arranged with the Department of Agriculture to send to the Chairman of each committee on Food Production in my district two attractive farmer's bulletins on the home vegetable garden.

These bulletins have been carefully prepared by experts and contain some very valuable information. I have requested these committees to furnish the bulletins upon request, and if you cannot get them from the committee I will gladly mail you a copy.

**LEAGUE FOR NEWTON HOSPITAL SOCIAL SERVICE**

Return postal cards explaining this campaign are being mailed to the residents of all the Newtons. You can help this good work by filling yours in with your name and address and returning it at once. A large bag will then be sent you for loose papers. Tie up your magazines and newspapers, please. Trucks will call and collect papers very soon, and in May and June also. DO NOT THROW AWAY YOUR PAPERS.

If you have already sold your papers, why not send a check for the amount received to Mrs. Clinton B. Willey, Treasurer, 197 Linwood avenue, Newtonville? You would have spent at least as much at the May Breakfast. A bag will be sent you for future use.

Business men who can lend a truck for half a day or more a month, please communicate at once with your local chairman. Your assistance will be greatly appreciated.

The following chairmen have been appointed:

Newton: Mrs. Ralph W. Angier, 322 Franklin street.

Newtonville: Miss Mary Rolfe, 49 Clyde street.

West Newton: Mrs. Philip W. Carter, 16 Balaire road.

Newton Centre: Miss Maida Landers, 12 Lake terrace.

Newton Highlands: Miss Marjorie Shumway, 29 Bowdoin street.

Newton Upper Falls: Miss Florence Colby, 51 Waldorf street.

Waban: Miss Jessie Gould, 1704 Beacon street.

Auburndale: Miss Laura S. Drost, 228 Central street.

**REAL ESTATE**

Edmunds & Byfield, 392 Centre street, Newton, and 41 Union street, Newton Centre, report the sale of the property No. 148 Church street, Newton, for Herbert S. Potter, Trustee, to Dr. Warren W. Marston of Newton, who buys for occupancy after extensive alterations. Property is taxed for \$8500, of which \$2000 is on the 11,000 square feet of land.

**TWELVE THINGS TO REMEMBER**

The value of time.

The success of perseverance.

The pleasure of working.

The dignity of simplicity.

The worth of character.

The power of kindness.

The influence of example.

The obligation of duty.

The wisdom of economy.

The virtue of patience.

The improvement of talent.

The joy of originating.

## SPECIAL AID NOTES

Hunnewell Club will be the official headquarters for the Newton Branch of Special Aid Society for American Preparedness, and will be open every morning except Saturday and Sunday, from ten to twelve o'clock, beginning Monday, April twenty-three, for registration, and other official business.

Channing Church will be headquarters for work. Knitting, sewing, and the various activities undertaken by the Special Aid, will be done there under careful supervision.

The church will be open for work every day except Saturday and Sunday from nine A. M. to five P. M., beginning Monday, April twenty-three.

Workers are needed at once for cutting and sewing articles of comfort for the Marine Hospital in Chelsea, which is the first base hospital for the Navy.

The Work Committee is jubilant over the fact that the hurry call for sweaters, socks, and comfort bags, twenty-five of each, was promptly answered, and the full quota delivered Saturday at the appointed time.
